Dear Members of the Class of 2026,

Commencement has always been my favorite day of the year because of the profound joy in gathering to celebrate achievement, possibility, and the wonder of new beginnings. This year's Commencement is especially meaningful to me because it is my first year as a Catamount. I am so proud to honor your achievement and mark the university's 225th Commencement on May 16, 2026.

I have learned many things this year—from our current faculty, staff, and students and from our alumni, friends, and partners around the country and the world: we have an extraordinary community, driven to pursue excellence and guided by deep values and a commitment, whatever their field, to making a better world. Our alumni describe active lifelong bonds with their classmates and their special connection to Catamounts they meet in their professional and personal lives. Our current students describe a place with people who genuinely care about, challenge, and encourage them, and our faculty and staff talk about their deep engagement with and commitment to their work and to the students and state we serve. People here are willing to be open to one another, respect one another—indeed, these are two of our Our Common Ground values.

UVM's sense of place has shaped its character and is central to our magic. We live and work in one of the most beautiful cities in the country. Ringed by the Green Mountains and Adirondacks and seated above beautiful Lake Champlain, we are situated on a historic and engaging campus—with everything from a cornerstone laid by a Revolutionary War hero to amazing local food, colorful study hammocks, and some of the best places to explore in New England. Our deep history, our beautiful location, our values create a chemistry unmatched by any other university in the nation. Is it any wonder that our graduates go on to make an exceptional impact?

What a gift it has been to meet many of you this year, to listen to your stories, learn about your challenges and triumphs, and hear your dreams for what comes next. I have seen your creativity, resilience, compassion, and talent firsthand. You are amazing. I can't wait to see what you will do in the world that awaits you.

Please stay in touch with us and our Alumni Association. Drop us a line to let us know the remarkable things you're doing. Reach out to other UVM alums, a Catamount family that spans generations and continents.

Congratulations, Class of 2026. Step boldly into your next chapter, carrying your curiosity, your values, and your UVM pride with you.

With admiration and warmest wishes,

A handwritten signature in black ink, appearing to read 'Marlene Tromp'. The signature is fluid and cursive, with a long horizontal stroke extending to the right.

## BEN OGDEN '22

*Two-Time Olympic Silver Medalist  
in Cross Country Skiing at the 2026  
Winter Olympics in Cortina, Italy*

Photo credit: US Ski & Snowboard

Ben Ogden is an Olympic medalist crosscountry skier and a Class of 2022 graduate of the University of Vermont College of Engineering and Mathematical Sciences with a degree in mechanical engineering.

Ben won his first NCAA individual title in 2020 as a member of the UVM ski team, in the men's 10-kilometer freestyle. In 2022 he swept both the classic and freestyle NCAA titles.

At the 2026 Winter Olympics in Milan-Cortina, Ben captured a silver medal in the men's sprint, making history as the first U.S. male crosscountry skier to stand on an Olympic podium in 50 years. When he and his teammate, Gus Schumacher, earned silver medals in the men's team sprint a week later, Ben became the first American ever with multiple cross-country skiing medals in a single Olympic Games.

A fourth-generation Vermonter, Ogden grew up in Landgrove, Vt. He was first introduced to cross-country skiing at age 5 by his father, John, a former ski racer for Middlebury College. Ben attended the Stratton Mountain School and was a member of its storied T2 program, which has produced numerous national team members and Olympians across snow sports.

Ben began making his mark on the sport's global stage in the 4 x 5 km relay at the Junior World Championships, where he captured silver in 2018 (the first-ever U.S. men's medal in the event) and successive golds in 2019 and 2020. Ben has also captured numerous podiums in World Cup competition, as well as the coveted Green Bib as the fastest male skier under age 23 in the World Cup in 2022-'23.

Ben currently lives in Richmond, Vt., and enjoys restoring classic cars in his spare time.

## Phi Beta Kappa

Phi Beta Kappa, a national honor society dedicated to honoring high academic achievement for students in liberal arts, was founded at the College of William and Mary in 1776. It is the nation's first Greek letter society and is the oldest and most respected academic honorary society. UVM's chapter of Phi Beta Kappa, the Alpha of Vermont, was established in 1848; it is the eleventh oldest chapter on the national rolls of Phi Beta Kappa, and the first chapter to admit both African Americans and women to its membership.

