

Firs (?) east of Delancey

452-3 on route to
 from Delancey
 in Walton
 10/21/08
 in new Aveo.

These fir need to be checked on a future trip for proper I.D. with monocular. Also map the extent of the popln. Not in a wetland, but near the base of a steep, north-facing heavily forested slope. Maybe only 1/2 dozen trees
