

We at Christopher Columbus High School are committed to the educational excellence and moral consciousness of our students. We envision a school community of learners where all students, staff and parents are actively engaged in the education process.

Faculty, teachers and parents will collaborate to empower our students with the skills that enrich civic and social learning in order to fine tune the goals of strong future contributors to the world-wide community.

Students will be provided with skills to flourish in academic acquisition, deep cognitive development and authentic applications ensuring abilities to meet and to exceed 21st century challenges. (Vermont (Christopher Columbus High School Mission /Vision Statement)