## Mortar Board

Mortar Board is a national honor society that recognizes undergraduate students for distinguished ability and achievement in scholarship, leadership, and service. While it is an honor to be selected for membership in Mortar Board, it is the commitment to continue to serve that differentiates an honor society from an honorary society. Mortar Board chapters across the nation are challenged to provide thoughtful leadership to the campus and community, to create an environment of effective communication, to move toward a meaningful goal, and to maintain the ideals of the society.

# Academic Regalia

THE ACADEMIC COSTUME worn today in U.S. colleges and universities is a survivor of the Middle Ages. The University of Vermont was among the first in this country to experiment with the use of academic gowns, requiring their wearing at the graduation of 1806. The experiment was not repeated until mid-century when UVM and other colleges began wholeheartedly to use the medieval scholar's clothing for ceremonial occasions.

The code regulating academic costume is administered by an intercollegiate commission that establishes uniform standards. BACHELORS' gowns have closed fronts and long, pointed sleeves. MASTERS' gowns may be worn open or closed and have oblong sleeves open at the wrist, the lower portion hanging down with an arc near the bottom. DOCTORS' gowns may be open or closed and have velvet facings and three velvet bars on the round, open sleeves. The facings and bars may be of black or of the official colors of the wearer's department of learning.

Hoods are usually black. All are lined in silk in the academic color or colors of the institution conferring the degree, with a chevron for additional colors. A University of Vermont hood is lined with green, with a gold chevron, the official school colors. The color of the hood border indicates the degree earned.

THE BLACK MORTARBOARD is worn for all degrees. Only Doctors' caps may be made of velvet and only Doctors or Presidents of institutions may wear a gold tassel on the cap.

THE CLASS OF 1927 MEMORIAL MACE is carried by the University Marshal at formal university occasions and is displayed on the platform during these ceremonies.

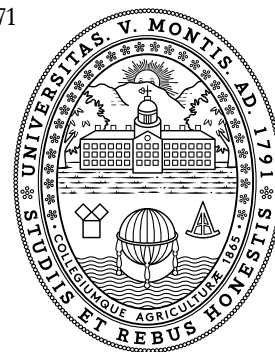

The Mace, a gift from the Class of 1927, is forty-seven inches long, cast bronze, plated in silver, with a black ebony handle. The sculpture on one of the four sides depicts the center section of Old Mill with Mt. Mansfield in the background, symbolizing the founding of the University. Other sides display three students reaching upwards to a lamp, symbolic of learning; the Ira Allen Chapel, symbolizing spiritual guidance; and a group of four persons, symbolizing friendship. It is crowned by the seal of the University.

The Mace was designed and the model sculpted by Richard Simpson, son of Carl G. and Doris Griffith Simpson, both members of the Class of 1927.

THE UNIVERSITY SEAL or Medallion was adopted in 1807 and used until 1871 when it was replaced by a round seal incorporating the name of the College of Agriculture. In 1975 the Board of Trustees voted to restore the original seal to official use, modified to incorporate the Latin name of the College of Agriculture.

The motto on the seal is from Horace, Epistles 1.2.36. Literally, it means "For virtuous studies and matters." In the allusion to Horace's poem it reflects UVM's continuing belief in the utility and practicality of all liberal studies.

TUNE: JANE OPPENLANDER '79, G'81 | TEXT: DAVID COX '49

From the lofty peaks of Mansfield  
to the shores of Lake Champlain,  
comes a mighty swelling chorus,  
whose echo will remain:

Vermont! Vermont! Vermont!  
Our University!  
Our hearts and minds and voices  
sing in love and praise to Thee!

Vermont! Vermont! Vermont!  
Our University!  
Our hearts and minds and voices  
sing in love and praise to Thee!

Shadows falling 'cross the campus,  
changing seasons' wond'rous scene,  
stir our thoughts of Alma Mater,  
and the colors Gold and Green:

Vermont! Vermont! Vermont!  
Our University!  
Our hearts and minds and voices  
Sing in love and praise to Thee!

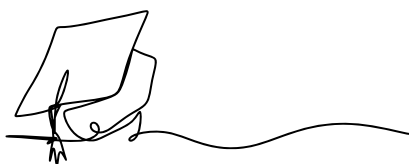

Vermont! Vermont! Vermont!  
Our University!  
Our hearts and minds and voices  
Sing in love and praise to Thee!
