Consent to be Interviewed, Videotaped, and/or Photographed
for TV Broadcast or Publication

It is understood that [Name] is interested in interviewing, videotaping or photographing a participant in the research project, [Research Project Name]. You are under no obligation to agree to be interviewed, videotaped, or photographed and your agreement is in no way a condition of your continued eligibility to participate in this project. The University of Vermont views participation in this activity as not being part of the research project.

In the Lay Summary and Consent Form which you signed for this research project, it was stated that if the results of the study were eventually published, your personal identity would be protected. However, by your agreement to participate in this activity, and if this interview/videotape/photography is made public, it is important for you to understand that your participation will no longer be anonymous and you will be publicly associated with this project.

Statement of Consent

I have read and understood the above statement, and I understand that I am free to refuse to participate in this additional activity of permitting myself to be interviewed, videotaped, or photographed for possible broadcast on or publication in [Publication]. I understand that if I choose not to participate in this activity, it will in no way affect my continued participation in the research project.

I agree to be interviewed, videotaped and/or photographed, and I understand that I will receive a signed copy of this form.
