

Elias M. Klemperer, Ph.D.
CURRICULUM VITAE

Position: Associate Professor
Department of Psychiatry

Address: 1 South Prospect St.
Department of Psychiatry
Larner College of Medicine
University of Vermont
Burlington, VT 05405
Voice: (802) 656-1641
Email: elias.klemperer@med.uvm.edu

EDUCATION

2019-2020	University of Vermont Larner College of Medicine, Burlington, VT	NIH Postdoctoral fellow, Vermont Center on Behavior and Health
2018-2019	Yale University School of Medicine, New Haven, CT	Doctoral Internship in Clinical and Community Psychology (APA accredited)
2013-2019	University of Vermont, Burlington, VT	Ph.D., Clinical Psychology; NIH Predoctoral fellow
2006-2011	Lewis & Clark College, Portland, OR	B.A., Psychology

LICENSES, CERTIFICATION

2022-Present	Licensed Clinical Psychologist	State of Vermont, License No. 048.0134378
--------------	--------------------------------	---

FACULTY POSITIONS HELD

2019-2022	Outpatient Clinician	Vermont Psychological Services, Department of Psychological Science, University of Vermont
2020-2025	Assistant Professor	Departments of Psychiatry (primary) and Psychological Science University of Vermont
2025-Present	Associate Professor	Departments of Psychiatry (primary) and Psychological Science University of Vermont

LEADERSHIP AND MAJOR ADMINISTRATIVE POSITIONS HELD

Years	Program name	Role
2016-2020	Vermont Correctional Addiction Treatment Program The Vermont Correctional Addiction Treatment Program (VCAP) is a specialty service within UVM's Vermont Psychological Services which provides evidence-based behavioral addiction treatment for people who are incarcerated within two correctional facilities in Vermont. The program involves training, supervision, and practicum experience for graduate student clinicians within the UVM Department of Psychological Sciences and a patient data repository to support research projects, including a doctoral dissertation and graduate student-led peer reviewed publication.	Founder, Supervisor, and Clinician
2020-2023	Center on Biomedical Research Excellence The University of Vermont Center on Biomedical Research Excellence is funded by the National Institute on General Medical Sciences (NIGMS) and supports the establishment and development of innovative, state-of-the-art biomedical and behavioral research. I served as PI and project leader of a large (N=396) national randomized controlled trial titled: <i>A Randomized Controlled Trial of Smoking Cessation Treatment for Young Adult Dual Users of Combustible and Electronic Cigarettes</i> .	Project Leader
2021-Present	UVM Tobacco Center of Regulatory Science The Vermont TCORS was established in 2013 and is funded by an NIH- and FDA-center grant The	Core Leader: Rapid Response Projects;

	Vermont TCORS investigators extend across UVM, Johns Hopkins University, and Brown University with UVM as the coordinating site. Our Center is dedicated to researching reduced nicotine combusted tobacco products and non-combusted sources of nicotine among vulnerable populations. We also coordinate a series of smaller rapid response research projects to address timely issues related to tobacco regulation. Finally, UVM TCORS also provides a pre- and post-doctoral training program in tobacco regulatory science.	Co-Investigator
2023-Present	UVM Center on Rural Addiction (CORA)/Rural Center of Excellence on SUD Treatment UVM CORA was established in 2019 and is funded by a \$13.7 million RCORP-RCOE Center of Excellence Award from the Health Resources & Services Administration. The aim of UVM CORA is to disseminate science-based treatments and tools to rural communities, with the overarching goal of expanding opioid use disorder (OUD) treatment capacity and reducing opioid-related morbidity and mortality in the rural areas so disproportionately impacted by the ongoing opioid epidemic.	Co-Director: Education and Outreach
2023-Present	Vermont Center on Behavior and Health (VCBH) The VCBH is an interdisciplinary research center committed to investigating the relationships between behavior patterns and risk for chronic disease and premature death, with a focus on health disparities among vulnerable populations. As Associate Director I manage center activities including research personnel, lecture series, conference preparation, and plans for future grant funding. In addition, in my role as Leader of the Pilot Project Program, I manage a fund of \$250,000/year for pilot research projects to seed larger NIH funded grants within our center.	Associate Director; Leader of Pilot Project Program

HONORS AND AWARDS

Year	Award/Honor
2016	University of Vermont Clinical Science Training Award
2017	University of Vermont Graduate College Most Innovative Research Award
2017	National Institute on Drug Abuse (NIDA) Director's Award

2018	Yale Doctoral Internship in Clinical & Community Psychology Travel Award
2019	University of Vermont Larner College of Medicine Dean's Excellence in Research Award: First Prize
2020	University of Vermont Graduate College Outstanding Dissertation Award
2020	College on Problems of Drug Dependence Early Career Investigator Travel Award
2020	American Psychological Association: Division 28 Outstanding Dissertation Award
2024	University of Vermont Larner College of Medicine Rising Star New Investigator Award
2025	Society for Research on Nicotine and Tobacco (SRNT) Jarvik-Russell New Investigator Award

KEYWORDS/AREAS OF INTEREST

Cigarettes; E-cigarettes; Tobacco treatment; Tobacco regulatory science; Smoking cessation; Criminal justice settings; Opioid use disorder; Opioid treatment; Rural health; Substance use disorders; Health behavior change

SUMMARY OF PROFESSIONAL ACTIVITIES- OVERALL

I am an Assistant Professor in the Department of Psychiatry with a secondary appointment in the department of Psychological Science. As a behavioral scientist and licensed clinical psychologist, my research focuses primarily on tobacco control and regulatory science. I completed my doctoral training at the University of Vermont and, after a clinical internship at Yale University, received my PhD in 2019. I then completed one year of a postdoctoral fellowship before joining the faculty at the University of Vermont in 2020 as an NIH-funded Project Leader within the Vermont Center on Behavior and Health (VCBH) Center on Biomedical Research Excellence (COBRE). My current research includes two R01s focused on the dual use of cigarettes and e-cigarettes. The first is a NIH/NIDA and FDA-funded randomized controlled trial to assess nicotine reduction in cigarettes and e-cigarettes. The second is a NIH/NIDA-funded cohort study to examine fine-grained patterns and longitudinal trajectories of cigarette and e-cigarette use among adults who dually use both products compared to those who exclusively use cigarettes or e-cigarettes. Both R01s build directly upon work that I began as a COBRE Project Leader.

