

CONSTRUCTION NOTICE

MLS Building Tunnel Steam System Work

What Is Happening?

Steam back feed installation from Marsh Life Science (MLS) to the Terrill Building.

Duration of Work: Monday through Friday

Start of Work: 07/21/2025

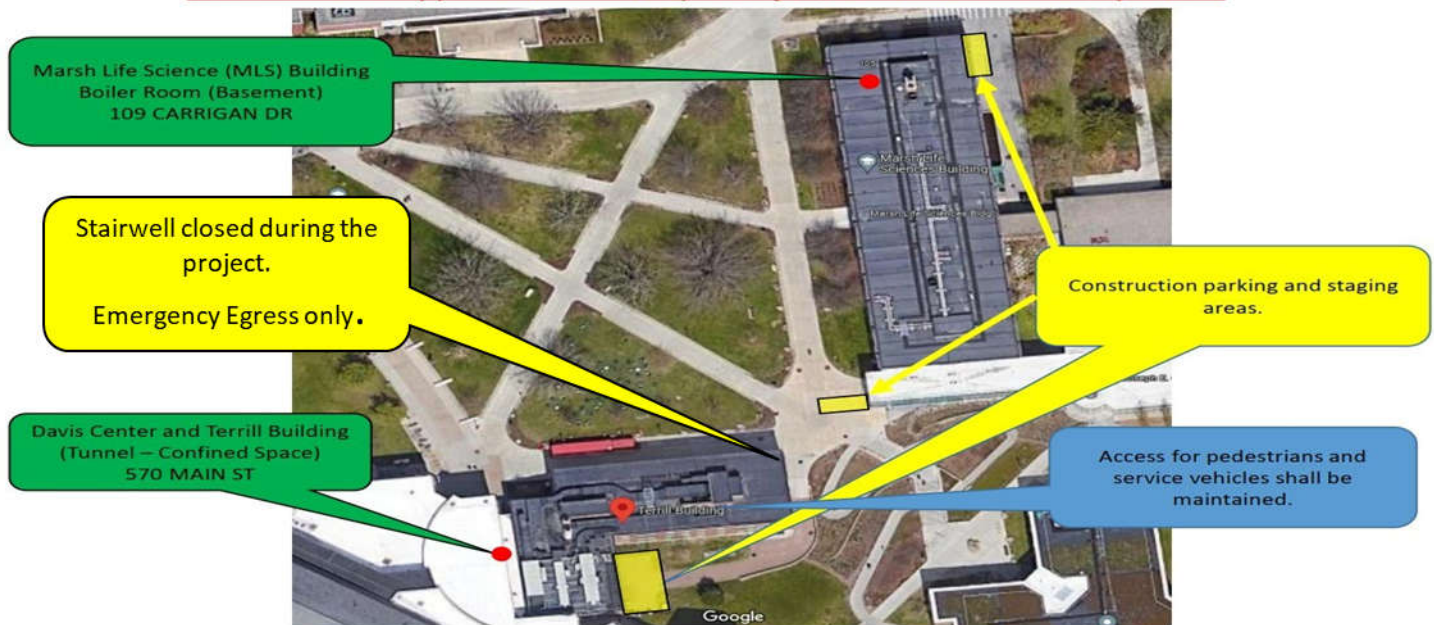

Completion Date: 09/26/2025

What to Expect:

Cooper Mechanical will be working in the MLS steam station and Terrill tunnel. You can expect construction noise and smells during this work that the contractor will manage.

MLS to Davis Center Steam and Condensate Interconnect

Note: Areas are approximate and may be adjusted based on University needs.
