

Jenny Wilkinson, DVM

212 Terrill, 570 Main Street, Burlington, VT 05405
802.656.0144 ■ Jenny.Wilkinson@uvm.edu

EDUCATION	Cornell University , College of Veterinary Medicine, Ithaca, NY Doctor of Veterinary Medicine (DVM), May 2006 Phi Zeta Honor Society ■ Dean's Honors 2002-2006 ■ The Merck Manual Award for graduating in top 10% of class ■ The James Bennett Prize for excellence in anesthesia University of Virginia , College of Arts and Sciences, Charlottesville, VA Bachelor of Arts with Distinction, Political Science and Women's Studies, May 1999 Intermediate Honors 1997 ■ Dean's List 1995-1999
ACADEMIC POSITION	Senior Lecturer (promoted from Lecturer in April 2015) Jan 2008-present Department of Animal and Veterinary Sciences, University of Vermont, Burlington, VT Kroepsch-Maurice Recipient- Lecturer 2012-2013 ■ Carrigan Teaching Award 2015 UVM Women and Gender Equity Center Outstanding Faculty Woman Award 2016 ■ North American Colleges and Teachers of Agriculture Teaching Award of Merit 2016
TEACHING EXPERIENCE	Horse Health and Disease Fall 2011-present ASCI 2480, Department of Animal and Veterinary Sciences, University of Vermont Introductory course on equine health, including anatomy, nutrition, preventative medicine, and diagnosis, treatment and prevention of common diseases; incorporate case-based learning in a large lecture class format; utilize instructor-made videos to highlight hands-on skills. Intro to the Horse Fall 2016-present ASCI 1400, Department of Animal and Veterinary Sciences, University of Vermont Starting with evolution and domestication and progressing to current breeds, colors, uses, health, and management of horses, students gain a basic understanding of one of our most beloved domestic animals. Adapted to fully online during Spring 2018 Sabbatical. Clinical Topics in Equine Medicine and Surgery Fall 2017-present ASCI 3480, Department of Animal and Veterinary Sciences, University of Vermont Equine-interested students work through medical and surgical cases from chief complaint to treatment, prognosis and prevention. Diagnostic techniques and treatment options prioritized. Hands-on skills include physical, orthopedic, and neurologic exams, as well as venipuncture and wound handling. Lameness in Horses Fall 2008, Spring 2011, 2013, 2015, 2017, 2019-2023 ASCI 3490, Department of Animal and Veterinary Sciences, University of Vermont Lecture-based course on anatomical terminology, causes, diagnosis and treatment of equine lameness; include labs on palpation, lameness examination and acupuncture/chiropractic work; assignments include discussion of lameness videos and presentations of current reputable articles on equine lameness; written and oral examinations given to assess students' understanding. Equine Practicum Fall 2022 ASCI 191, Department of Animal and Veterinary Sciences, University of Vermont Hands-on course for students with little to no horse experience; focused on development of skills including haltering, leading, lunging, and performing basic examinations; weekly classes at the UVM Horse Barn with opportunities to spend time at the UVM Morgan Horse Farm. Co-developed and taught with Chrissy Rohan, Equine Studies Lecturer. Equine Reproduction Workshop Spring 2017-2019 ASCI 192, Department of Animal and Veterinary Sciences, University of Vermont Coordinated schedule and veterinarians for two-day workshop on UVM campus and at UVM Morgan Horse Farm in Weybridge, Vermont. Assisted with hands-on experiences at farm. Horse Barn Cooperative Spring and Fall 2008-2016 ASCI 021, Department of Animal and Veterinary Sciences, University of Vermont Faculty Barn Manager for student cooperative barn; oversee weekly executive and student meetings; meet weekly with farm facility staff and faculty; resolve disputes between students; act as liaison between students and department; discuss equine diseases, preventative medicine, current events, barn management, nutrition and emergencies.

