

# CATS

## (Campus Area Transportation System)

### ANNOUNCES CHANGES IN THE OFF-CAMPUS ROUTE

Beginning Monday, December 16, 2012, CATS will improve the safety and convenience of the Off-Campus route by moving all South Winooski Street stops to one central location. The new stop will be in the well lighted area just in front of Handy's Mini mart (just across from City Market ). CATS will no longer stop in front of the Rite Aid Pharmacy or Kinko's Copy. We believe this stop will be safer and more convenient for our riders. Instead of traveling east on Maple Street, CATS will now travel east on College Street, with demand stops at each intersection along the way. This new route will serve more UVM students as this is an area of the city with a large student population. Please view the Off-Campus Shuttle map for the specific route and bus stop locations.

**Please note: The bus will not use College Street during the Late Night Safety Shuttle hours** (10:00pm to 3:00am, Friday and Saturday) instead, the bus will return to Campus via Main Street, with no stops along the way. Consult the Late Night Safety Shuttle map for details.
