CHRIST THE KING SCHOOL

The philosophy of education at Christ the King School is to educate the whole child: mind, body, and spirit. Students learn best when they feel safe and happy, so our rigorous academic program is supported by a nurturing environment that values collaboration, inclusion, and a tailored approach to instruction. Whether a child enters the classroom needing extra help, acceleration, or is meeting benchmarks on schedule—our goal is to take each child from where they are, to their next level.