- Equus** Spring and Fall 2008-2016
 ASCI 121, Department of Animal and Veterinary Sciences, University of Vermont
 Equine management course focused on horse care, including preventative medicine, infectious disease, nutrition, herd health, and horseback riding; assign small projects on riding disciplines, common horse care products and equipment, and international use of horses; oversee semester-long 25-stall barn project, which includes income and expense calculations, horse types and disciplines, and daily schedule with employees and activities at barn.
- Equine Instructing Techniques** Fall 2011, Spring 2014 and 2016
 ASCI 125, Department of Animal and Veterinary Sciences, University of Vermont
 Hands-on course focused on discussing, observing and practicing horseback riding teaching skills in a classroom and barn setting; students prepare instructing journals including lesson plans, safety protocols, daily schedules and self and student created evaluations.
- Equitation- Beginner and Intermediate** Spring & Fall 2008-2011, Spring 2014 and 2016
 ASCI 030 and 130, Department of Animal and Veterinary Sciences, University of Vermont
 Teach beginner to novice/intermediate horseback riding; work with student instructors; emphasize safety and control of horses.
- Advanced Equine Instructing Techniques** Spring 2010
 ASCI 192, Department of Animal and Veterinary Sciences, University of Vermont
 Course for equine students who have previously taken Equine Instructing Techniques; students teach beginner and intermediate equitation classes to current UVM students; responsible for creating lesson plans, safety guidelines, inclement weather plans, horse/rider analyses and weekly lesson reports; meet weekly outside of lessons to discuss rider and horse issues, as well as key instructing strategies and skills.
- Advanced Equus** Spring 2009
 ASCI 298, Department of Animal and Veterinary Sciences, University of Vermont
 Lecture and hands-on course designed for Senior Animal Science students interested in careers in the equine world; discuss equine exercise physiology, nutrition, neurologic disease, and growth and development; students responsible for semester-long conditioning reports, oral presentations at Everything Equine, and peer-reviewed article presentations.
- Lecture on Biosecurity on a Horse Farm** March 2020
 Equi-Day, William H. Miner Institute, Chazy, New York
 Highlighted infectious and contagious equine diseases and recommended protocols for keeping horses and people safe from exposure and infection. Presented remotely due to COVID-19.
- Lecture on Teddy: A Case Study** Fall 2019-2021, Spring 2020-2021
 Intro to Animal Science (ASCI 001), Dept of Animal & Veterinary Sciences, Univ of Vermont
 Introduce students to the process of working through a case from chief complaint to treatment.
- Lecture on Rosie: A Case Study of Laminitis and Nutritional Causes** Fall 2019
 Ruminant, Livestock and Equine Nutrition (ASCI 297), Dept of An. and Vet., Univ. of Vermont
 Presented detailed case about a horse developing laminitis from exposure to high fructan grass.
- Lab on Round Penning a Horse** Fall 2016 and 2018
 Equine Training Techniques (ASCI 119), Dept of Animal & Veterinary Sciences, Univ of VT
 Demonstrate round penning, then help individual students round pen ASCI teaching horses.
- Lecture on Wound Healing and Bandaging** Fall 2018
 Horse Barn Cooperative (ASCI 021), Dept of Animal & Veterinary Sciences, Univ of Vermont
 Highlight the stages of wound healing from initial damage to repair; practice bandaging limbs.
- Lecture on Equine First Aid** Fall 2017
 Horse Barn Cooperative (ASCI 021), Equine Enterprise Management (ASCI 108), ASCI, UVM
 Discuss common equine emergencies and supplies needed to diagnose and treatment problems.
- Lecture on Emerging Equine Diseases** Spring 2012
 Healthy Horse Workshop, University of Vermont, Everything Equine
 Present Anaplasmosis and Lyme Disease as increasing threats in Vermont equine world.
- Lecture on Equine Lameness** Fall 2009-2016
 Intro to Equine Studies (ASCI 115), Dept of Animal & Veterinary Sciences, Univ of Vermont
 Provide overview of equine lameness, including anatomy, causes, diagnosis and treatment.
- Lecture on Equine Emergencies** Spring 2008-Fall 2015, Fall 2021
 Intro to Equine Studies (ASCI 115), Equus Course, Everything Equine
 Highlight top horse emergencies, including colic, choke, lacerations and eye disorders.

Lecture on Equine Parasites Spring 2011
 Healthy Horse Workshop, University of Vermont, Equi-Day at Miner Institute
 Provide up-to-date information on diagnosing, treating and preventing parasites in horses.

Lecture on My Career Path Spring 2009-2010, 2016
 Career Seminar (ASCI 181), Pre-Vet Club, Dept. of An. and Vet Sciences, University of Vermont
 Share stories about veterinary school, equine vet experience and choice to work at UVM.

Lecture on Equine Parturition Spring 2008-2010
 Equine Reproduction (ASCI 205), Dept of Animal & Veterinary Sciences, University of Vermont
 Focus on end of gestation, signs and stages of parturition, dystocia, neonatal disorders, lactation.

Lecture on Equine Genetics Spring 2008-2010
 Equine Reproduction (ASCI 205), Dept of Animal & Veterinary Sciences, University of Vermont
 Provide information on basic genetics, equine coat colors and genetic diseases.

