## Why keep a Dairy Record?

- ✓ You will be able to set and record reachable goals for yourself.
- ✓ Keeping records will help you remember the fun you had.
- ✓ Record keeping is a great way to develop your skills and organize your time.
- ✓ The information in your record will give you a chance to look back on your year and help you decide what you want to change for next year.
- ✓ Your record will be a way to share your project with others.

## Record Book Instructions

- ✓ Keep your record book up to date. (It makes record keeping easier).
- ✓ Read through this record book before you start recording information.
- ✓ If you have questions, ask for help from other members, your parents, leaders or 4-H staff.
- ✓ Be creative; make the record book interesting and add your own personal touch.
- ✓ Each animal that you are showing needs a complete set of records. Add pages as you need them.
- ✓ This record book may be adapted for one or more animals in your Dairy project.
- ✓ Included on some pages are life skills that can be more fully developed.

**PROJECT GOALS (AT START OF PROJECT)**

\_\_\_\_\_  
(specify breed)

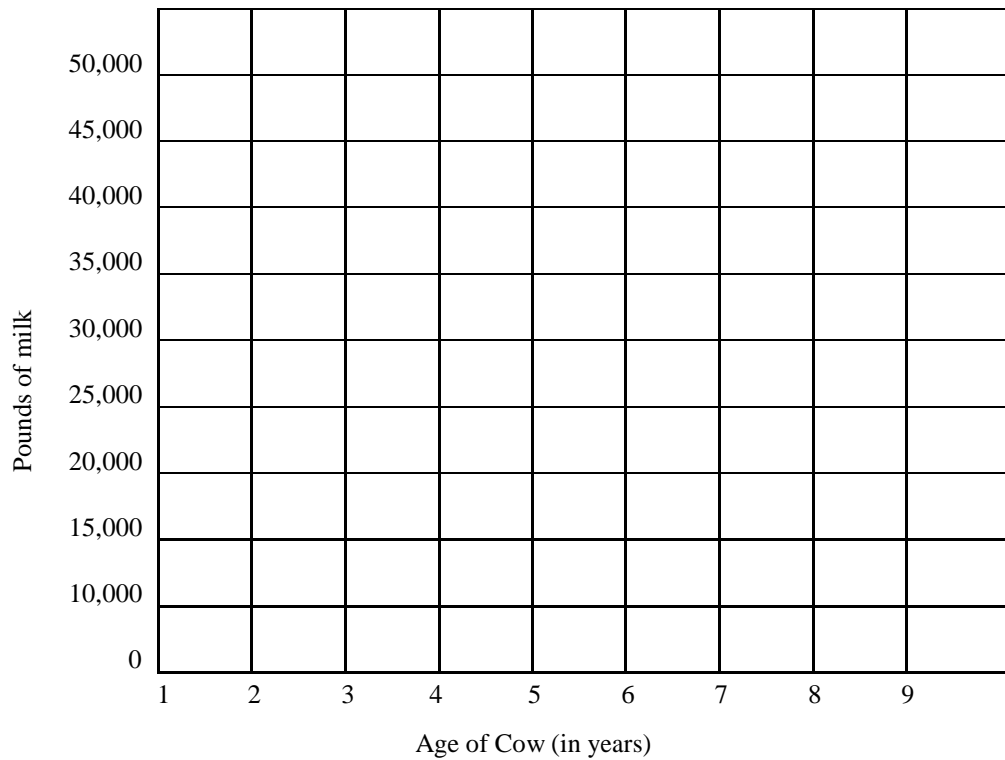

## Helpful Hints:

- ✓ - - - - to be used to track HEIGHT.
- ✓ \_\_\_\_\_ to be used to track WEIGHT.
- ✓ Connect the plots to see how your animal is growing.
- ✓ Use one chart per animal for which you are keeping records.

Remember to add an additional page(s) for additional animal(s).

## Lactation Curve

Animal # \_\_\_\_\_ Animal name \_\_\_\_\_ Year \_\_\_\_\_

### Helpful Hints:

- Record the total amount of milk your cow has produced during each year since she first calved.
- Connect points to see how your cow's milk production has changed.
- If your cow is first calf heifer, there will only be one plot.
- Use one chart per animal for which you are keeping records.
