

Dr. William Cats-Baril

The University of Vermont
BSAD – General Business
(802) 656-0510
Email: william.cats-baril@uvm.edu

Education

- Ph D, University of Wisconsin Madison, 1982.
Major: Major Field: Decision Support Systems
- MS, University of Wisconsin Madison, 1977.
Major: Major Field: Systems Analysis
- BS, Technological Institute of Monterrey, 1976.
Major: Double Major: Industrial and Chemical Engineering.
- BS, University of Wisconsin Madison, 1976.
Major: Major: Chemical Engineering

RESEARCH

Research Publications

Books

- Cats-Baril, W., Alemi, F., Gustafson, S. (2005). *Health Policy Analysis (Book)* (Fall ed.). Health Administration Press.
- Cats-Baril, W., Simmons (1999). In Joseph. D. Zuckerman,MD (Ed.), *Outcomes Assessment in the Information Age: Available Instruments, Data Collection, and Utilization of Data*. Instructional Course Lectures/American Academy of Orthopaedic Surgeons.
- Cats-Baril, W., Thompson, R. (1996). *Information Technology and Management* (pp. 528). Irwin/McGraw-Hill.

Book Chapters

- Cats-Baril, W. (2006). In Jelassi, T and A. Enders (Ed.), *Establishing a national IT infrastructure* (pp. 209-223). Strategies for e-business.

Presentations Given

zz-Gatti, J. F., Grinnell, D. J., Cats-Baril, W., Eastern Financial Association Annual Conference, "Strategic Performance Measurement: Identification of the Leading Indicators of Organizational Performance and Success," Hilton Head, South Carolina, United States. (1994).

zz-Gatti, J. F., Cats-Baril, W., Grinnell, D. J., 20th Annual Meeting of the European Association for Research on Industrial Economics, "Strategic Performance Measurement: Identification of the Leading Indicators of Organizational Performance and Success," The European Association for Research on Industrial Economics, Tel Aviv, Israel. (1993).

Research Currently in Progress

"Addressing the Economics of Opioid Addiction" (Planning).

Opioid addiction has become an epidemic that has become a highly public issue. This research stream looks at the economic impact of this disease and studies the cost-effectiveness of a variety of treatments.

"Impact of ACOs on Medical Best Practices and Knowledge Dissemination" (On-Going).

Accountable Care Organizations (ACOs) are groups of doctors, hospitals, and other health care providers, who come together voluntarily to give coordinated high quality care to their Medicare patients.

The goal of coordinated care is to ensure that patients, especially the chronically ill, get the right care at the right time, while avoiding unnecessary duplication of services and preventing medical errors.

When an ACO succeeds both in delivering high-quality care and spending health care dollars more wisely, it will share in the savings it achieves for the Medicare program. The question that I am addressing is what sort of analytics are being used to address the most costly cases (e.g., patients with multiple severe, chronic conditions) and how best practices to deal with these cases are being identified and implemented.

"Maximizing teaching effectiveness and the Medical Residency 80 hour rule" (Writing Results).

NEW ACGME rules limit a Medical Residents weekly hours to 80. What are the effective allocation of those 80 hours to achieve the educational goals of the program and the satisfaction of residents and faculty?

"Prediction of Suicide Risk in in-Patient Populations" (Planning).

Allocation of scarce psychiatric resources to the in-patients that are most in need to minimize risk of suicide.

"Spontaneous Response to Natural Disasters: The Role of Social Media" (On-Going).

Most responses to national disasters are government sponsored top down efforts. Responses to national disasters required well-established contingency plans, and efficient and immediate response. Natural disasters test the ability to distribute aid quickly to people in need. Even in the developed world, those responses go lacking (e.g., Hurricane Katrina). The problems of aid delivery aid when a disaster hits in a poor country are many. Official efforts to organize and distribute aid are slow and fraught with political infighting. Social media has emerged as a spontaneous and highly effective way to coordinate and delivery aid when government efforts fall short. Decentralization and spontaneous efforts from informal groups of citizens to fill the vacuum left by the inefficiencies of government agencies have been very effective (e.g., Kathmandu earthquake response in May 2015).

