Ohio and Vermont 4-H are joining forces again to bring you another opportunity to learn to code!

Create your own custom chatbot! A chatbot is a computer program that simulates conversations with a real person, and is a simple form of Artificial Intelligence. We’ll be using the Trinket coding platform to write and run our chatbot in a web browser using the Python programming language. Join us to learn Python and create your own chatbot!

Register no later than February 1:
https://go.uvm.edu/4hcoding

If you require a disability-related accommodation to participate in this program, please contact us no later than January 13, 2022 so we may assist you.

FOR MIDDLE & HIGH SCHOOL YOUTH!

Location: VIRTUALLY from your own home!
Cost: FREE
Details: Designed for middle & high school youth (grades 5-12) who have an interest in STEM and coding.
