

# Read&Write Gold

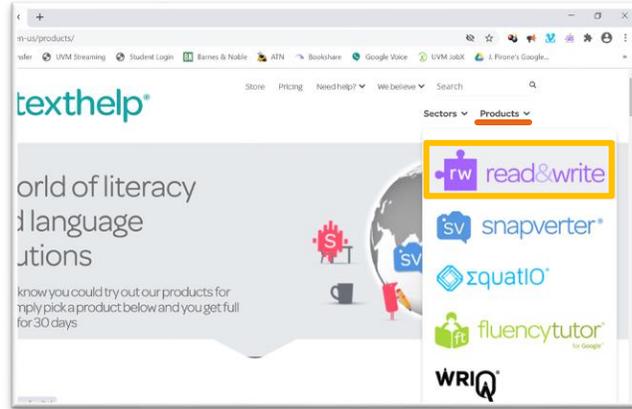

RWG is a text-to-speech software that is available to all UVM students, and is used in conjunction with myACCES eBook services.

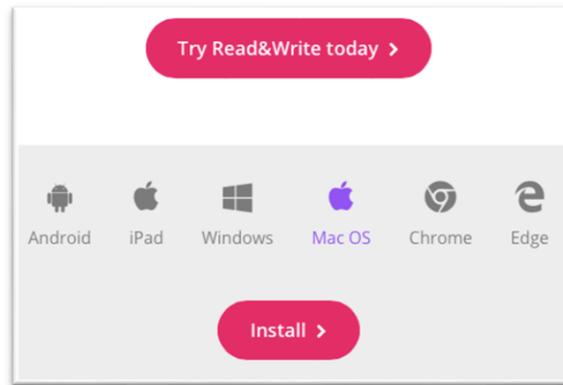

# Download Instructions

1. Go to 

2. Products > **RWG**

3. Scroll down, select **Mac OS > Install.**

4. Once downloaded, run the Read&Write.dmg.

5. Drag the RWG icon into the Applications folder.

