Employer Partner Program

WORKING TOGETHER TO CONNECT TALENT + OPPORTUNITY

UVM's Partner Program helps employers - like you - build brand recognition, develop a pipeline of talent, and recruit students with the skills needed to meet your hiring needs.

Our new tiered program will maximize your recruiting success through a robust set of options to connect with campus. At the heart of our program is a **Personalized Recruiting Strategy Session** with the UVM Career Center to map out a year of events/activities aligned with your hiring cycles (*offered to partners at every level*).

Our students are known for their dedication to making a difference. Their aspirations are rich & varied, and our team is eager to connect them with you!

CAT COMBO
