HOMEWORK # 4

THIS ASSIGNMENT IS WORTH 4 PTS.

Based upon your reading of Campbell et al's, Development of Cognitive and Academic Abilities, (Reading # 5), answer the following questions succinctly and clearly. (no more than 1 page, back to back ).

1. In the introduction to their research, Campbell et. al review the research on early intervention. What are the major findings of that literature with respect to what effects early intervention has brought about, for whom, and for how long?  
   **2 pts**

2. What were Campbell et al able to show about the outcomes of their early intervention? What are the reasons they propose to explain the differences in their outcomes from those of other studies? **2 pts.**

************

Discussion question: What were the "mechanisms" that maintained the effects of Early Intervention?