Broadly, my research focuses on nicotine reduction, dual use of cigarettes and e-cigarettes, and interventions for people who are not motivated to quit smoking. I am the recipient of the 2025 Society of Research on Nicotine and Tobacco (SRNT) Jarvik-Russell New Investigator award, which is awarded annually to the early-career scientist who has made extraordinary contributions to the field of nicotine and tobacco research. I have published more than 60 papers in well-regarded peer-reviewed journals (including *JAMA*

Psychiatry, Addiction, and Tobacco Control) and given more than 100 local, national, and international scientific presentations on my research in addiction. I have led or collaborated on multiple large national multi-site randomized clinical trials, and have experience conducting both in-person and fully-remote research. In addition to my work in tobacco, I have an emerging line of research examining the treatment of opioid use disorder among incarcerated individuals which includes a recently completed NIH-funded statewide evaluation of the implementation of medication for opioid use disorder in Vermont correctional facilities. I serve as an *ad hoc* NIH grant reviewer on the Interventions to Prevent and Treat Addiction (IPTA) study section. Additionally, I am on the editorial board of *Preventive Medicine* and hold leadership roles within the Society for Research on Nicotine and Tobacco (SRNT) and NAADAC, the Association for Addiction Professionals. My leadership roles within UVM include serving as Associate Director of the Vermont Center on Behavior and Health, leading our COBRE Pilot Project Program, Co-Directing the Education and Outreach Core in the UVM Center on Rural Addiction (CORA), and serving as a Core Leader and Co-Investigator in the UVM Tobacco Center of Regulatory Science (UVM TCORS). Finally, I am the primary mentor for one Clinical Psychology pre-doctoral fellow, serve on multiple masters thesis and doctoral dissertation committees, and work regularly with pre- and post-doctoral trainees within the Vermont Center on Behavior and Health.

SUMMARY OF ACCOMPLISHMENTS

- As PI, I have two active NIH R01s to investigate dual use of cigarettes and e-cigarettes.
- I serve as Associated Director of the Vermont Center on Behavior and Health (VCBH), an NIH-funded center which includes 23 faculty members, 3 post-doctoral fellows, and 3 pre-doctoral trainees conducting behavioral health research.
- I serve as a Co-Director for the UVM Center on Rural Addiction (CORA), a HRSA-funded Rural Center of Excellence which includes 14 faculty and over 15 staff members dedicated to the dissemination of evidence based treatment for addiction in rural communities across all 50 states.
- I have authored more than 60 publications in well regarded peer-reviewed journals including *JAMA Psychiatry, Addiction, Tobacco Control, Drug and Alcohol Dependence, Preventive Medicine, and Nicotine & Tobacco Research*.
- I regularly give invited presentations for academic conferences, universities, and healthcare agencies.
- I currently serve on the Editorial Board for *Preventive Medicine*, have served as a Guest Editor for *Nicotine & Tobacco Research*, and serve as an ad hoc reviewer for over 15 peer-reviewed journals
- Serving in leadership positions, I am an active member of the Society for Research on Nicotine and Tobacco (SRNT), which is the flagship international organization for tobacco researchers.
- I served as chair of the SRNT Treatment Research Network, Communications Committee for over 5 years and currently serve on Treatment Research Network Advisory Committee.

2024	Northwestern University Internship: Examination for Professional Practice in Psychology	Expert Panelist

SUMMARY OF SERVICE ACTIVITIES

I have been dedicated to the service of public health at the local and national levels for the past decade. I serve as Associate Director of the Vermont Center on Behavior and Health (VCBH), which is an NIH-funded center housed within the UVM Department of Psychiatry that includes over faculty as well as numerous trainees and staff. In addition, as a Co-Director of the Education and Outreach Core within the UVM Center on Rural Addiction, I lead a team of faculty and staff to serve providers and patients in rural communities throughout New England. I serve on the Editorial Board for *Preventive Medicine*, I served as a Guest Editor for *Nicotine & Tobacco Research*, and I continue to contribute as an ad hoc reviewer to multiple peer reviewed journals. Additionally, I serve in a leadership role within multiple national scientific societies including the Society for Research on Nicotine and Tobacco (SRNT), where I served as chair of the Treatment Research Network Communications subcommittee for >5 years and currently serve on the Network Advisory Committee and a Tobacco Regulatory Science Working Group. Additionally, I recently served as an invited member of the National Associations for Alcoholism and Drug Abuse Counselors (NAADAC) Nicotine Dependence Specialist Task Force, a panel of national experts who were selected to establish an accreditation standard for tobacco treatment providers. With regard to local service, I co-founded the Vermont Correctional Addiction Treatment Program, which provides behavioral treatment for incarcerated individuals in two correctional facilities and training opportunities for graduate students at the University of Vermont. I have served as a clinician and a supervisor of graduate student clinicians, and helped to secure funding to establish and maintain the program. More recently, I completed a state-wide evaluation of the treatment of opioid use disorder in Vermont correctional facilities for the Vermont legislature. Findings from this evaluation were delivered to the Vermont Senate, presented at multiple national scientific conferences, and published in a peer-reviewed journal.

