An excellent stage presentation captures and maintains people's attention. Active performances that can be seen and heard work well, as do unique, fun and original material. Written materials identifying your club or used to enhance the presentation are suggested, but optional. No points will be awarded towards their use, but points may be deducted for misspelling or not being able to be seen from a distance. Each stage performance must be 3–7 minutes. Adults may not accompany youth on stage. Below you will find an evaluator's opinion as to how effective your presentation is. Read their comments to see what they think would improve your presentation. **Thank you for exhibiting your work!**
