Education

2013 Ph.D. University of Wisconsin – Madison GPA: 3.90
Focus: Environment and Resources.
Dissertation: Improving Understanding of Outcomes and Credibility of Volunteer Environmental Monitoring Programs
Advisors: Dr. Kenneth Genskow and Dr. Pete Nowak

1999 M.S. University of Wisconsin – Stevens Point GPA: 3.98
Focus: Natural Resources with emphasis in Water Resources.
Thesis: Impacts of Urban Land Use on Benthic Macroinvertebrate Communities with Comparison of Samples from Snags and Riffles for Southeastern Wisconsin Streams
Advisor: Dr. Ronald Crunkilton

1995 B.S. University of New Hampshire, Durham GPA: 3.54
Major: Water Resources Management. *Minor:* Hydrology.
Summer Research Fellowship: Nitrate Removal from a Region of Underground Flow in a First Order Stream
Advisor: Dr. William McDowell

Professional Experience

2021 – present *Extension Associate Professor of Watershed Science, Policy and Education,* Rubenstein School of Environment and Natural Resources, University of Vermont. Burlington, VT.

2020 – present *Associate Director,* Lake Champlain Sea Grant, University of Vermont. Burlington, VT

2018 – 2022 *US Co-Chair, Public Advisory Group,* International Joint Commission, Lake Champlain-Richelieu River Flood Study.

2015 – 2021 *Extension Assistant Professor of Watershed Science, Policy and Education,* Rubenstein School of Environment and Natural Resources, University of Vermont. Burlington, VT.

2015 – present *Extension Program Leader*, Lake Champlain Sea Grant, University of Vermont. Burlington, VT.

2001 – 2015 *Volunteer Stream Monitoring Program Coordinator,* University of Wisconsin-Extension and Wisconsin Department of Natural Resources. Madison, WI.

2013 – 2014 *Adjunct Faculty,* Viterbo University. West Allis, WI.

2000 – 2000 *Watershed Project Manager*, Macatawa Area Coordinating Council. Holland, MI.

1999 – 2000 *Eurasian Water Milfoil Researcher,* University of Wisconsin – Stevens Point. Stevens Point, WI.

1999 – 1999 *Soil Conservation and Watershed Inventory Field Course Instructor,* University of Wisconsin – Stevens Point, Treehaven Field Camp. Tomahawk, WI.

1998 – 1999 *Aquatic Toxicology Lab Manager,* University of Wisconsin – Stevens Point, Aquatic Toxicology Laboratory. Stevens Point, WI.

1997 – 1999 *Aquatic Macroinvertebrate Researcher* (Master's Thesis), University of Wisconsin – Stevens Point. Stevens Point, WI.

1996 – 1997 *Rivers Program Assistant,* New Hampshire Department of Environmental Services, New Hampshire Rivers Management and Protection Program. Concord, NH.

1995 – 1997 *Marine, Freshwater, and Terrestrial Environmental Educator*
Tanglewood 4H Camp and Learning Center, University of Maine Cooperative Extension, Lincolnville, ME. (1996 – 1997)

Habitat Education Center, Massachusetts Audubon, Belmont, MA. (1997)

Shelburne Farms, Shelburne, VT. (1996)

Seacoast Science Center, Rye, NH. (1995)

University of New Hampshire Sea Grant, Durham, NH. (1995)

1995 – 1995 *Aquatics Education Intern,* Merrimack River Watershed Education Program, New Hampshire Fish and Game Department. Concord, NH.

1995 – 1995 *Chemistry Lab Technician*, Keene State College. Keene, NH.

Formal Teaching

8. *Stream Ecology. (SEP4800).* 4 credits. University of Vermont. Spring 2026. (Redesigned.)
7. *Stormwater Education Methods. (NR5990; formerly NR295/395).* 1 credit. University of Vermont. Fall 2019. Fall 2020. Summer 2024. (Designed)
6. *Water Management and Sustainability in the Netherlands. (NR2990; formerly NR195).* 3 credits. University of Vermont. Sustainability General Education requirement (SU)-approved. Summer 2018; Summer 2019. Summer 2024. (Designed)
5. *Envisioning a Sustainable Future. (NR306).* 1 credit. University of Vermont. Fall 2017; Fall 2018. (Co-instructed)
4. *Water as a Natural Resource. (NR102).* 3 credits. SU-approved. University of Vermont. Spring 2017; Spring 2018. (Redesigned)
3. *Stream Ecology Field School.* 1 graduate credit. Viterbo University. Trees for Tomorrow. Eagle River, WI. Summer 2013. Summer 2014. (Designed)
2. *Soil Conservation and Watershed Inventory Techniques. (SOILS 359).* 1 credit. University of Wisconsin – Stevens Point, Treehaven Field Camp. Tomahawk, WI. Summer 1999 (2 sessions).
1. *Water and Soil Resources Laboratory.* University of Wisconsin – Stevens Point. Stevens Point, WI. Spring 1998.

