- Make a poster for educating the consumer about milk and its benefits.
- Promote June as National Dairy Month and July as National Ice Cream Month.

ICE CREAM IN A BAG

Pour milk or cream, vanilla extract and sugar into a small zip bag. Squeeze as much air out as possible, mix well and seal the bag carefully.

Place the small bag into a large zip lock bag. Cover with ice and rock salt. Seal the large bag tightly.

Shake, toss and flip the "ice cream machine" for 5 to 10 minutes. If it hasn't frozen in 10 minutes add more ice and salt

The ice cream should be the consistency of soft serve. Enjoy!