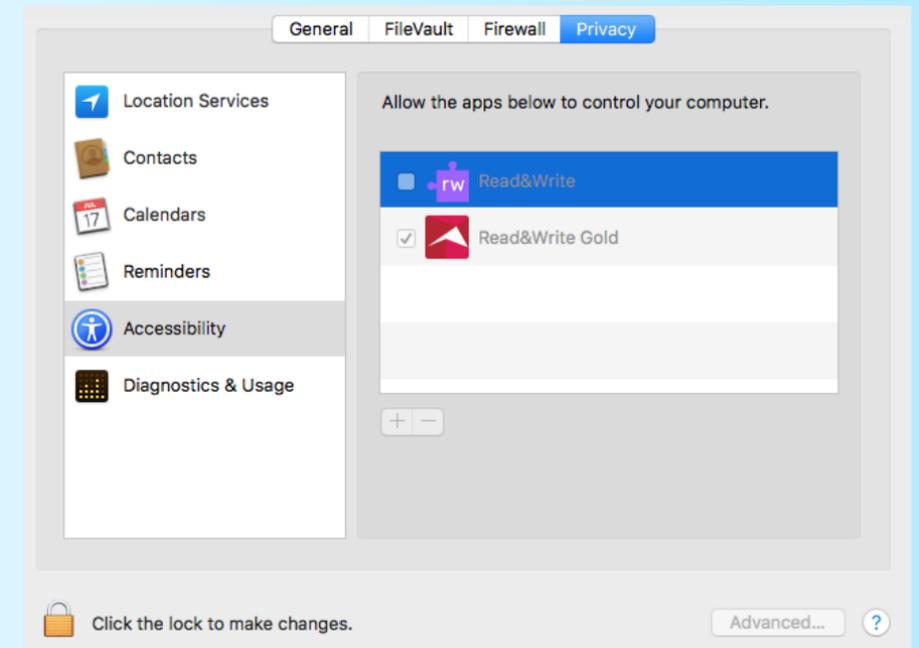

6. Open the Applications folder, and double click on RWG icon to run.

7. Select **open > Security & Privacy.**

8. Select Lock icon and enter username and password.

9. Tick the purple RWG icon and then select the Lock icon to relock your Security & Privacy settings.

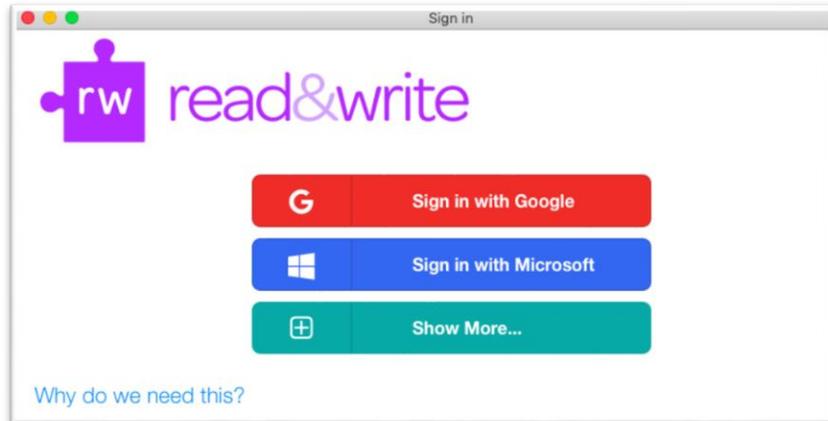

10. Open RWG, and click **OK** to the User agreement.