Specifically, we produce monthly community rounds workshop series, quarterly newsletters, resource guides, research spotlights, user guides, and in-person or virtual presentations to community partners and rural organizations. |

TEACHING AWARDS AND NOMINATIONS

In 2018 I was granted the University of Vermont Graduate Teaching Program Certificate, which is provided to graduate students and faculty who are admitted to and complete UVM's competitive pedagogy training program.

SUMMARY OF TEACHING ACTIVITIES

The bulk of my recent teaching activities have focused on research mentorship. I have completed mentorship training consistent with the Center for the Improvement of Mentored Experience in Research (CIMER) standards, per NIH requirements for mentored grant applications. I am the primary mentor for a University of Vermont clinical psychology doctoral student. In my role as Core Leader of the UVM Tobacco Center of Regulatory Science Rapid Response Projects, I work regularly with pre- and post-doctoral trainees within our center to support them in conducting pilot research projects. Further, I take pride in providing mentorship to research assistants in my lab who are pursuing graduate school and have mentored multiple undergraduate research assistants who have been accepted in or completed graduate training programs. I have also developed curricula and provided scientific mentorship for undergraduate students through the Vermont Biomedical Research Network (VBRN) internship program for students from

underrepresented groups and the University of Vermont Department of Psychological Sciences. In addition to mentorship, I lead an Education and Outreach Core within the UVM Center on Rural Addiction (CORA) which develops resources and provides training in evidence based treatment of addictions to rural clinicians across the United States, including a monthly community rounds series, treatment resources, user guides, and other material. Similarly, in my leadership role within the Vermont Center on Behavior and Health (VCBH), I coordinate and organize a monthly lecture series with national and international experts in behavioral health, which provides continuing medical education to providers and researchers within the University of Vermont College of Medicine.

Dual Use of Combustible and Electronic Cigarettes: A Fine-grained Naturalistic Cohort Study to Investigate Dynamic Use Patterns and Trajectories that Lead to Smoking Cessation

This prospective, longitudinal cohort study will examine the natural course of dual use (combustible and electronic cigarettes), as compared to exclusive combustible cigarette smoking and exclusive e-cigarette use. Using a multi-method assessment approach, the aims are to compare dynamic patterns of use within and across cohorts, as well as to identify the unique and combined patterns of dual use that best predict eventual quitting of combustible cigarettes. Study results will have clinical and regulatory implications for the fast-growing number of alternative tobacco products and those who (co-)use them.

The goal of this study is to examine how nicotine alters brain-reward sensitivity by examining whether acute exposure to e-cigarettes increases reward-sensitivity among young adults who do not regularly use e-cigarettes.

Role: Project Co-I
 Total Award Amount: \$190,184
 Funding Source: NIH/National Institute of General Medical Sciences (NIGMS) IDeA Networks of Biomedical Research Excellence

UD9RH33633-01-00 Sigmon (Center PI)/Klemperer 02/22-01/23
 (Project PI)

A Qualitative Assessment of Access and Barriers to Medications for Opioid Use Disorder Among Incarcerated People from Rural Versus Non-rural Vermont Communities

The overarching goal is to qualitatively assess Vermont Department of Corrections residents' experience with medication for opioid use disorder (MOUD) while incarcerated, and how this differs between individuals from rural versus non-rural communities prior to incarceration.

Role: Project PI
 Total Award Amount: \$47,111
 Funding Source: Health Resources and Services Administration (HRSA) Center on Rural Addiction (CORA)

U54 DA036114 Higgins (Center PI)/Klemperer 09/20 - 08/21
 (Project PI)

Electronic Nicotine Delivery Systems' Influence on Combustible Cigarette Smoking and Demand: A Randomized Controlled Trial

The goal of this randomized controlled trial was to assess the impact of switching to reduced nicotine content e-cigarettes or reducing the number of e-cigarettes used per week on cigarette smoking among dual users.

Role: Project PI
 Total Award Amount: \$96,975
 Funding Source: NIH/National Institute of Drug Abuse (NIDA) and the Food and Drug Administration (FDA) Tobacco Center of Regulatory Science (TCORS) Rapid Response Project

U54 DA036114 Higgins (Center PI)/Klemperer 02/16 - 02/18
 (Project PI)

A Randomized Trial to Compare Switching to Very Low Nicotine Content Cigarettes Versus Reducing Cigarettes Per Day

The goal of this randomized trial was to compare reducing nicotine by switching to very low nicotine content cigarettes vs reducing the number of cigarettes smoked per day on changes in nicotine dependence.

Role: Project PI

Total Award \$108,000

Amount:

Funding Source: NIH/National Institute of Drug Abuse (NIDA) and the Food and Drug Administration (FDA) Tobacco Center of Regulatory Science (TCORS) Developmental Project

- 1 Garvey, K. T., Andrich, L., **Klemperer, E. M.**, Gregg, J., Hudson, L., & Rieckmann, T. (2013, October). *The Vivitrol pilot program: Workforce attitudes regarding the implementation of extended-release naltrexone to treat opioid dependence*. Poster presented and abstract published at the 69th Oregon Public Health Association conference, Eugene, OR.
- 2 Schaubhut, G. J., **Klemperer, E. M.**, Hruska, B., Price, M., & Fondacaro, K. (2014, October). *Concurrent substance use and post-traumatic stress disorder: Treatment model and research*. Poster presented and abstract published at the New England Rural Health conference, Westford, MA.
- 3 *Feinstein, M. P., *Erath, T., Thrailkill, E., DeSarno, M., Medina, N., Higgins, S. T., & **Klemperer, E. M.** (2024, March). *Do women vs men differ in nicotine product substitution for cigarettes using the experimental tobacco marketplace?* Poster presented and abstract published at the University of Vermont Cancer Center Scientific Retreat, Burlington, VT.

