Hi, my name is Angel Castañeda and I'm running to be one of your SGA Senators! I've always loved being involved and finding ways to serve my community. In my time I have served in a wide variety of roles, including as my high school's Vice President, chair of my county's student government's Connect committee, and attended several conferences with the Maryland Association of Student Councils. Throughout these experiences, one of our biggest struggles was getting enough funding to accomplish our projects and navigating the administration to make those projects happen. That experience showed me how important it is for students to have guidance while navigating what can be a stressful and isolating experience.

Here at UVM, I want to make it easier for students to pursue their passions. For so many of us, clubs and organizations are where we go to find friends, community, and opportunities and I want to help make those opportunities easier for all of us. My primary goal is to not only make sure existing clubs have the resources and information they need to thrive, but also to make it simple for anyone to start a new club, no matter what interests them.

College should be about looking forward to the future and getting involved in what excites you. As your Senator, I want to make our student government more approachable and ensure every student has the chance to be heard, supported, and included.
