

As a dedicated member of the Student Government Association, I am running for re-election to continue advocating for transparency, accessibility, and student engagement in decision-making. My goal is to ensure that every student's voice is heard and that our Senate remains a body that truly represents our community.

This past term, I served on the Committee for Common Ground Values (formerly the Committee on Diversity, Inclusion, and Equity), working to uphold the values that define our UVM community. I have helped draft legislation to protect students and expand resources for those affected by our current administration, which will be voted on next session, worked on planning Sexual Violence Awareness Month, and advocated for accessibility in legislation by consulting with disabled students and drawing from my own experiences as a Deaf woman.

Additionally, I have begun initiatives to make SGA more transparent and accessible, including publishing finances and legislation on our website. There is still work to be done, and I am committed to continuing these efforts.

I'm so excited about the opportunity to keep serving as your Senator. With your support, we can build a more inclusive and transparent student government. I would be honored to have your vote!