National

- 1 Rieckmann, T., & **Klemperer, E. M.** (2012, October). *Network participation and adoption of medications in substance abuse treatment over time*. Poster presented and abstract published at the Addiction Health Services Research conference, New York, NY.
- 2 **Klemperer, E. M.**, Garvey K. T., Andrich, L., Gregg, J., Hudson, L., & Rieckmann, T. (2013, October). *Implementation of extended release naltrexone: Change in workforce knowledge and attitude regarding Vivitrol*. Poster presented and abstract published at the Addiction Health Services Research conference, Portland, OR.
- 3 Rieckmann, T., Srikanth, P., Garvey, K.T., Andrich, L., **Klemperer, E. M.**, & Hudson, L. (2014, October). *The Vivitrol pilot program (VPP): Predicting patient success in an injectable naltrexone treatment program*. Poster presented and abstract published at the Addiction Health Services Research conference, Boston, MA.
- 4 **Klemperer, E. M.**, & Hughes, J.R. (2014, October). *Does the magnitude of reduction in cigarettes per day predict smoking cessation? A literature review*.

- Poster presented and abstract published at the Behavior Change, Health, and Health Disparities conference, Burlington, VT.
- 5 **Klemperer, E. M.**, Hughes, J. R., & Naud, S. J. (2015, October). *Change in reported effectiveness of medications for alcohol abuse*. Poster presented and abstract published at the Behavior Change, Health, and Health Disparities conference, Burlington, VT.
 - 6 **Klemperer, E. M.**, Hughes, J. R., & Callas, P. W. (2015, October). *Reducing nicotine by reducing cigarettes per day is associated with reduced dependence: A secondary data analysis*. Poster presented and abstract published at the National Institute of Health Tobacco Centers of Regulatory Science in-person meeting, Bethesda, MD.
 - 7 **Klemperer, E. M.**, Hughes, J. R., Callas, P.W., & Solomon, L. J. (2016, October). *A mediation analysis of motivational, reduction, and usual care interventions for smokers who are not ready to quit*. Poster presented and abstract published at the Behavior Change, Health, and Health Disparities conference, Burlington, VT.
 - 8 **Klemperer, E. M.** & Hughes, J. R. (2017, March). *A mediation analysis of brief interventions for smokers who are not ready to quit*. Poster presented and abstract published at the Collaborative Perspectives on Addiction conference, Albuquerque, NM.
 - 9 **Klemperer, E. M.**, Hughes, J. R., & Naud, S. (2017, October). *Reduction in cigarettes per day prospectively predicts making a quit attempt: A fine-grained secondary analysis of a natural history study*. Poster presented and abstract published at the Behavior Change, Health, and Health Disparities conference, Burlington, VT.
 - 10 **Klemperer, E. M.**, Verplaetse, T. L., & McKee, S. A. (2018, October). *Prevalence and description of natural recovery from opioid use disorder using the National Epidemiologic Survey on Alcohol and Related Conditions*. Poster presented and abstract published at the Behavior Change, Health, and Health Disparities conference, Burlington, VT.
 - 11 **Klemperer, E. M.**, Verplaetse, T. L., & McKee, S. A (2019, April). *Who recovers from opioid use disorder without treatment? Findings from the National Epidemiologic Survey on Alcohol and Related Conditions*. Poster presented and abstract published at the Collaborative Perspectives on Addiction conference, Providence, RI.
 - 12 **Klemperer, E. M.**, Baker, T. B., & Cook, J. W. (2019, October). *Predictors of quit attempts and success after motivation phase interventions among people not ready to quit smoking*. Poster presented and abstract published at the Behavior Change, Health, and Health Disparities conference, Burlington, VT.
 - 13 Falcón, A., K., Dobbins, A. E., Geist, T., **Klemperer, E. M.**, & Fondacaro, K. (2020, March). *Vermont correctional addiction treatment program (VCAP): A novel approach to substance use treatment in corrections*. Poster presented and abstract

