

# Planning for Orchard Success

## Pest, Pollinator, and Crop Management Decision Making

Join the Vermont Tree Fruit Growers Association and the University of Vermont Extension at these hands-on field meetings at two of Vermont's many beautiful apple orchards. We will discuss topics related to commercial tree fruit, such as integrated pest and pollinator management, pest and disease updates, and thinning. This event is free and geared to commercial growers and people that work with them. Light snacks will be provided.

At each location the following CEUs will be available: Pesticide applicator credits available: 1 credit for categories 1A, 1, 2, 3, 4, 5, 6. Certified Crop Adviser CEUs available: pending.