Lecture on Ethics in Horse Reproduction Spring 2008-2010
 Equine Reproduction (ASCI 205), Dept of Animal & Veterinary Sciences, University of Vermont
 Discuss current issues in ethics, including PMU, EVA, Lethal White Foal, and HYPP.

Lecture on Equine Welfare Spring and Fall 2009, Fall 2014, Spring 2015
 Animal Welfare (ASCI 122), Dept of Animal and Veterinary Sciences, University of Vermont
 Engage students in discussion about horse racing, slaughter and other current equine issues.

Lecture on Equine Neurologic Disease Feb and April 2009
 Lucky Trail Riders Meeting, Everything Equine
 Discuss normal neurologic system, then focus on diseases and conditions that affect it.

Lecture on Equine Preventative Medicine Feb and April 2008
 Equus Course, Lucky Trail Riders Meeting, Everything Equine
 Discuss routine care of horses, including vaccination, deworming and farrier care.

Lecture on Equine Herpesvirus and Influenza Feb and April 2007
 Vermont Large Animal Client Seminar; Miner Institute EquiDay; Everything Equine
 Discuss signs, diagnosis, treatment and prevention of equine herpesvirus and influenza;
 address concerns about recent outbreaks in Florida and Virginia.

Senior Seminar Presentation on Guttural Pouch Mycosis September 2005
 College of Veterinary Medicine, Cornell University, Ithaca, NY
 Present an atypical case of equine guttural pouch mycosis; address questions from faculty and
 students; submit paper to the faculty for review.

**ACADEMIC
 INVOLVEMENT**

Senator, Departmental Representative, Faculty Senate Fall 2017-present
 University of Vermont
 Attend monthly Faculty Senate meetings; vote on conferral of degrees, curricular changes and
 new programs, general education requirements, changes to academic calendar, etc.; bring
 information and questions back to my department for input and discussion.

College Curriculum Committee Fall 2012-2017
 College of Agriculture and Life Sciences, University of Vermont
 Co-Chair then Chair of Committee; review departmental proposals for curriculum changes in
 CALS; request corrections and clarifications as needed; present accepted proposals to the CALS
 faculty for comments and voting.

Department Curriculum Committee March 2008-2010, Fall 2014-Fall 2017, Fall 2023
 Department of Animal and Veterinary Sciences, University of Vermont
 Chair (Spring 2016 to Fall 2017, Fall 2023); Formalize 4-year plans for majors and
 concentrations; suggest departmental 2-year course schedules; review and update course
 catalogue listings; submit course proposals and changes to CourseLeaf; review major and minor
 requests and determine acceptance into Animal and Veterinary Sciences Program.

College Carrigan Award Committee Spring 2020-2022
 College of Agriculture and Life Sciences, University of Vermont
 Observed and evaluated nominated faculty members' teaching; remote committee work to select
 recipient due to COVID-19 pandemic.

College Alumni Awards Committee Spring 2015
 College of Agriculture and Life Sciences, University of Vermont
 Reviewed nominations for several alumni awards over two meetings and selected recipients.

Chair of Animal and Veterinary Sciences Search Committee Fall 2022-Fall 2023
 College of Agriculture and Life Sciences, University of Vermont
 Along with faculty members from across the University, solicit and review applications, interview and discuss applicants for a tenure-track Chair position in the department.

Lecturer in Companion Animal, Zoos and Exotics Search Committee Fall 2021
 Department of Animal and Veterinary Sciences, University of Vermont
 Co-Chair of Committee; Prepare position description; work with Human Resources to post job and solicit applications; interview qualified applicants on phone in person; present committee's recommendations to Chair of Department.

Lecturer in Animal Health Search Committee Fall 2018-Spring 2019
 Department of Animal and Veterinary Sciences, University of Vermont
 Co-Chair of Committee; Prepare position description; work with Human Resources to post job and solicit applications; interview qualified applicants on phone in person; present committee's recommendations to Chair of Department.

Lecturer in Equine Industry and Management Search Committee Fall 2015-Spring 2016
 Department of Animal and Veterinary Sciences, University of Vermont
 Co-Chair of Committee; Prepare position description; work with Human Resources to post job and solicit applications; interview qualified applicants on phone in person; present committee's recommendations to Chair of Department.

Chair of Animal and Veterinary Sciences Search Committee Fall 2014-Spring 2015
 College of Agriculture and Life Sciences, University of Vermont
 Along with faculty members from across the University, solicit and review applications, interview and discuss applicants for a tenure-track Chair position in the department.