- published at the Association of Psychology Training Clinics conference, Albuquerque, NM.
- 14 *West J. C., Peasley-Miklus C., **Klemperer E. M.**, Roemhildt M., Trites J., Trutor M., & Villanti A. C. (2020, October). *Knowledge of State Marijuana Policy as a Measure of Exposure to Changes in Legal Status*. Poster presented and abstract published at the Vermont Center on Behavior and Health virtual conference.
 - 15 **Klemperer, E. M.**, Hughes, J. R., Callas, P. W., West, J. C., & Villanti, A. C. (2020, October). *Characterizing US adult electronic cigarette users who are never combustible tobacco smokers in Wave 4 (2016-2018) of the Population Assessment of Tobacco and Health Study*. Poster presented and abstract published at the Behavior Change, Health, and Health Disparities conference, Burlington, VT.
 - 16 Peck, K., Pagan, D., **Klemperer, E. M.**, Badger, G., & Sigmon, S. (2020, November). *Prolonged exposure for treating PTSD among individuals receiving methadone or buprenorphine for opioid use disorder*. Poster presented and abstract published at the Association for Behavioral and Cognitive Therapies conference.
 - 17 *West, J. C., *Pomichter, E., *LePine, E., Ganz, O., **Klemperer, E. M.**, Mays, D., Mermelstein, R. J., & Villanti, A. C. (2021, October). *Harnessing mass media substance use prevention campaigns to inform polytobacco use prevention in US adolescents and young adults: a systematic review*. Poster presented and abstract published at the Behavior Change, Health, and Health Disparities conference, Burlington, VT.
 - 18 *LePine, E., **Klemperer, E. M.**, Peasley-Miklus, C., *West, J. C., & Villanti, A. C. (2021, October). *Evaluating a smoking cessation text message intervention for socioeconomically-disadvantaged young adults: what is helpful and what can be improved?* Poster presented and abstract published at the Behavior Change, Health, and Health Disparities conference, Burlington, VT.
 - 19 **Klemperer, E. M.**, Ramniceanu, A., King-Mohr, J., Wreschnig, L., Rawson, R., & Evans, E. A. (2022, October). *Contingency management: An opportunity to improve treatment outcomes for incarcerated individuals receiving medication for opioid use disorder in Vermont*. Poster presented and abstract published at the Behavior Change, Health, and Health Disparities conference, Burlington, VT.
 - 20 *West, J. C., Pomichter, E., Ganz, O., **Klemperer, E. M.**, Mays, D., Mermelstein, R. J., & Villanti, A. C. (2022, October). *Testing polytobacco public education messages adapted from effective tobacco prevention mass media campaigns: Results from an online message testing trial*. Poster presented and abstract published at the Tobacco Centers of Regulatory Science (TCORS) virtual conference.
 - 21 **Klemperer, E. M.**, Wreschnig, L., Crocker, A., King-Mohr, J., Ramniceanu, A., Evans, E. A., & Rawson, R. (2022, December). *The impact of COVID-19 and implementation of medication for opioid use disorder in a statewide correctional system on treatment engagement, post-release continuation of care, and overdose*.

Poster presented and abstract published at the National IDeA Symposium of Biomedical Research Excellence (NISBRE) virtual conference.

- 22 *Batchelder, S. R., Napoles, J., Peasley-Miklus, C., Shaw, J., **Klemperer, E. M.**, Peck, K. R., Heil, S., Sigmon, S. C., & Villanti, A. C. (2023, October) *Supporting smoking cessation among rural patients via Tobacco Toolkit provision to rural healthcare providers* Poster presented and abstract published at the Vermont Center on Behavior and Health conference, Burlington, VT.
- 23 *Marsh, K., *Feinstein, M. P., Skelly, J., & **Klemperer, E. M.** (2023, October). *Attempts to quit smoking and vaping among a treatment seeking sample of young adult women who dually use cigarettes and e-cigarettes*. Poster presented and abstract published at the Vermont Center on Behavior and Health conference, Burlington, VT.

SUMMARY OF SCHOLARLY ACTIVITIES

Broadly, my research focuses on nicotine reduction, dual use of cigarettes and e-cigarettes, and interventions for people who are not motivated to quit smoking. I have two ongoing NIH-funded R01s. The first is a multi-site RCT testing nicotine reduction among adults who dually use cigarettes and e-cigarettes. The second is a large naturalistic cohort

study to investigate longitudinal patterns of dual use of cigarettes and e-cigarettes. Both R01s build upon my previous work within the Vermont Center on Behavior and Health as an NIH funded Project Leader in our Center of Biomedical Research Excellence (COBRE). With over 60 publications in well-regarded peer-reviewed journals (including *JAMA Psychiatry*, *Addiction*, and *Tobacco Control*) and over 100 scholarly presentations, my research has made substantive scholarly contributions at the local, state, and national levels. I have led or collaborated on multiple large national and multi-site randomized controlled trials and have experience conducting both in-person and fully-remote research. In addition to my work in tobacco, I have an emerging line of research examining the treatment of opioid use disorder among incarcerated individuals, which includes a recently completed NIH-funded statewide evaluation of the implementation of medication for opioid use disorder in Vermont correctional facilities. My ongoing leadership roles within three federally funded research centers as well as my growing body of independent research grant funding has positioned me well to continue to build my program of research in addiction and behavioral health interventions.

INVITED PRESENTATIONS

Regional Talks

- 1 **Klemperer, E. M.** (2016, August). *A mediation analysis of motivational, reduction, and usual care interventions for smokers who are not ready to quit*. Paper presentation at the annual Training in Behavioral Pharmacology of Drug Dependence Scientific Retreat, Vergennes, VT.
- 2 **Klemperer, E. M.** (2017, August). *Reduction in cigarettes per day prospectively predicts making a quit attempt: a fine-grained secondary analysis of a natural history study*. Paper presentation at the annual Training in Behavioral Pharmacology of Drug Dependence Scientific Retreat, Vergennes, VT.
- 3 **Klemperer, E. M.** (2019, July). *Who remits from opioid use disorder without treatment? Findings from the National Epidemiologic Survey on Alcohol and Related Conditions*. Paper presentation at the annual Training in Behavioral Pharmacology of Drug Dependence Scientific Retreat, Vergennes, VT.
- 4 **Klemperer, E. M.** (2019, August). *Remission from opioid use disorder without treatment in the United States*. Paper presentation for the University of Vermont Larner College of Medicine Excellence in Research Symposium, Burlington, VT.
- 5 **Klemperer, E. M.** (2020, July). *Dual use and smoking cessation: recent and upcoming research*. Paper presentation at the annual Training in Behavioral Pharmacology of Drug Dependence Scientific Retreat, Vergennes, VT.
- 6 **Klemperer, E. M.** (2021, August). *Preliminary findings from a statewide evaluation of the implementation of medications for opioid use disorder (MOUD) in Vermont correctional facilities*. Paper presentation and abstract publication at the Northeast Regional Institutional Development Award (IDeA) Conference.

