Dear Graduates,

Today we recognize you and celebrate all you have accomplished during your time at UVM—the explorations and discoveries, academic milestones and personal achievements, and the lifelong relationships made with mentors and friends.

For you, perhaps more than for any graduating class before yours, today's ceremony is greatly anticipated. We hope that you sense the pride that all of us at the university feel as we celebrate you alongside your families and friends. We stand ready to watch you carve out your unique path in the world, and we know first-hand that you have much to offer. The passage of time will bring your moments here into sharper relief, and you will realize that the tools you used to succeed here—perseverance, focus, discipline, and commitment to community—will serve you well in life beyond UVM too.

Don't minimize the impact you will have on the world. Your contributions—large and small, daily and long-term, individual and collective—*will* make a difference. Simply put: you will make the world better.

A commencement celebration is an occasion for joy and for reflection. I hope today is full of both for you. As you step out on your next journey, and wherever the path leads, we know you will make your alma mater proud.

With all my best wishes,

A handwritten signature in black ink that reads "Suresh Garimella".

WOLFGANG MIEDER

Doctor of Letters, *honoris causa*

The proverb “Practice what you preach” is an apt descriptor for the teacher/scholar career of University Distinguished Professor of German and Folklore emeritus Wolfgang Mieder, an esteemed faculty member at the University of Vermont for 53 years.

Mieder is a widely recognized scholar of international folklore, the history of the German language, the Middle Ages, and especially the study of proverbs. He is the celebrated author and editor of more than 200 books written in his native language of German as well as in English on such varied writers as Shakespeare, Cervantes, Goethe, Dickens, Lincoln, Frederick Douglass, the Grimm Brothers, Elizabeth Cady Stanton and Susan B. Anthony, Bismarck, Nietzsche, Churchill, Brecht, Martin Luther King, Kennedy, and Willy Brandt. He has also published studies on fairy tales, legends, and folk songs, and several proverb dictionaries. He is longtime editor of *Proverbium*, a yearbook of international proverb scholarship, and is the first scholar to receive the three highest and most prestigious international awards for folklore studies.

Mieder finds proverbs—which he defines as distilled generalizations and observations of human behavior and experiences expressed so concisely that they are easily repeated—to be endlessly fascinating. They span the history of human civilization, with some of the early recorded proverbs—including “Big fish eat little fish” and “One hand washes the other”—dating back to ancient times. The decidedly contemporary proverb “Go big or go home” underscores the enduring power of the form.

International scholars credit Mieder with spreading the critical concept of the *paremiological minimum*—a minimal set of sayings, the learning of which is necessary for mastering any language, whether native or foreign. This scholarship established the central role proverbs play in the formation and understanding of cultures. Mieder also coined the term “anti-proverb,” the result of playing with the words in a proverb to create an entirely different meaning.

In 2019, Mieder donated to UVM his vast and unique collection of 9,000 books, which is now housed in the International Proverb Library in Billings Library.

Mieder chaired the Department of German and Russian for 31 years and has been a member of UVM’s Center for Holocaust Studies board of advisors for more than two decades. He has served on innumerable UVM committees associated with departmental, college-based, or university-wide activities. A longtime and generous donor together with his wife, Barbara, he is a current member of UVM Foundation’s Leadership Council. A beloved and deeply respected academic, he has been honored with the university’s awards for excellence in teaching and scholarship, including in 2013 receiving the highest honor of University Distinguished Professor.

A treasured colleague to many and a mentor to generations of UVM students since he joined the faculty in 1971, through his distinctive scholarship, generous leadership, and infectious spirit Wolfgang Mieder is leaving an indelible legacy at UVM—his academic home for more than five decades—and on all who know him.

BEVERLY RUBENSTEIN

Doctor of Humane Letters, *honoris causa*

Few have made as big an impact on the University of Vermont—and specifically the university’s national reputation as a leader in the environment—as Beverly Rubenstein and her late husband, Steve. Beginning with a leading capital gift in 1997 that established UVM’s fully equipped ecosystem science laboratory on the shores of Lake Champlain, the Rubensteins’ transformative investments have made the University of Vermont one of the pre-eminent institutions worldwide for the study of environmental science.

In 2003, Beverly and Steve Rubenstein made a \$15 million commitment in support of environmental education and research at UVM, a gift that resulted in the renaming of the School of Natural Resources to the Rubenstein School of Environment and Natural Resources. One component of this visionary gift was the creation of the Steven and Beverly Rubenstein Professorship in Environment and Natural Resources, a three-year appointment that has attracted exceptional tenure-track, research, and Extension faculty to UVM.

Upon Steve’s passing in 2008, the Steven and Beverly Rubenstein Charitable Foundation was launched by Beverly Rubenstein and her son, Andrew. They are deeply dedicated to further advancing UVM’s position as one of the premier environmental schools in the country. A devoted supporter of both the Rubenstein School of Environment and Natural Resources and the university, Beverly Rubenstein is a member of the RSENR board of advisors and has served as an active member of national campaign steering committees for UVM and the UVM Foundation. Most recently, through her philanthropic direction the Rubenstein Charitable Foundation has provided special support for UVM’s efforts in lake research, including its new state-of-the-art research vessel, the Marcelle Melosira, launched last year.

