

DR. ROBERT STERNSZUS is a Hospitalist Pediatrician and an Associate Professor of Pediatrics and Health Sciences Education at McGill University with a Master's Degree in Educational Psychology. He has been intricately involved in Medical Education having served as a Pediatrics Residency Program Director and Competence

Committee Chair at McGill University, a member of the Pediatrics Specialty Committee and the Residency Accreditation Committee of the Royal College of Physicians and Surgeons of Canada, and a Co-Chair of the Professional Role Expert Working Group for the ongoing CanMEDs competency framework project. Dr. Sternszus also currently holds the Wendy MacDonald Chair in Pediatric Medical Education in the Department of Pediatrics at McGill University and serves as the Professionalism Curriculum Lead for the Undergraduate Medical Education Curriculum at McGill University. His scholarship focuses on the areas of resident role modeling, professionalism, and professional identity formation. His current focus is on the interplays between competence and identity as well on supporting the development of agency, a sense of belonging and authentic professional identities in medical students and residents. Dr. Sternszus' contributions to medical education have been recognized by the receipt of a Certificate of Merit from the Canadian Association of Medical Education in 2021 as well as the 2022 Association of Faculties of Medicine of Canada Young Educator Award.
