This spring and fall UVM achieved milestones that attest to academic excellence and the quality of the student experience. In May, we had our highest-ever graduation rate, a measure of the percentage of students who graduate within six years of their UVM enrollment. Far above the national average of 57 percent at public doctoral universities, we posted a 76.3 percent overall graduation rate. For Vermonters it was an even more impressive 80.4 percent.

September brought new UVM milestones that tell the same story of academic quality and student achievement. On top of a strong overall first-to-second-year retention rate of 86.9 percent, we have record retention of Vermont students—91 percent. No outcome of the effort and treasure students and families put into college today outranks our students crossing the finish line degree in hand, and these retention rates augur strongly for continuing increases in the record graduation rates we achieved this spring.

Recent enrollment statistics also show great strides in building a more diverse community, an indispensable element of academic excellence. Increasingly, UVM students have the deeply enriching experience of being paired with a roommate of a different ethnic or racial background or from another country. This fall at UVM overall enrollment of ALANA (African-American, Latino/Latina, Asian-American, Native American, and multi-racial students) stands at 1,376, a 21 percent increase over last fall’s record, driven in part by a first-to-second-year retention rate that matches that of Vermont students, 91 percent. For the first time at UVM, ALANA students account for more than 10 percent of total enrollment. By comparison, UVM had 445 students from these historically underrepresented groups ten years ago, just 4.4 percent of a significantly smaller student body. At the same time, international enrollment is up 28 percent this fall, including twenty-nine undergraduate students from China.

Continued on Page 2
These figures record the advance of academic quality at UVM. They are a collective achievement of our faculty, our staff, our alumni and friends, and above all our students themselves. They go hand in hand with other metrics that tell us UVM continues its superb trajectory: the record $145.9 million in grant and contract awards to the University last year; the rising number of UVM students since 2005 who have been winners in prestigious national fellowship competitions; the six straight years our varsity student-athletes have won the America East Academic Cup; and, through the generosity of our community of support, a 14.6 percent increase last year in unrestricted annual giving to the University.

I have been told that former Vermont Governor Richard Snelling used to tell his colleagues, “You’re doing a great job—now pick up the pace.” The times call for the same exhortation today—to our students, our faculty and staff, and our vast community of alumni and friends who volunteer on behalf of UVM. As rapidly as we are advancing, others are kicking into high gear to run past us or pull even farther ahead.

The University of Vermont has some undeniable competitive advantages—among others, our distinguished history, our peerless setting, and our shared understanding that the institution cannot succeed by serving only itself. We know that we must create an increasingly rewarding environment for learning and discovery in order to continue to draw capable, motivated, diverse students to the University of the Green Mountains, and that we must then engage them—as we aim to do, for instance, through our trans-disciplinary Spires of Excellence—in developing capabilities that match up well with the most pressing challenges and problems before the human family. In a world that will punish those who cannot or will not pick up the pace, and in which quality is our only viable defensive position, the superb achievements of our students, including their record graduation rates, are warrants that we can and will succeed.

Staff Council Committee Reports

Benefits – Nelson Sears, Chair

At the November 9, 2010 meeting, the Benefits Committee discussed looking at and supporting more ways to educate staff on the Benefits they enjoy as employees. Suggestions included a monthly article in Staffline or a spotlight piece on a specific Benefit, a follow up orientation, and organizing specific information sessions on a given topic. These will be further discussed at the next meeting. The Committee also considered President Fogel’s Report at the Board of Trustees meeting on October 29th where he outlined five points regarding the current review process of Post-Retirement Medical Benefits. The committee will continue to monitor this matter as more information becomes available. The next meeting for the committee will be December 14, 2010 from 11am-12 noon in the Staff Council Conference Room, 305 Waterman.