Beyond her support for environmentally focused teaching and research, Beverly Rubenstein demonstrates deep commitment to research and practice in medicine and psychology and organizations dedicated to Jewish life and culture.

Thanks to the transformative philanthropy of Beverly Rubenstein and the Rubenstein family, UVM is at the forefront of educating leaders, scientists, and advocates to be catalysts for positive and equitable change in taking on the complex environmental and ecological challenges of our time.

PHI BETA KAPPA

Phi Beta Kappa, a national honor society dedicated to honoring high academic achievement for liberal arts students, was founded at the College of William and Mary in 1776. It is the nation's first Greek letter society and is the oldest and most respected academic honorary society. UVM's chapter of Phi Beta Kappa, the Alpha of Vermont, was established in 1848; it is the eleventh oldest chapter on the national rolls of Phi Beta Kappa, and the first chapter to admit both African Americans and women to its membership.

MORTAR BOARD

Mortar Board is a national honor society that recognizes college seniors for distinguished ability and achievement in scholarship, leadership, and service. While it is an honor to be selected for membership in Mortar Board, it is the commitment to continue to serve that differentiates an honor society from an honorary society. Mortar Board chapters across the nation are challenged to provide thoughtful leadership to the campus and community, to create an environment of effective communication, to move toward a meaningful goal, and to maintain the ideals of the society.

BOULDER SOCIETY

Founded in 1905, the Boulder Society is one of the University of Vermont's oldest undergraduate honorary societies. Originally a senior men's honor society, the Boulder Society became gender inclusive in 2023. Membership includes those seniors who have shown dedication, devotion, scholarship, and leadership. Most of the members' activities are heavily focused on community service. These graduates will be wearing Green and Gold Honor Cords, distinguishing them as members of the Boulder Society.

Academic Regalia

THE ACADEMIC COSTUME worn today in U.S. colleges and universities is a survivor of the Middle Ages. The University of Vermont was among the first in this country to experiment with the use of academic gowns, requiring their wearing at the graduation of 1806. The experiment was not repeated until mid-century when UVM and other colleges began wholeheartedly to use the medieval scholar's clothing for ceremonial occasions.

The code regulating academic costume is administered by an intercollegiate commission that establishes uniform standards. **BACHELORS'** gowns have closed fronts and long, pointed sleeves. **MASTERS'** gowns may be worn open or closed and have oblong sleeves open at the wrist, the lower portion hanging down with an arc near the bottom. **DOCTORS'** gowns may be open or closed and have velvet facings and three velvet bars on the round, open sleeves. The facings and bars may be of black or of the official colors of the wearer's department of learning.

Hoods are usually black. All are lined in silk in the academic color or colors of the institution conferring the degree, with a chevron for additional colors. A University of Vermont hood is lined with green, with a gold chevron, the official school colors. The color of the hood border indicates the degree earned.

THE CLASS OF 1927 MEMORIAL MACE is carried by the University Marshal at formal university occasions and is displayed on the platform during these ceremonies.

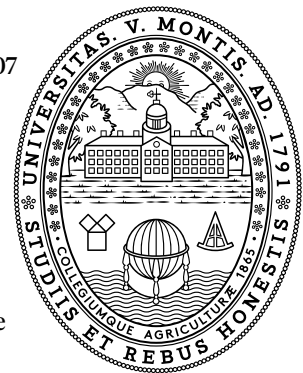

The Mace, a gift from the Class of 1927, is forty-seven inches long, cast bronze, plated in silver, with a black ebony handle. The sculpture on one of the four sides depicts the center section of Old Mill with Mt. Mansfield in the background, symbolizing the founding of the University. Other sides display three students reaching upwards to a lamp, symbolic of learning; the Ira Allen Chapel, symbolizing spiritual guidance; and a group of four persons, symbolizing friendship. It is crowned by the seal of the University.

The Mace was designed and the model sculpted by Richard Simpson, son of Carl G. and Doris Griffith Simpson, both members of the Class of 1927.

THE UNIVERSITY SEAL or Medallion was adopted in 1807 and used until 1871 when it was replaced by a round seal incorporating the name of the College of Agriculture. In 1975 the Board of Trustees voted to restore the original seal to official use, modified to incorporate the Latin name of the College of Agriculture.

The motto on the seal is from Horace, Epistles 1.2.36. Literally, it means "For virtuous studies and matters." In the allusion to Horace's poem it reflects UVM's continuing belief in the utility and practicality of all liberal studies.

Tune: Jane Oppenlander '79, G'81 | Text: David Cox '49

From the lofty peaks of Mansfield
to the shores of Lake Champlain,
comes a mighty swelling chorus,
whose echo will remain:

Vermont! Vermont! Vermont!
Our University!
Our hearts and minds and voices
sing in love and praise to Thee!

Vermont! Vermont! Vermont!
Our University!
Our hearts and minds and voices
sing in love and praise to Thee!

Shadows falling 'cross the campus,
changing seasons' wond'rous scene,
stir our thoughts of Alma Mater,
and the colors Gold and Green:

Vermont! Vermont! Vermont!
Our University!
Our hearts and minds and voices
Sing in love and praise to Thee!

Vermont! Vermont! Vermont!
Our University!
Our hearts and minds and voices
Sing in love and praise to Thee!
