

MINIMUM QUALIFICATIONS FOR ADMISSION IN THE UVM MECHANICAL ENGINEERING GRADUATE PROGRAM

Background:

Students entering the program have received a Bachelor's degree in mechanical engineering or a closely-related field in engineering. Applicants with other backgrounds outside engineering will be evaluated individually and may be required to first complete undergraduate technical course work in the first semester, as prescribed by their faculty advisor or the graduate program director.

Admission priority deadlines:

January 1 for fall admissions (for PhD students, applications may be accepted until June 1)

October 1 for spring admissions.

PhD admission requisite:

Before applying to our program, PhD applicants should contact a graduate faculty advisor who can agree to supervise their thesis. We do not accept PhD applications without a thesis advisor.

Minimum required GPA:

3.0/4.0 in both BS and MS degrees for all students

3.2/4.0 for UVM students wishing to enter the accelerated MS program

GRE test scores:

GRE scores are not required for admission into our graduate program.

English Proficiency Examination (for international students only):

Applicants whose native language is not English are required to submit proof of English proficiency. Applicants must submit official scores of either the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS), or Duolingo.

For more information: https://www.uvm.edu/graduate/international_students

	Internet Based (iBT)
TOEFL: Minimum for admission	90
