Ecology & Evolution - Montreal Field Trip

Download the Montreal Field Trip here.

We will be taking a chartered bus trip to the Montreal Botanical Gardens for one of the laboratory exercises later in the semester. Choose one of the two following dates:

<table>
<thead>
<tr>
<th>Sunday</th>
<th>Saturday</th>
</tr>
</thead>
<tbody>
<tr>
<td>October 10th</td>
<td>October 16th</td>
</tr>
</tbody>
</table>

Sign up for one of the two dates in the Biology stockroom (007 Marsh Life Sciences Building). You should reserve your slot as soon as possible, before all the seats on your preferred date are taken!

Essential Information

- Cost: $25.00, payable at stockroom (checks only; no cash please)
- Departure Location: Parking lot next to greenhouses
- Departure Time: 9:45 am (prompt!)
- Return Time: 6:00 - 8:00 pm (depending on weather and traffic)

Things to Bring for the Field Trip

- Your "ticket" (issued in the stockroom when you pay)
- Printed copy of the Tour of Montreal Botanical Gardens
- Identification for border crossing (birth certificate, passport, driver's license; non-U.S. students should bring ALL of their travel papers [passport, VISA, other documentation]). **In the wake of the September 11th terrorist attacks, security at the Canadian border is now extremely tight. Make sure you have your birth certificate or passport IN ADDITION to your driver's license and other form of picture identification. Without these items, there is a good chance that you (and the rest of your class) could be detained at the border for several hours. Don't let this happen! Please bring your passport/birth certificate and your driver's license.**
- Warm clothing
- Lunch (or money for greasy cafeteria food offered at the Gardens)
