Each command will be given twice. By the time the second command is given, (specifically when the announcer or judge has stopped speaking) the horse must be performing that command. Ranch Riding: Ranch Riding Pattern #3 will be used. The ranch riding horse should reflect the versatility, attitude and movement of a working horse. The horse's performance should simulate a horse riding outside the confines of an arena and that of a working ranch horse. This class should show the horse's ability to work at a forward working speed while under control by the rider. Light contact should be rewarded and horse shall not be shown on a full drape of reins. The overall manners, responsiveness of the horse while performing the maneuver requirements and the horse's quality of movement are the primary considerations. Open to Advanced Beginners, Juniors and Seniors in Western tack.

- Each horse will work individually, performing both required and optional maneuvers and scored on the basis of 0 to 100, with 70 denoting an average performance.
- The required maneuvers will include the walk, jog and lope in both directions, the extended jog and extended lope in at least one direction, stops and backs.
- Three optional maneuvers may include a side pass; turns of 360-degrees or more; a change of lead (simple or flying); walk, jog, or lope over a pole or poles; or some combination of maneuvers that would be reasonable for a ranch horse to perform.

Ranch Rail Pleasure: The ranch rail pleasure class measures the ability of the horse to be a pleasure to ride while being used as a means of conveyance from one ranch task to another and should reflect the versatility, attitude, and movement of a working horse. The horse should be well-broke, relaxed, quiet, soft and cadenced at all gaits. This class should show the horse's ability to work at a forward, working speed while under control by the rider. Light contact should be rewarded and horse shall not be shown on a full drape of reins. Part of the evaluation of this class is on smoothness of upward and downward transitions. The overall manners and responsiveness of the horse while performing the maneuver requirements and the horse's quality of movement are the primary considerations. To be shown at the walk, jog and lope both ways of the ring. Horses must stand quietly and back readily. All horses may be asked to extend any gait. Open to Juniors and Seniors in Western tack.

Both divisions will be shown at the walk, trot/jog and extended trot/jog. May be asked to back. Advanced Beginners will be shown additionally at the canter/lope, but not at the hand gallop.

English Road Hack: To be shown at a walk, trot, road trot, canter and hand gallop. Excessive speed at the hand gallop will be penalized. Horses are asked to stand quietly and back readily. To be shown under English tack, and martingales and dropped nosebands are not permitted. To be judged on performance, manners, suitability for a road hack, substance and conformation. Ponies are allowed.

Western Road Hack: To be shown at a walk, jog, extended jog, lope and extended lope. (See rules above for English Road Hack). No posting or 2-point position.

Small Equine Classes: Open to equines 12 hands and under or Miniature horses under 39 inches; must be at least 2 years or older. They may cross enter into the driving division classes.

In-Hand Trail: To be judged over 5-8 obstacles on an outside course. Full details found in the New England 4-H Horse Show Rules and Guidelines under Halter Obstacle.

In-Hand Suitability: This class judges the communication between handler and equine. Handlers will enter the ring at a walk while going the first way of the ring. Entries will be asked to follow given commands on the rail both ways of the ring that may include walking, trotting, stopping, backing and turning at any gait. Handlers and equine will also be asked to execute a pattern. Patterns may include any of the above gaits as well as ground tying. Equines and handlers will be judged 70% on suitability as a team in communication and execution of rail work, 15% on pattern completion and 15% on presentation of both handler and equine.

Western Reining: Exhibitors will be asked to perform a reining pattern, with or without music. There is no time limit. Pattern #3 will be used and posted and printed in the pattern booklet.

Trail Classes: To be judged over obstacles on an outside course. Exhibitors will report for trail class after the completion of their Fitting and Showmanship classes. There will be two trail rings operating at the same time. An order of go will be posted, starting with Western Trail and Beginner Trail followed by Ranch Trail and Advanced Beginner Trail as stated in the class order.

Versatility Class: To be shown in English tack first, and may work over 2 jumps, not to exceed 18". All entries will then change to Western tack in the ring and after working on the rail, entrants may be asked to ground tie their horses. All rail work will be judged as pleasure classes. Grooms are required for the tack change. Horses will be asked to back in both sets of tack.

PLEASE BE ENVIRONMENTALLY FRIENDLY

Each year we throw out recyclable material at this horse show. In an effort to be more earth friendly we would like to ask each club to bring one or more trash cans with cover(s) to recycle your bottles and cans in and then take home with you or use the recycle bins on the grounds. You may want to donate the returnable bottles and cans to a charity of your choice or use as a bottle drive for your club. Plastic water bottles can also be recycled in most places. This can be a way for you as 4-H members to help the environment. Please feel free to decorate these containers and place them in your stall or camping areas. Thank you, your show committee.

THE UNIVERSITY OF VERMONT STATE 4-H HORSE SHOW DRESSAGE DIVISION

The dressage division of the State 4-H Horse Show is intended to be a learning experience. We will generally follow guidelines set forth by the USEF (United States Equestrian Federation) and USDF (US Dressage Federation) but will make a few exceptions in order to accommodate riders who may be new to the dressage experience.

We will try to offer an informational meeting to answer questions and help you be successful. If you have any questions about this show, your equipment, or need a reader, or about dressage in general, please attend. Check the Show Office for meeting time.

