2019 Air Force Drone Camp

June 24-26, 2019

University of Vermont, Burlington, Vermont

Drone Camp is a 3-day opportunity on the University of Vermont campus, June 24-26, 2019 for teens ages 13-18, with a parent or guardian in the Air Force. Each day will run from 8:30 a.m. to 4 p.m. with final presentations being shown on June 26 at 3 p.m. The camp is offered as a partnership among the UVM Extension 4-H Program, UVM Rubenstein School for Natural Resources Spatial Analysis Lab, and the Vermont Youth Development Corps.

Join us on the UVM campus where participants will meet UVM faculty, learn about STEM (Science, Technology, Engineering, Math) careers and gain insight into how to pursue those careers. Campers will gain experience planning and executing drone flights while collecting imagery, and then use advanced geospatial technology to turn that imagery into maps and more! Campers will interact with UVM students and will discover how to apply technology used in decision-making all while having fun and exploring the natural world.

Register today to save your spot: http://go.uvm.edu/2019dronecamp

If you have any questions, please call Allison Smith, 4-H youth Learning Experiences Coordinator, at 1-802-651-8343 ext 509 or 1-800-571-0668, or by email at Allison.smith.2@uvm.edu.

To request a disability-related accommodation to participate in this program, please call Allison by June 1, 2019 so we may assist you.

The 4-H/Air Force Youth Camping Program is supported by the U.S. Department of Agriculture, National Institute of Food and Agriculture, 4-H National Headquarters; U.S. Air Force Child and Youth Programs; and the University of Vermont Cooperative Extension 4-H Program through grant funding at Kansas State University under special project number 2016-48696-25889.