- 7 **Klemperer, E. M. & Lyon-Horne, J. (2022, May).** *Nicotine replacement therapy tobacco treatment toolkits to promote smoking cessation among people receiving medication for opioid use disorder.* Oral presentation for the Maine Health Center for Tobacco Independence Conference, virtual presentation.
- 8 **Klemperer, E. M. & Lyon-Horne, J. (2022, August).** *Tobacco treatment toolkits to promote smoking cessation in rural Vermont communities.* Oral presentation for the Vermont Department of Health Tobacco Control Group, virtual presentation.
- 9 **Klemperer, E. M. (2022, November).** *Applying motivation-phase interventions to treat tobacco use among people with opioid use disorder.* Oral presentation for the Center on Rural Addiction (CORA) Community Rounds Workshop Series, virtual presentation.
- 10 **Klemperer, E. M. (2022, December).** *Tobacco and our rural community.* Oral presentation for the Healthy Lamoille Valley Tobacco and Vape Taskforce Meeting, virtual presentation.
- 11 **Klemperer, E. M. (2023, April).** *Harm reduction panel.* Center on Rural Addiction (CORA) Scholarship Program, Burlington, VT.
- 12 **Klemperer, E. M. & Villanti A. C. (2023, May).** *Tobacco treatment toolkits for people living in rural communities.* Oral presentation for the Vermont Department of Health Grand Rounds, Burlington, VT.
- 13 **Klemperer, E. M. (2023, June).** *Nicotine replacement therapy and tobacco-related health disparities.* Oral presentation for the Center for Population Health - Cheshire Medical Center, Keene, NH.
- 14 **Klemperer, E. M., Bourne, D., & Brown, T. (2023, December).** *National and local reflections on the integration of tobacco cessation in behavioral health systems.* Paper presentation and abstract publication at the New Hampshire Behavioral Health Summit, Manchester, NH.
- 15 **Klemperer, E. M. (2024, October)** *Tobacco treatment for people living with mental health or substance use disorders.* Oral presentation at the Vermont Department of Health Behavioral Health Meeting, Waterbury, VT.
- 16 **Klemperer, E. M. (2025, January)** *Strategies to promote smoking cessation among patients with substance use disorder.* Oral presentation at the University of Vermont Addiction Treatment Center, Burlington, VT.
- 17 **Klemperer, E. M. (2025, March)** *Recent Research and The Pursuit of R01s.* Oral presentation for the University of Vermont Cancer Center, Burlington, VT.
- 18 **Klemperer, E. M. (2025, May)** *Preventing cancer in the next generation: novel treatment for poly-tobacco use among young adults.* Oral presentation for PitchFest philanthropic event, hosted by the University of Vermont Cancer Center, Burlington, VT.

National Talks

- 1 **Klemperer, E. M., Nielsen, E.** (2011, June). *Conflict resolution with a serious game for peace*. Paper presentation and abstract publication at the Games, Learning, and Society conference, Madison, WI.
- 2 **Klemperer, E. M., Rieckmann, T., & Campbell, A.** (2012, October). *Factors influencing the use of technology in substance abuse treatment*. Paper presentation and abstract publication at the Addiction Health Services Research conference, New York, NY.
- 3 **Klemperer, E.M., Hughes, J. R., Callas, P. W., & Morley, N.** (2018, June). *A randomized trial to compare switching to very low nicotine content cigarettes vs reducing cigarettes per day*. Plenary paper presentation and abstract publication at the National Institute of Health's Tobacco Regulatory Science meeting, Washington D.C.
- 4 **Klemperer, E. M.** (2021, August). *Interventions for adults who are not motivated, not willing, or not ready to quit smoking*. Oral presentation for the NIDA Nicotine & Tobacco Research Team (NTRT).
- 5 **Klemperer, E. M.** (2021, September). *Preliminary findings from a statewide evaluation of the implementation of medications for opioid use disorder (MOUD) in Vermont correctional facilities and the impact of COVID-19*. Oral presentation for the NIH HEAL Justice Community Opioid Innovation Network (JCOIN).
- 6 **Klemperer, E. M.** (2021, December). *A statewide evaluation of the implementation of medications for opioid use disorder (MOUD) in Vermont correctional facilities and the impact of COVID-19*. Oral presentation for the Center of Biomedical Research Excellence (COBRE) on Opioids and Overdose, Rhode Island.
<https://www.youtube.com/watch?v=3cK0mBm2qkg>
- 7 **Klemperer, E. M.** (2022, August). *The influence of e-cigarette reduction on combusted cigarette smoking: A pilot randomized controlled trial*. Oral presentation for the CASEL Tobacco Centers of Regulatory Science (TCORS) Webinar Series.
- 8 **Klemperer, E. M., Luo, X., Jensen, J., al'Absi, M., Cinciripini, P. M., Robinson, J. D., Drobos, D. J., McClernon, J., Strasser, A. A., Strayer, L. G., Vandrey, R., Benowitz, N. L., Donny, E. C., & Hatsukami, D. K.** (2022, October). *Smoking abstinence and cessation-related outcomes one month after an immediate versus gradual reduction in nicotine content of cigarettes*. Plenary paper presentation and abstract publication at the Tobacco Centers of Regulatory Science (TCORS) virtual conference.
- 9 **Klemperer, E. M.** (2023, April). *Emerging evidence to inform tobacco treatment for dual users*. Oral presentation for the Promoting Advancements for Cancer Control and Health Equity Seminar (PACES). Charleston, SC.