Department Awards Committee Fall 2011-2015
 Department of Animal and Veterinary Sciences, University of Vermont
 Chair of Committee; promote nomination of students, staff and faculty for departmental, college and university awards; provide faculty with award qualifications, requirements and deadlines.

College Awards Committee Sept 2009-May 2012
 College of Agriculture and Life Sciences, University of Vermont
 Oversee CALS Distinguished Undergraduate Research, including proposal submissions, updates and final presentations; decide on college awards, including Carrigan, Forcier and Staff Awards.

Animal Health Faculty Position Search Committee Fall 2009-Spring 2010
 Department of Animal and Veterinary Sciences, University of Vermont
 Along with four other faculty members, review applications, conduct interviews and discuss potential candidates for a new tenure-track faculty position in the department.

Miller Farm Advisory Committee/Land Use Committee Jan 2009-May 2017
 College of Agriculture and Life Sciences, University of Vermont
 Discuss current use of farm, including teaching, research, student involvement, management issues and possible changes; meet weekly with farm staff.

Alcohol and Other Drug Task Force Sept 2008-May 2012
 President's Commission on Social Change, University of Vermont
 Discuss current trends on campus and in local area; review alcohol and drug policies on campus; promote "Party Smart" and social norms; sit on Environmental Subcommittee.

Student Affairs Subcommittee June 2008-May 2009
 Faculty Senate, University of Vermont
 Review university protocols and new proposals related to undergraduate and graduate students; present decisions to Faculty Senate.

ADVISING

Current Animal Science Majors and Minors Jan 2008-present
 Department of Animal and Veterinary Sciences, University of Vermont
 Advise 30-35 students; discuss pre-veterinary requirements and alternative career paths.

Equine Studies Minor May 2023-present
 Department of Animal and Veterinary Sciences, University of Vermont
 Program Director and Advisor; created new minor with 15 credits required in areas of equine health, disease, industry and management.

Prospective Students Mar 2008-present
 Department of Animal and Veterinary Sciences, University of Vermont

Meet with high school students multiple times during the year to discuss positive aspects of Animal Science Department at the University of Vermont; highlight pre-veterinary program, as well as hands-on experience and faculty advising.

Pre-veterinary Degree and Post-Bac Students Sept 2008-present
Department of Animal and Veterinary Sciences, University of Vermont
Pre-Vet Advisor: advise students from across campus on pre-veterinary requirements and the veterinary school application process; write fifteen to twenty letters of recommendation for veterinary applicants every year.

Admitted Student Phoneathon Feb-April 2009-2011
College of Agriculture and Life Sciences, University of Vermont
Call admitted students to encourage them to attend UVM; answer questions about curriculum, town of Burlington, Animal Science Department opportunities and pre-veterinary requirements.

Admitted Student Days Feb-April 2008-2023
Department of Animal and Veterinary Sciences, University of Vermont
Discuss Animal Science Department with incoming freshman and their families, including pre-veterinary program, horse barn and equine science concentration.

Open House Fall 2009, 2012, 2014
College of Agriculture and Life Sciences, University of Vermont
Discuss Animal Science Department with prospective students and their families, including curriculum, hands-on opportunities, and admission.

UVM Dressage Team Jan 2016-May 2020
University of Vermont
Faculty Advisor; Oversee team budget and interactions among team members and coach; assist with implementation of the Team into the UVM Horse Barn Cooperative.

Animalia Aug 2011-May 2013
Living and Learning, University of Vermont
Faculty Advisor; assist undergraduate students participating in Animalia program; provide them with guidance throughout academic year; discuss upcoming events and participate when available.

Tri-Delta Sorority Jan 2012-present
University of Vermont
Academic Advisor; attend academic meetings to celebrate member success and promote continued excellence in the classroom; plan academic workshops focused on enhancing study skills.

Pre-Vet Club May 2012-present
University of Vermont
Faculty Advisor; meet with club leaders to discuss events, including guest speakers, practice labs and mock veterinary school interviews; provide hands-on experience at the horse barn.

**LARGE
ANIMAL
EXPERIENCE**

Head of Riding Department Summer 2008-2009
Brown Ledge Camp, Colchester, VT
Oversee horseback riding experience for roughly 100 campers each session; provide leadership to riding instructors and barn crew; maintain a safe barn environment, as well as the health of over 30 horses; communicate effectively with other camp employees and alumni.

Equine Associate Veterinarian June 2007-January 2008
Vermont Large Animal Clinic Equine Hospital, Milton, VT
Perform routine and emergency equine veterinary care, as well as equine anesthesia; educate clients on equine health, disease, management, and nutrition; mentor veterinary and undergraduate students interested in the equine field.