Guest Lectures

14. PSS 3690. Soil and Water Pollution and Bioremediation. *Water pollution from road salt, best practices, and the human conundrum.* Spring 2024.
13. CDAE 400. Sustainable Development Policy, Economics, and Governance. *The influence of public engagement in scientific research on policy and governance.* Spring 2022.
12. ENSC 002. International Environmental Studies and Solutions. *Does engaging the public in scientific research through water monitoring result in conservation actions?* Spring 2022.
11. PSS 195. Agriculture and the Environment. *Water quality in the Lake Champlain basin: Challenges faced and the role of policies and programs to address them.* Fall 2021.
10. CE 186, Senior Capstone. *Lake Champlain Sea Grant and Road Salt Monitoring and UVM Salt Reduction Working Group.* Spring 2021.
9. NR 280, Stream Ecology. *Overview and Tips of Identification of Common Aquatic Macroinvertebrates of Vermont.* Fall 2019.
8. NR 280, Stream Ecology. *Overview and Tips of Identification of Common Aquatic Macroinvertebrates of Vermont.* Fall 2018.
7. PSS 145, Turfgrass Management. *Low input lawn care outreach and research of Lake Champlain Sea Grant and UVM Extension.* Fall 2018
6. CDAE 295/395, Smart Resilient Communities. *Citizen Science: Making a world of difference*. Spring 2018
5. NR 205, Ecosystem Management. *Citizen science overview* panelist. Fall 2017
4. Rubenstein School Spring Seminar Series, From Research to Practice & Back. Spring 2017
3. NR 395, Appl. Ecol., Env. & Society. *Lake Champlain Sea Grant outreach*. Fall 2016
2. ENVS 195, Nonmaterial Values of Ecosystems. *Volunteer monitoring and its impacts on policy and management*. Spring 2016
1. ENVS 195, Emerging Technology & Health. *Understanding impacts of volunteer monitoring*. Fall 2015

Honors and Awards

2018	Nominee for the Marcia Caldwell Award that recognizes a UVM staff or faculty member who has demonstrated exceptional service to our students (not selected as winner).
2016	David N. Redell Award for Lifetime Achievement in Citizen-based Monitoring.
2015	Wisconsin Extension Environmental and Community Development Association Outstanding Achievement Award.
2014	Rock River Coalition River Friends Award.
2012	North American Lake Management Society (NALMS) Technical Merit Award for Public Education/Outreach. Extension Volunteer Monitoring Network.
2011	Wisconsin Department of Natural Resources Water Resources Employee of the Year Award.
2010	USDA National Water Program Project of Excellence, National Water Resources Project "Moving Volunteer Water Monitoring to the Next Level."
2010	USDA National Water Program Project of Excellence, Regional *E. coli* Monitoring Project, "Building Volunteer Capacity and Comparing Methods for *E. coli* Monitoring in Streams: A Multi-State Effort."
2010	UW-Extension Academic Staff Regents Award for Excellence nominee.
2008	USDA National Water Program, Outstanding Extension Program – Water Resources Team Award, Building *E. coli* Monitoring Capacity.
2006	Association of Natural Resource Extension Professionals Outstanding Team Award.
2003	Wisconsin State Council of Trout Unlimited Appreciation Award.
1998	Best student paper at the 60th Midwest Fish and Wildlife Conference.
1993 – 1995	Xi Sigma Pi Honor Society, University of New Hampshire.
1991 – 1995	Governor's Success Scholarship (4-year academic tuition scholarship), University of New Hampshire.
1991	Valedictorian, Monadnock Regional High School. Swanzey, NH.

Grants and Contracts ("UVM PI" denotes when UVM was a subawardee. Amounts shown are the funds I managed as PI, co-PI, grant lead, or contract lead. When I was a project collaborator, only the total award amount is shown, which I did not manage.)
