

Natalie

PATIENT AND FAMILY ADVISOR
PERINATAL QUALITY
COLLABORATIVE VERMONT

Natalie is a mother to three children: One living, one who died at 23 weeks gestation and one lost through miscarriage. She is an occupational therapist with experience in early intervention and outpatient pediatrics. She is also certified in Compassionate Bereavement Care and training through Postpartum Support International. Natalie has co-facilitated termination for medical reasons support groups and is co-founder of Village of Mothers, a perinatal and postpartum support community in Vermont's Northeast Kingdom. She is deeply committed to advocating for, supporting and improving systems of care for those navigating loss on their path to parenthood.