Equine Medicine and Surgery Intern June 2006-June 2007
Vermont Large Animal Clinic Equine Hospital, Milton, VT
Perform routine and emergency equine medicine and surgery under the guidance of board certified clinicians; gain valuable hands-on and decision-making skills; establish relationships with local clients and veterinarians.

Intensive Care Unit Technician June 2004-May 2006
Cornell University Equine and Farm Animal Hospital, Ithaca, NY
Monitor in-patient care; perform treatments; assist veterinarians and students with procedures; round with veterinarians and technicians to discuss in-house cases; set-up for and assist with emergencies; place catheters; run diagnostic tests.

Emergency Surgery Technician Oct 2002-Oct 2004
 Cornell University Equine and Farm Animal Hospital, Ithaca, NY
 Promoted to Coordinator of Emergency Surgery Crew, Winter 2003
 Assist veterinarians with emergency surgeries on horses, cows, and small ruminants, including colics, displaced abomasums, and wound repairs; prepare animals for surgery; set-up surgical area.

Veterinary Assistant May 2000-Aug 2000
 Deer Creek Large Animal Practice, Powhatan, VA
 Assist two equine veterinarians on farm calls including dentistry, lameness evaluations, and emergencies, as well as routine vaccinations and dewormings.

Wrangler Summers 1997-1999
 A-Bar-A Ranch, Encampment, WY
 Organize and run daily riding program for staff and guests; teach Western riding.

Horseback Riding Program Assistant Director Summer 1996
 Gwynn Valley Camp, Brevard, NC
 Help children gain confidence on and around horses; teach English riding.

Horse Owner and Rider Nov 1984-present
 Richmond, VA; Charlottesville, VA; Encampment, WY; Ithaca, NY; Milton, VT; Hinesburg, VT
 Grew up showing hunters in Virginia; owned and cared for six horses; competed in the hunter division on the national level; trained young and difficult horses.

Kluge Disabled Horseback Riding Center Instructor Fall and Spring, 1997-1999
 Charlottesville, VA
 Teach basic horsemanship and riding to disabled children.

Horseback Riding Instructor June 1993-June 1995
 Hillbrook Stables. Glen Allen, VA
 Teach beginner to advanced hunter equitation and jumping.

COMMUNITY SERVICE

Make-A-Wish Foundation Jan 1997-present
 Charlottesville, VA; Richmond, VA; Denver, CO; Ithaca, NY; S. Burlington, VT
 Founded the second national student affiliate of the Make-A-Wish Foundation at the University of Virginia, January 1997; interview wish families; grant wishes; meet and greet wish recipients (wishes granted to children with life-threatening conditions)

Hinesburg Community Resource Center July 2023-present
 Hinesburg, Vermont
 Board Member; advise on local Food Shelf, second hand clothing store, family playgroups, emergency medical assistance, senior activities, and medical equipment loans.

Partners in Education, Hinesburg Community School Aug 2015-present
 Hinesburg, VT
 Co-Chair as of Fall 2020; organize fundraisers; support students, staff and community; schedule speakers for monthly meetings; balance budget; solicit volunteers and donations.

Brown Ledge Foundation Board of Directors Nov 2012-Aug 2015
 Colchester, VT
 Oversee Brown Ledge Camp's finances, staff, recruitment, and fundraising; attend meetings three times a year in Boston, Washington, and Vermont.

VVMA Vet Emergency Task Force Oct 2010-present
 Vermont State
 Respond as a veterinary specialist to natural disasters in Vermont affecting horses, dogs and cats.

VVMA Pet Oxygen Mask Task Force Jan 2008-Jan 2009
 Burlington, VT
 Recruit veterinarians across Vermont to participate in providing pet oxygen masks to area first-responders; educate public on benefit of oxygen therapy to small animals involved with a fire.

Cornell Companions Sept 2002-May 2006
 Ithaca, NY
 Visit nursing homes monthly and attend community events with my dog.

Zeppy Memorial Fund Race Committee Aug-Oct, 2003-2005
 Cornell University, Ithaca, NY
 Coordinate fundraising, raffle, medals, and race day events for over 200 runners.

Southside Community Center Healthy Pet Clinic

Sept 2003-Sept 2004

Ithaca, NY

Examine small animals from low income households; give vaccines; diagnose and treat minor medical problems.

Student Chapter of the AVMA Executive Board

Jan 2003-Jan 2004

Cornell University, Ithaca, NY

Plan events for students and faculty; attend bi-monthly meetings.

MEMBERSHIPS American Association of Equine Practitioners ■ American Veterinary Medical Association ■ Vermont Veterinary Medical Association
