

UVM STUDENT GOVERNMENT
ASSOCIATION CANDIDATE, REELCT:

MATISSE ARNONE

ABOUT ME

My name is Matisse(he/him) and I'm a second-year from Iowa City, Iowa majoring in Environmental Studies in the honors college here at UVM. In addition to being a committee chair SGA, I currently am a member of the on-campus competitive a capella group Viridescent and work at Henderson's Cafe and Skinny P on campus. I joined SGA here after participating in high school student government and Iowa Youth Congress for two years.

WHY I'M RUNNING AGAIN

Some of the projects that I hope to continue working on if reelected are a sustainable campus fund initiative to get more drinking fountains in dorm buildings, a student TEDX speaker series, and improving the end-of-year dorm move-out recycling efforts through regular clothing swaps. I have also helped plan Earth Week events including Earth Week Pub Quiz and free screen printing activity. I have learned so much as a chair this semester on the Committee on the Environment, but also still see so many opportunities for sustainable improvement across campus.

MY PROMISE

I enjoy talking to many different groups of new people, and what I have learned is the most valuable on SGA is the ability to actively listen. I maintain my promise to seek out the perspectives of all students before voting on all decisions because I am elected to serve the entire student body.
