Strategy for 2026 Legislative Session

Vice Chair Smith invited Executive Director of Government Relations Wendy Koenig to update the Board on the upcoming 2026 legislative session.

Executive Director Koenig spoke about the university's appropriations request for FY 2027, noting that UVM has requested a 3% increase to the general fund budget, a \$5 million one-time request over a 5-year period for the UVM Cancer Center, and a \$20 million contribution for the Multipurpose Events Center project. Trustee Catherine Toll inquired about the source of funding from the state for these requests. Executive Director Koenig responded it likely will be partially capital funds, amongst a variety of other sources. President Marlene Tromp noted the importance of the Multipurpose Center project to the rest of the state.

Trustee John Bartholomew inquired about the delay in funding for the UVM Cancer Center. Executive Director Koenig spoke to the limited funds and vast number of requests by others throughout the state. Trustee Stephanie Jerome noted many legislators have either been treated for cancer or had loved ones treated for cancer at the UVM Cancer Center. Vice Chair Shap Smith suggested legislators receive a briefing about the University's budgeting process, followed by a discussion on messaging for budgeting within the legislature.
