THE UVM PRESIDENTIAL LECTURE SERIES

For the 2025-26 academic year, the University explores the future of higher education. Changing demographics, upended federal and state policy, new technologies, evolving student and family expectations, uncertain job markets, rising mistrust of the academy, lessons from Covid, technological innovations, and disagreement about the very purpose of an education all raise questions about higher education's ends and the means to those ends.

Presidential Lecture Series Janus Forum Debate works in partnership with UVM Libraries and UVM Lawrence Debate Union.
