Credit

The unit of credit at the University of Vermont is the semester hour. Between July 1945 and September 1948, the University operated on a quarter system; three quarter hours are equivalent to two semester hours.

Grade Point Average

The grade point average is obtained by dividing the total number of quality points earned at the University of Vermont by the number of semester hours attempted for grades. Grades for courses transferred to the University of Vermont are not included in the University of Vermont grade point average, unless they are part of a University of Vermont-sponsored program.

Repeated Courses

UNDERGRADUATE STUDENTS who repeat a course only receive credit once for the course. Prior to August 30, 2020, the grades for all occurrences of the course remain on the permanent academic record and are included in computing the cumulative grade point average. Effective August 30, 2020, the student’s transcript will be revised to replace the previous grade for the course with an ‘R’. The ‘R’ is not included in the grade point average calculation.

GRADUATE STUDENTS may repeat a course for credit only when failed and only once; only the second grade is then considered. Both grades remain on the student’s record.

Repeated courses are identified by an ‘A’, ‘E’, or ‘I’ appearing after the grade. ‘A’ means the course is not repeatable, credit is not received, and the grade is included in the cumulative grade point average. ‘E’ means the course is not repeatable, credit is not received, and the grade is not included in the cumulative grade point average. ‘I’ means the course is repeatable, credit is granted for the course, and the grade is included in the cumulative grade point average.

ACADEMIC ADJUSTMENTS FOR SPRING 2020 DUE TO THE COVID-19 PANDEMIC

Effective March 27, 2020

In response to COVID-19, the University of Vermont shifted to remote instruction on March 18, 2020 for the duration of the semester. In response to this shift, the following academic accommodations were extended to students for the Spring 2020 semester only.

- Letter grades will be recorded for the semester. Undergraduate students will have the option to elect Pass/No Pass. Graduate students will have the option to elect Satisfactory/Unsatisfactory.
- Courses in which students earned a “Pass” (P) will count towards major, minor, and degree requirements, **with the exception of** courses in which a specific grade is required for progression or licensure requirements.
- Students are responsible for understanding the **implications of their decision** to move to Pass/No Pass or Satisfactory/Unsatisfactory for courses related to their program’s major requirements, progression standards, and accreditation and licensing requirements.
- Once a student has elected a Pass/No Pass or Satisfactory/Unsatisfactory option, that decision **cannot be reversed**.
- For grades earned in Spring 2020, UVM will accept Pass grades as sufficient for **transfer credit**.
- Colleges will waive **academic dismissal** decisions based on performance this semester.
- **Academic Probation policies** are college/school specific. The Provost’s Office is encouraging colleges to be thoughtful in their use of academic probation this semester.
- For **scholarships** impacted by GPA, a one-time allowance will be made as follows. The cumulative GPA (calculated based on Pass/No Pass decisions) will be evaluated for each student at the end of the Spring 2020 term. For students who fall below a 3.0 cumulative GPA at that time, the Spring 2020 term GPA will be removed and the cumulative GPA recalculated without it. If the recalculated cumulative GPA is a 3.0 or higher, the student will maintain scholarship eligibility. For all future reviews, the Spring 2020 GPA will be included.
- Students are able to **withdraw** from any course through April 3. Please note that a student who chooses to, or must, withdraw from all coursework for the Spring 2020 semester, will still maintain scholarship eligibility for the next year as long as they meet the other criteria for renewal and have not exhausted their scholarship length.
- Students granted incompletes will have the full academic year (until May 7, 2021) to submit the work necessary to convert their incomplete to a final grade.

****COURSE RENUMBERING IMPLEMENTATION – FALL 2023**
