"The Evolution of Government Financial Statement Note Disclosure under GASB Concepts Statement No. 7" (On-Going). Co-Author(s): Lowensohn, Suzanne
This multi-stage project will provide historical perspectives of GASB note disclosures since the 2001 comprehensive review documented in *GASB Statement No. 38, Certain Financial Statement Note Disclosures*. It will allow for reexamination of GASB note disclosures under Concepts Statement 7 by documenting steps that FASB and other standard-setting bodies have taken. It will evaluate current note disclosure deficiencies found in the literature, comment letters, and available GASB staff documents. Finally, sample government financial statements of various government entities will be examined in the context of the study.