- 10 **Klemperer, E. M.** (2023, June). *The impact of the implementation of medication for opioid use disorder and COVID-19 in a statewide correctional system on treatment engagement, post-release continuation of care, and overdose*. Oral presentation for the NIH HEAL Justice Community Opioid Innovation Network (JCOIN) steering committee.
- 11 **Klemperer, E. M.** (2023, August). *Implementing medication for opioid use disorder and the impact of COVID-19 on treatment engagement and post-release overdose in a statewide correctional system*. Paper presentation and abstract publication at the Northeast Regional IDeA Conference (NERIC), Wilmington, DE.
- 12 **Klemperer, E. M., *Kock, L., *Feinstein, M. P., *Marsh, K., & Higgins, S. T.** (2023, October). *Dual use of cigarettes and e-cigarettes among women in the United States: Nationally representative findings from the Population Assessment of Tobacco and Health Study*. Paper presentation and abstract publication at the Vermont Center on Behavior and Health conference, Burlington, VT.
- 13 **Klemperer, E. M.** (2023, October). *Implementing medication for opioid use disorder in a statewide correctional system*. Paper presentation and abstract publication at the Vermont Center on Behavior and Health conference, Burlington, VT.
- 14 **Klemperer, E. M.** (2024, May). *Preliminary evidence from a randomized controlled trial of nicotine replacement therapy for smoking cessation with advice to continue vs quit e-cigarettes among dual users*. Oral presentation for the University of Wisconsin Center for Tobacco Research and Intervention, Madison, WI.
- 15 **Klemperer, E. M.** (2024, October). *Frequency of e-cigarette use as a mediator of effects in three randomized controlled trials of reduced nicotine content cigarettes with tobacco- vs preferred-flavored e-cigarettes in high-risk populations*. Paper presentation and abstract publication at the Vermont Center on Behavior and Health conference, Burlington, VT.
- 16 **Klemperer, E. M.** (2024, November). *Enhancing tobacco treatment engagement and smoking cessation: insights and interventions*. Oral presentation for the Oregon Tobacco-Free Recovery Leadership Academy meeting.
- 17 **Klemperer, E. M.** (2025, February). *Emerging evidence to inform tobacco use treatment for adults who dually use cigarettes and e-cigarettes*. Webinar for the Center of Excellence for Tobacco Free Recovery.
- 18 **Klemperer, E. M.** (2025, July). *Treating dual use of cigarettes and e-cigarettes*. Invited talk for the Medical University of South Carolina (MUSC) Hollings Cancer Center Tobacco Treatment Program.

International Talks

- 1 **Klemperer, E. M.** & Hughes, J.R. (2014, June). *Does the efficacy of medications for substance abuse treatment decrease over time?* Paper presentation and abstract publication at the College on Problems of Drug Dependence conference, San Juan, Puerto Rico.
- 2 **Klemperer, E. M.**, Hughes, J. R., Solomon, L. J., Callas, P. W., & Fingar, J. R. (2016, March). *A randomized controlled trial of motivational and reduction interventions for smokers who are not ready to quit.* Paper presentation and abstract publication at the Society for Research on Nicotine and Tobacco conference, Chicago, IL.
- 3 **Klemperer, E.M.** & Hughes, J. R. (2016, May). *Study characteristics account for the majority of variance in clinical trials of medications for alcohol use disorders: A meta-analysis.* Paper presentation and abstract publication at the Society for Clinical Trials conference, Montreal, Quebec, Canada.
- 4 **Klemperer, E.M.** & Hughes, J. R. (2016, June). *Reduction in cigarettes per day prospectively predicts quit attempts and cessation in smokers who are not ready to quit.* Paper presentation and abstract publication at the College of Problems on Drug Dependence conference, Palm Springs, CA.
- 5 **Klemperer, E.M.**, Hughes, J. R., & Naud, S. (2017, May). *Nonpharmacological study characteristics account for the majority of variance in clinical trials of medications for tobacco and alcohol use disorders: a meta-analysis.* Paper presentation and abstract publication at the College of Problems on Drug Dependence conference, Montreal, Quebec, Canada.
- 6 **Klemperer, E.M.**, Hughes, J. R., & Callas, P. (2019, February). *Clinical outcomes from a randomized trial to compare reducing nicotine with very low nicotine content cigarettes versus reducing number of cigarettes per day.* Paper presentation and abstract publication at the Society for Research on Nicotine and Tobacco conference, San Francisco, CA.
- 7 **Klemperer, E. M.**, Lamberson, M., Bidad, R., Dubuque, A., Morgan, C., Herrington, R., Mahler, B., Jackson, P., Maruti M., Wolfson, D., Goedde, M., Dewitt, K., Rawson R., & Mackey, S. (2020, July). *Implementation, recruitment, and retention for an emergency department initiated buprenorphine intervention for opioid use disorder.* Paper presentation and abstract publication at the Society for Clinical Trials contributed session virtual presentation. [In-person conference canceled due to COVID-19]
- 8 **Klemperer, E. M.** & Villanti, A. C. (2021, February). *Why and how do dual users quit electronic cigarettes? Findings from a cross-sectional internet survey.* Paper presentation and abstract publication at the Society for Research on Nicotine and Tobacco virtual conference.