Contracts, Grants and Sponsored Research

Grant

- Cats-Baril, W. (Principal), "titled Evaluating the Comparative Validity and Reliability of SERAS: A Decision Support Tool for Assessing Near Term Risk of Suicide in Emergency Departments," Sponsored by NIH, Government and Public Sector, \$2,000,000.00.
- Cats-Baril, W. (Contributor), "Assessing Suicide Risk in High Schools," Sponsored by UVM, The University of Vermont, \$30,000.00. (June 2013 - August 2015).
- Cats-Baril, W. (Contributor), "Integrating a Tool to Assess Suicide Risk into an EMR," Sponsored by UVM Medical Group, Private, \$50,000.00. (February 2013 - December 2014).
- Cats-Baril, W. (Contributor), "Assessing Suicide Risk: Optimization of Resources," Sponsored by Fletcher Allen Foundation, Private, \$20,000.00. (March 2012 - November 2012).
- Cats-Baril, W. (Principal), "Development and Testing of a Predictive Model of Low Back Pain Disability and Development of a Simulation Model of Work Loss, Compensation and Other Societal Costs due to Low Back Pain Disability.," The University of Vermont. (May 31, 2005).
- Cats-Baril, W. (Contributor), "Development of a Multimedia-based Business Case," Sponsored by School of Business Grant, The University of Vermont. (January 1994 - June 1994).
- Cats-Baril, W. (Contributor), "Cases in Information Technology and Strategy," Sponsored by UCRS, The University of Vermont, \$4,000.00. (June 1993 - August 1993).
- Cats-Baril, W. (Principal), "Management and Information Technology," Sponsored by IIG, The University of Vermont, \$3,400.00. (June 1993 - August 1993).
- Cats-Baril, W. (Principal), "Competitive Advantage through Minitel," Sponsored by INSEAD Committee of R&F, The University of Vermont, \$15,000.00. (1990).
- Cats-Baril, W. (Contributor), "Strategic Applications of IT in South East Asia," Sponsored by EuroAsia Center, The University of Vermont, \$16,500.00. (1990).
- Cats-Baril, W., "Assessing Cost-Effectiveness and Patient Performances in Total Hip Replacement," Sponsored by UVM, Harvard & Dartmouth Medical Schools, \$100,000.00. (1989).
- Cats-Baril, W., "Cost Effective Strategies in Health Care Management," Sponsored by University Health Center, The University of Vermont, \$11,000.00. (1987 - 1989).
- Cats-Baril, W. (Contributor), "Integrated Tools for Managing Software Development Projects," Sponsored by European Strategic Programme for Research in Information Technologies (ESPRIT), The University of Vermont, \$3,000,000.00. (1986 - 1989).
- Cats-Baril, W., "Development and Testing of a Predictive Model of Low Back Pain Disability and Development of a Simulation Model of Work Loss, Compensation and Other Societal Costs due to Low Back Pain Disability," Sponsored by Vermont Rehabilitation Engineering Center, The University of Vermont, \$2,600,000.00. (1983 - 1988).
- Cats-Baril, W. (Principal), "The Quest for Expert Knowledge: Building a Prototype," Sponsored by Cognitive Studies Group, The University of Vermont, \$3,500.00. (1985 - 1986).

Cats-Baril, W. (Principal), "The Quest for Expert Knowledge: Building a Prototype," Sponsored by UCRS, The University of Vermont, \$7,777.00. (1985 - 1986).

Cats-Baril, W. (Principal), "A Multi Attribute Model of ACT 250, Criterion 8," Sponsored by Vermont Council on the Humanities and Public Issues, \$23,000.00. (1984 - 1986).

Cats-Baril, W. (Principal), "Computerized Experts Systems Applications and Research (CESAR): A Seminar Series," Sponsored by IDC, The University of Vermont, \$3,900.00. (1985).

Cats-Baril, W. (Principal), "Computer Models for Teaching Decision Making Under Uncertainty," Sponsored by IDC, The University of Vermont, \$4,600.00. (1983).

Awards and Honors

Inducted to Entrepreneurship Hall of Fame, Office of Technology Commercialization. (April 2018).

Best Invention, UVM Office of Technology Commercialization. (April 2015).

TEACHING

Teaching Experience

The University of Vermont

BSAD 010, The Business Enterprise, 2 courses.

BSAD 020, The Business Enterprise II, 13 courses.

BSAD 030, Decision Analysis, 2 courses.

BSAD 040, Information Technology & Mgmt, 23 courses.

BSAD 141, Management Information Systems, 4 courses.

BSAD 192, Business Process Improvement, 21 courses.

BSAD 195, Project Management, 1 course.

BSAD 20, The Business Enterprise II, 2 courses.

BSAD 295, Sustainable Business, 5 courses.

BSAD 303, Initial Framing; List of Ideas/Opportunities., 1 course.

BSAD 305, Sustainable Entrepreneurship in Action, Pitch & Debriefing, 1 course.

BSAD 345, Management Information Systems, 15 courses.

BSAD 40, Information Technology & Mgmt, 9 courses.

BUS 1120, The Business Enterprise II, 11 courses.

BUS 2792, Business Process Improvement, 3 courses.

Awards and Honors

2018 Faculty of the Year, Grossman School of Business Student Association. (May 2018).

Outstanding Teaching Award, UVM MBA Student Association. (May 2010).

Outstanding Teaching Award, UVM MBA Student Association. (June 2008).

Faculty Award, Brdo. (1994).

Outstanding Teaching Award, International Management Center. (1990).

Faculty of the Year, MBA Student Association. (1984).

SERVICE

Service to Academic Community

Committee Member, Faculty Standards Committee. (September 1989 - Present).

Committee Member, Graduate Studies Committee. (September 1, 2011 - 2014).

External PR. (July 1, 2012 - June 30, 2013).

Committee Member, Ad Hoc MBA Curriculum Revision Committee. (September 2012 - May 2013).

Committee Member, FSC Ad Hoc Committee Review Guidelines for performance-based faculty increases. (March 1, 2012 - May 2013).