DRESSAGE BASICS

- ~ Dressage shows are organized differently from open shows. You enter to ride a test, which is a series of defined movements within the dressage arena. The test lays out what pattern to ride, at what gait, and explains what the judge will be looking for. Each movement defined in the test will be given a score between 0 and 10 by the judge. Six scores for the general quality of the ride are also given. The scores are added up and given as a percentage for that test.
- ~ Tests are entered based on the horse's training, not the rider's age or ability. Horses may only be entered in consecutive level tests (for example, Training and 1st levels; NOT Training and 2nd levels).
- ~ You are assigned a ride time for each test you enter, and you must present yourself at the in-gate at that time or forfeit.
- ~ It is possible to get "lost" or make a mistake in the ring. If that happens, the judge will blow his/her whistle. If you don't know where to go next, or you hear the whistle after you begin your test, stop and look at the judge. She will tell you what to do. The rider is not allowed to talk in the ring except to answer a question from the judge (that includes no clucking or "kissing" to your horse!) Readers may read the test but may not converse with the rider or anyone else. Only the judge is allowed to talk.

RULES AND GUIDELINES FOR THIS COMPETITION

1. To get copies of the test before the show, you may download them by searching *USEF 2019 Training*, *USDF 2019 Intro*, or *2022 WDAA tests*.
2. Ride times will be grouped by level. Present yourself (or a representative) to the Steward at the designated start time for the level to set an order of go. Designated start times will be posted at the Show Office.
3. Appropriate rider attire and tack/equipment for equitation at this show will be accepted in the dressage ring. If you are unsure if something is legal, come to the informational meeting.
4. You may have someone read the test for you while you are riding. If you need a reader, come to the informational meeting and let the dressage manager know.
5. You will have a brief chance to warm up around the outside of the arena as soon as the rider ahead of you has finished their ride and makes their final salute. When the judge is ready for you to begin your ride, the judge will blow the whistle (or ring a bell). Once the whistle blows, you should go directly to the gate and begin your test.
6. Because Beginners may not canter in a show, they may only ride in USDF Introductory tests A and B. Advanced Beginner riders may choose to do any of the tests because they will be cantering in the arena alone. Juniors and Seniors are permitted to enter any of the tests being offered at this show.
7. Because this show only offers tests one level apart, riders may enter any tests. If you enter either Test of Choice classes, you must indicate the test on your entry blank.
8. **Post Entries will be allowed only to fill scratches or drops. A maximum of 60 rides will be scheduled. The Judge has the final say on any question or score.**

Most important of all, try it, and have fun!

- An exhibitor must apply in writing to the state 4-H Livestock Educator, Wendy Sorrell, (wendy.sorrell@uvm.edu) with questions regarding **unusual equipment** or other matters that are not clearly addressed in the program or guidelines and not addressed at the show. This must be done at least a month ahead of time. **To request a disability-related accommodation to participate in this program, please contact Wendy Sorrell by June 10, 2022 so we may assist you.**
- 4-H CLUBS - If the club is paying for a tack stall, you only need to fill out on the entry form the NAME OF CLUB, e-mail address and phone number and put how many tack stall(s) your club needs and enclose payment. This form is the same form as the horse and riders use.
- Please note the deadline for entries – **June 25th**. T-shirt order will be placed based on these entries.
- Exhibitors must be enrolled in 4-H Online to participate, with the exception of Leadline and Alumni.
- Please note that "Route 125 between Hancock Route 100 and East Middlebury Route 7 is not recommended for trailer trucks." Also, Route 17 between Waitsfield Route 100 and Bristol Route 116. We suggest you find alternative routes because these roads are steep and winding.
- Not quite so new, but if it rains it will be – you may camp in the 4-H Exhibit Hall for \$25 for the weekend. In the event of rain or heavy winds, this may be a wonderful opportunity! This building has a dirt floor and is not wired for multiple electrical hook ups. It does have lights. The doors are sliding doors on each end of the building. So, there are to be **no electronic devices plugged in (this includes fans) and no cooking inside of the building.** Water is available by the outside faucets nearby and the bathrooms and showers are nearby. We will limit the space you may use. This is the fourth year of doing this so we may have to change things as we go along. We will require that a designated 4-H chaperone or parent of the youth be in the building with the group. The cost for camping in this building will be \$25 for a space about 10 X 12. If you need more space then you may need to pay for another spot. Lights go out at 10:00 P.M
- Every youth on the grounds must have their parent(s) or their designated 4-H chaperone present on the grounds at all times.
- EVERYONE at the show is expected to volunteer for one or more jobs: gate keeping, trash dumping, bathroom cleaning, helping with setting up and taking down obstacles and more to be determined.
THANK YOU!
- **We will be expected to follow the current UVM and sector specific state of Vermont COVID-19 protocols that will be in place at the time of the show.**

No promise but circle area where you would like to be located:

Camper bar between barns Camper bar by ring Tractor pulling Paquette Building
Upper part of grounds Inside 4-H Exhibit Hall Hand mowing area (tenting only, no electric)

In an effort to help with the continually rising cost of running the show without increasing stall and entry fees, the committee will continue the camping fee to help offset our grounds expense. People camp for the duration of the show using the grounds, bathrooms, buildings etc. without paying any fee if they do not use an electrical hook-up for the show. This fee is only \$15.00 per family for three days of camping. That is very low compared to camp ground fees.
