Recruiting and Retaining Youth & Families

Your Relationships Matter

Growing Life Skills Through Animal Science

Igniting Youth Sparks

**October 18, 2022
6:30 - 8:00 pm**

Join us for a conversation on a multi-state study that looked at how to recruit and retain 4-H youth and families. We'll discuss the key findings and how they can impact your work in 4-H.

**November 15, 2022
6:30 - 8:00 pm**

Explore why your relationships with youth in the 4-H matter. Your relationships help youth discover who they are, their abilities, and how to engage and contribute to the world around them.

**January 25, 2023
6:30 - 8:00 pm**

Livestock projects and animal science is not just about getting youth into the show ring. How we make connections to life outside the ring can provide youth with skills that will last a lifetime. Join us to hear some perspectives on how to up your animal science game!

**February 15, 2023
6:30 - 8:00 pm**

Every youth needs a champion to help light their Spark. Join us to learn ways to encourage youth to go beyond exploring their interests to discovering their purpose and direction.