Communications – Joanne Montanye, Chair

At the November 4, 2010 meeting, the Communications Committee discussed our current responsibilities regarding outreach and communication as well as other ways we can assist the full Council and other committees in these endeavors. We brainstormed on events for the Staff Council 40th anniversary and considered a preliminary timeline for steps in the planning process from now to September 2011. The committee also weighed technology options for more professional-appearing communications formats for the Staff Council Office, and reviewed outreach electronic posters prepared by the SC Office and President Russin. Discussion of other outreach materials was tabled until next month. Our next meeting is scheduled for Thursday, December 9, 2010 from 9am-10am in the Staff Council Conference Room, 305 Waterman.

Employee Environment and Facilities – Michelle Smith, Chair

Our committee continues to focus on increasing awareness and understanding of programs and activities related to health and wellness and UVM's efforts to develop into a pedestrian campus. We will be reviewing information that is currently provided at the new employee orientation to evaluate how best EEF might assist in disseminating and promoting the information to all staff, not just new hires. We plan to invite representatives from WorkLife Services and Transportation and Parking Services to our upcoming committee meetings to gain their feedback regarding how Staff Council can help busy staff efficiently and safely navigate a dynamic campus in ways that protect and enhance health and well-being by taking advantage of existing programming. Our next meeting is scheduled for Tuesday, December 14, 2010 from 1:00pm – 2:00pm in the Staff Council Conference Room, 305 Waterman.

Education and Professional Development – Todd Stewart, Chair

The Education and Professional Development Committee met on November 8th. The Committee discussed the benefit of Staff Council working in collaboration with Human Resource Services - Learning Services in light of their recent survey of UVM employees. We discussed ideas for developing other partnerships and will look to see what our aspirants and peer institutions do for staff development. We discussed the role volunteering plays in education and development when people engage in community projects. There was a suggestion that a day for service be developed. Our next meeting is scheduled for December 13, 2010 from 2:30pm – 3:30pm in the Staff Council Conference Room, 305 Waterman.
Staff Council Committee Reports

Internal Affairs – Sharon Mone, Chair

The Internal Affairs Committee did not meet in November. Our next meeting is scheduled for Wednesday, December 8, 2010 from 10:30am-11:30am in the Staff Council Conference Room, 305 Waterman.

Rules & Election Committee – Beth Walsh, Chair

The Rules and Election Committee met on November 19th. The Committee reviewed the Officer Election Policy Statement and Procedures and after a few minor edits, approved to move this document forward to the Executive Board. The Committee has been looking into election software using the University’s Lime Survey software. A test survey was sent to the Committee for review and feedback. The Committee continued discussion of the proposed restructuring of the SC standing committees. Our next meeting is scheduled for Tuesday, December 14, 2010 from 12 noon – 1:00pm in the Staff Council Conference room, 305 Waterman.

Salary & Budget – Carol Gross, Chair

The Salary & Budget Committee met on November 18, 2010. Our discussion focused around the development of our yearly recommendation on a salary pool increase. Information provided to the committee from Richard Cate, VP for Finance and Administration regarding FY2011 numbers was reviewed. This raised more questions which the committee will need answered by Richard Cate and possibly Human Resource Services. These will be submitted for review prior to the next meeting. Our next meeting is scheduled for Thursday, December 16, 2010 from 11am – 12 noon in the Staff Council Conference Room, 305 Waterman.

Social – Marie Tiemann, Chair

The Social Committee met on November 18, 2010. We spent this meeting reviewing the logistical details and implementing the plans for the Holiday Bazaar being held on December 2nd. As of the meeting date only 5 vendor tables remain to be sold. As of November 30th only 3 tables remain open. We have a wonderful selection of various raffle items which include: jewelry and various crafted items, tickets to events, hotel stays, restaurant certificates and ski passes. Some of the committee members will pre sell raffle tickets. Marie mentioned that the UVM policy on awards, gifts, etc. states that any item over $300 (30 times the cost of the ticket) will have to be listed as income, therefore, the person winning any such item will be receiving some information and a form to complete. Jeff and Diane reviewed the details in place for the advertisements in the Staffline, on the electronic bulletin boards and the poster placements. Diane reported that Print and Mail donated $120 worth or printing of the posters. We are looking forward to a festive and exciting time at this year’s Holiday Bazaar.

