

OUTLINE WITH CV STYLE EXAMPLES

GUIDELINES TO FACULTY FOR PREPARING YOUR CURRICULUM VITAE FOR REVIEW

The following document is intended to guide you as you prepare your curriculum vitae (CV) for reappointment, promotion and tenure (RPT) here at The Robert Larner, M.D. College of Medicine, University of Vermont. This document provides an outline of the CV with style examples included.

The Outline of Curriculum Vitae provides the headings for each section of your CV. The CV Style example shows how information could be input. It is understood that each faculty member has unique contributions to the medical community which may not fit fully within a listed category. The document headings and order are to remain constant, however, you may add additional categories if needed.

DO NOT DELETE ANY SECTIONS OF THE OUTLINE

Several important notes:

- 1) Remember your CV will be reviewed by committee members from a variety of backgrounds; so avoid area specific acronyms;
- 2) Education, Licenses/Certification, Faculty Positions Held and Other Positions and Major Administrative Positions Held, should be in reversed chronological order. All other sections should be listed in chronological order;
- 3) Combine the five summary sections (Summary of Professional Activities, Summary of Accomplishments, Summary of Service Activities, Summary of Teaching Activities and Summary of Scholarly Activities) in another document to be used for your Personal Statement for the RPT process. All these sections combined should be no longer than 2 pages total;
- 4) Consult examples from your colleagues to resolve issues of formatting, etc; and,
- 5) Be complete.
