

IF YOU ARE CONSIDERING CHANGING YOUR MAJOR, YOU SHOULD COMPLETE THE FOLLOWING STEPS:

- Learn more about the major that you are thinking about switching to:
 - Online Research
 - UVM and Department Websites
 - University Catalogue

- Arrange a meeting with your assigned advisor to discuss why you are changing your major.

- Arrange a meeting with a student services advisor from your new major. At this meeting you should ask the following questions:
 1. What are the entrance and application requirements of this new major?
 2. What are the degree requirements of this major?
 3. How does the credit I've already earned apply to this major?
 4. How will this impact my graduation timeline?
 5. What courses should I register for next semester? And the following semester?
 6. Are there any restrictions to these courses that will require over rides?
 7. Is there anything else that would be helpful to know?

- Additional questions to consider:
 - What employment opportunities will be available upon graduating with this degree?
 - What opportunities are available in this new major and college (*if you're interested*)?
 - Clubs and Organizations
 - Research
 - Internships
 - Experiential Learning

- After you've done everything above, and decide you still want to change your major, you must fill out a "Change Your Major" form in your myUVM account, under the Registrar tab.
