Guide 1: Scan for an overview

1. Title
2. Abstract
3. Introduction—which usually does not have a sub-header labeling it as such
4. Method, with sub-headers of Participants (or Subjects, if animals), and Measures (or Instrumentation)
5. Results
6. Discussion
7. References and Appendices
Guideline 2: Group articles

- Electronic vs. Hard Copy
- Use Zotero’s Collections and Tag tools
- All cited sources MUST be tagged as such