The committee was informed that the Shelter for Battered Women is seeking donations for Christmas gifts for families. The committee unanimously voted to donate $100 to this cause.

We began to review the plans for the February Casino Bus trip to Montreal. Following discussion of the ticket prices and cost, we agreed to increase the tip to the bus driver from $50 to $75 and increase the ticket price by $2. More details on this event will be forthcoming in the December Staffline.
The Staff Council Holiday Bazaar and Food Drive is Thursday, December 2, 2010 and will be held from 9am-3pm in the Davis Center Grand Maple Ballroom. The event will host more than 35 vendors made up of artists, artisans, crafters, and bakers to name a few all from UVM’s very own staff, faculty, retirees, students, and alum. At the event, we will hold a Food Drive to benefit the Chittenden Emergency Food Shelf. Help us beat last year’s 230lb donation record.

One Non-Perishable Food Donation = One Free Raffle Ticket

For more information visit www.uvm.edu/~stffcncl or contact the Staff Council Office at 656-4493.

If you wish to donate a last minute item for our bake sale or raffle, please drop these off the day of the event from 8am-9am at table #37 in the Grand Maple Ballroom of the Davis Center. Remember to individually wrap your baked good(s) and indicate any ingredients to which others may be allergic (e.g. nuts, chocolate, etc.)

Did You Know?

Here are some resources to help you successfully navigate alternative ways to commute to UVM:

**Biking:**
Is December a good time to start biking? **Sure!** It’s healthy, climate-friendly, efficient, and yeah, parking is free. Biking is exercise. Dressed appropriately, you won’t get as cold as you might think. Be sure to prepare and plan ahead. These links will help:

- **Bicycling motivation** (an inspiring video; sign the People for Bikes pledge while you are there)
- Be visible: use **lighting** (it’s the law at dark!) and **other illuminating** options.

Dress sensibly, and pay attention to your feet, fingers, and face. See [icebike.org](http://icebike.org) for clothing tips. Save money with **Bicycle Benefits** (discounts!) and Local Motion’s $6 **safety gear coupon**.

**Walking:**
Walking is great exercise too. Find information about UVM walking routes on the HRS [Work/Life balance page](http://hrs.uvm.edu/lifebalance), and keep an eye out for upcoming events to help you get motivated.

**Take a bus:**
Find [route and schedule information](http://ccta.uvm.edu/) for CCTA buses and use [BlirpIt](http://blirp.it) to keep tabs on the UVM shuttle from your handheld!

**Driving:**
Tire shops are busy, but it’s not too late to upgrade your tires. Please dispose of old tires properly (Chittenden Solid Waste District accepts tires for a fee) and offers free tire roundups twice yearly (recent events were in April and October). Good tires are only a start. Driver behavior is one of the primary causes of winter crashes. Slow down and **drive safely**. Make sure you have windshield washer fluid and emergency supplies ([checklist](http://hrs.uvm.edu/lifebalance)). **Check road conditions** before you head out in foul weather.

Transportation and Parking Services

In the past month we have been replacing many lost and stolen parking permits at a cost of $10 each to the customer - most have been taken from unlocked vehicles, some are lost while vehicles are being maintained, some are forgotten in rental vehicles.

Once a parking permit is reported lost or stolen, an affidavit is filed by the owner stating they are no longer in possession or control of the parking permit. It is marked in our database for the Parking Enforcement Officers who keep an eye out for its misuse. When located, the vehicle is removed from campus and the vehicle is cited for Unauthorized Permit ($80 fine). The case is then turned over to Police Services for further action.

We are always happy to provide temporary permits at no charge when you are using a borrowed or rented vehicle. This lets you keep possession of your parking permit in your own vehicle and there are no financial ramifications if it is thrown away.