- 9 **Klemperer, E. M.**, Bunn, J. Y., Palmer, A. M., Smith, T. T., Toll, B. A., Cummings, K. M., & Carpenter, M. J. (2023, March). *E-cigarette cessation and transitions in combusted tobacco smoking status: Longitudinal findings from the US FDA PATH Study*. Paper presentation and abstract publication at the Society for Research on Nicotine and Tobacco conference, San Antonio, TX.
- 10 **Klemperer, E. M.**, *Feinstein, M. J., Skelly, J., O'Connor, S., *West, J. C., Peasley-Miklus, C., Hatsukami, D. K., & Higgins, S. T. (2023, June). *The influence of e-cigarette reduction on combusted cigarette smoking among dual users: A pilot randomized controlled trial*. Paper presentation and abstract publication at the College on Problems of Drug Dependence conference, Denver, CO.
11. **Klemperer, E. M.**, *Feinstein, M. J., *Marsh, K., Skelly, J., Carpenter, M. J., Villanti, A. C., & Higgins, S. T. (2025, March). *Smoking cessation treatment for young adult dual users: a 2x2 factorial trial of nicotine replacement therapy with recommendations to quit or continue e-cigarette use*. Paper presentation and abstract publication at the Society for Research on Nicotine and Tobacco conference, New Orleans, LA.
12. **Klemperer, E. M.**, Desarno, M., Plucinski, S., *Feinstein, M. J., *Wiley, R. C., Sigmon, S. C., Tidey, J. W., Heil, S. H., Gaalema, D. E., Lee, D. C., & Higgins, S. T. (2025, March). *Cigarette reduction: frequency of e-cigarette use mediates effects in three randomized controlled trials of reduced nicotine cigarettes with tobacco vs preferred flavored e-cigarettes in high-risk populations*. Paper presentation and abstract publication at the Society for Research on Nicotine and Tobacco conference, New Orleans, LA.

INVITED CHAIR AND DISCUSSANT ROLES IN SCIENTIFIC SYMPOSIA

- 1 Mashhoon, Y. & **Klemperer, E. M.** (2016, June) *Cigarettes: nicotine*. Co-chaired symposium at the College on Problems of Drug Dependence (CPDD) conference, Palm Springs, CA.
- 2 **Klemperer, E. M.** (2021, October). *Paper Session 2*. Chaired symposium at the Vermont Center on Behavior and Health (VCBH) conference, virtual meeting.
- 3 **Klemperer, E. M.** (2022, October). *ENDS and cigarette smoking cessation*. Chaired symposium at the Tobacco Centers of Regulatory Science (TCORS) conference, virtual meeting.
- 4 **Klemperer, E. M.** & Bold, K. W. (2023, June). *Nicotine clinical treatments*. Chaired symposium at the College on Problems of Drug Dependence conference, Denver, CO.
5. **Klemperer, E. M.** (2025, June). *No smoking in the French quarter: treatments for nicotine dependence*. Chaired symposium at the College on Problems of Drug Dependence conference, New Orleans, LA.

6. **Klemperer, E. M.** (2025, July). *Interventions for quitting vaping: Findings from a Cochrane living systematic review*. Discussant for the Tobacco Online Policy Seminar (TOPS).

INVITED MEDIA INTERVIEWS

- 1 **Klemperer, E. M.** (2021, April). UVM Brings Therapy to Federal Prisoners. Invited interview on the Vermont Correctional Addiction Treatment Program (VCAP) for an article in *Seven Days*: <https://www.sevendaysvt.com/vermont/inmates-interrupted-uvm-brings-therapy-to-federal-prisoners/Content?oid=5061596>
- 2 Higgins S. T. & **Klemperer, E. M.** (2022, August). UVM Researchers Contributing to FDA Nicotine Studies. Invited interview for a story on tobacco regulatory science research on UVM on *WCAX Channel 3*.
- 3 **Klemperer, E. M.** (2023, June). UVM research on the implementation of medication assisted treatment in Vermont's correctional facilities. Invited radio interview on *Vermont Public*.
- 4 **Klemperer, E. M.** (2023, August). Treatment for opioid use disorder in Vermont's prisons. Invited interview for a story on *ABC Channel 22*.
- 5 **Klemperer, E. M.** (2023, August). Study finds success in prison opioid treatment program. Invited interview for an article in *VT Digger*: <https://vtdigger.org/2023/08/10/study-finds-successes-in-prison-opioid-treatment-program/>
- 6 **Klemperer, E. M.** (2023, December). In Putney, harm reduction takes a rural focus. Invited interview for an article in *VT Digger*: <https://vtdigger.org/2023/12/11/in-putney-harm-reduction-takes-a-rural-focus/>
- 7 **Klemperer, E. M.** (2024, March). UVM researcher studies how to best help smokers cut nicotine. Invited interview for a story on *WCAX Channel 3*: <https://www.wcax.com/2024/03/06/uvm-researcher-studies-how-best-help-smokers-cut-nicotine/>
- 8 **Klemperer, E. M.** (2024, April). New UVM tests nicotine reduction in cigarettes and e-cigarettes. Invited interview for a story aired on *ABC Channel 22 and Fox Channel 44*: <https://www.mychamplainvalley.com/news/your-best-life/your-best-life-uvm-nicotine-study/>
- 9 **Klemperer, E. M.** (2025, June). UVM study reveals effective treatment for young adults who smoke and vape. Invited interview for a story on *WCAX Channel 3*: <https://www.wcax.com/2025/06/26/uvm-study-reveals-effective-treatment-youth-who-smoke-vape/>
- 10 **Klemperer, E. M.** (2025, July). Invited guest on the University of Oxford *Let's Talk E-cigarettes* podcast: <https://podcasts.ox.ac.uk/series/lets-talk-e-cigarettes>