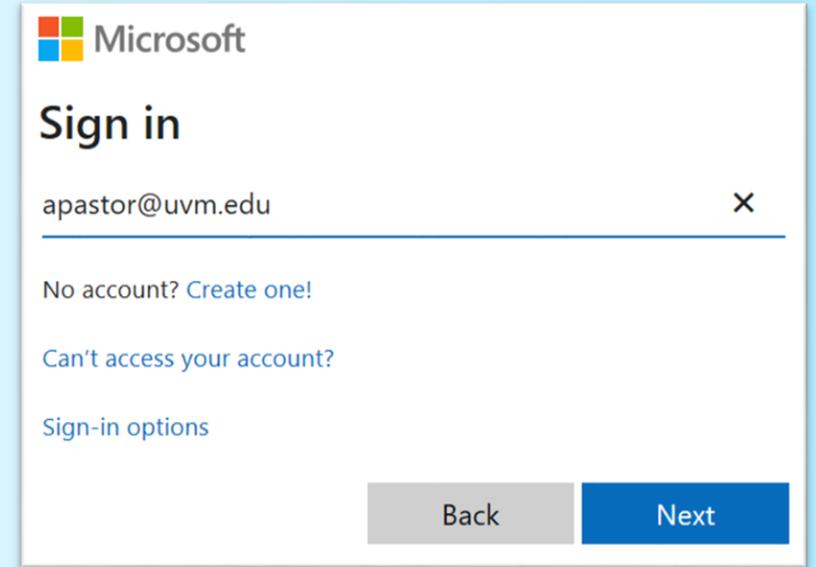

11. Open RWG & Sign In.

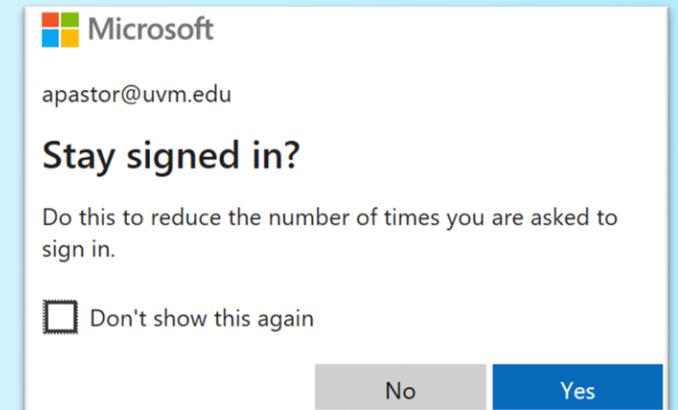

12. Select **sign in with Microsoft**.

13. Input NetID@uvm.edu and select **Next**.

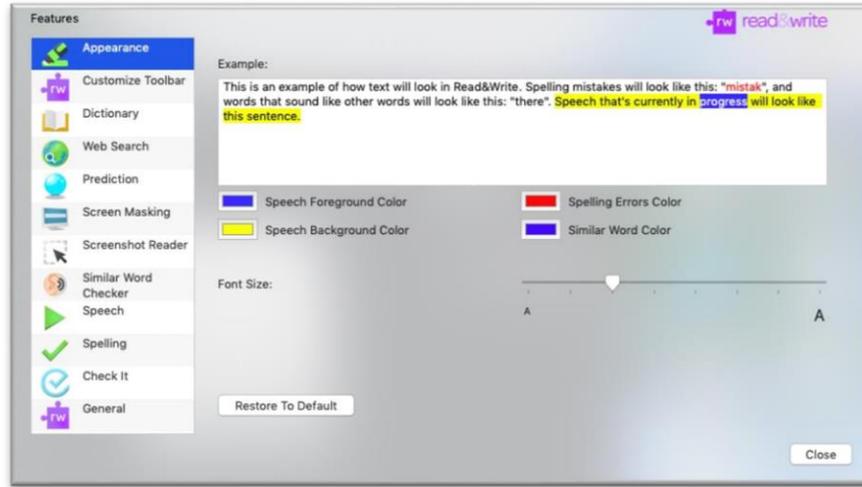

14. On UVM's webpage, login with UVM NetID and password. Press **Accept**.

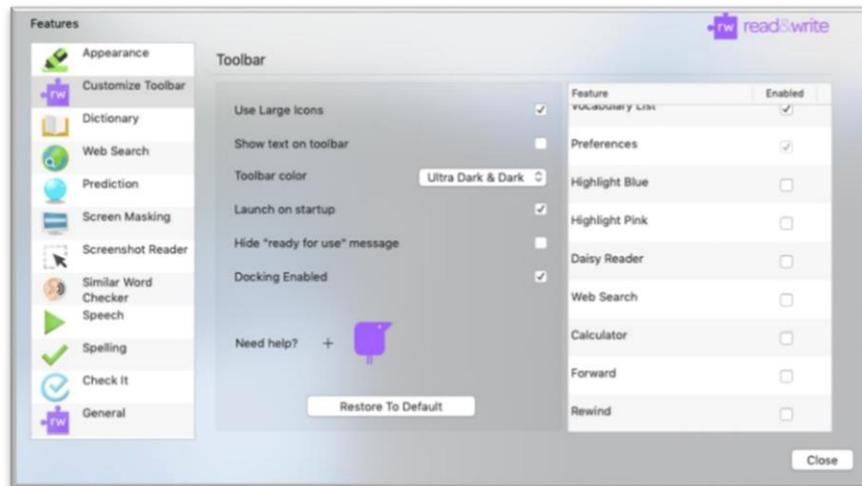

# A beginner's guide to Read&Write Gold

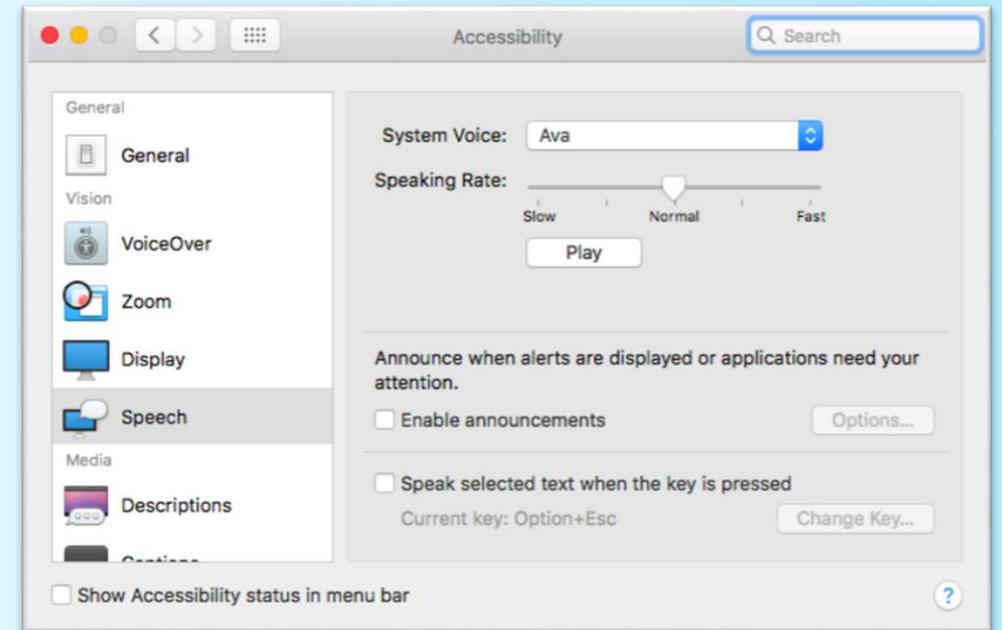

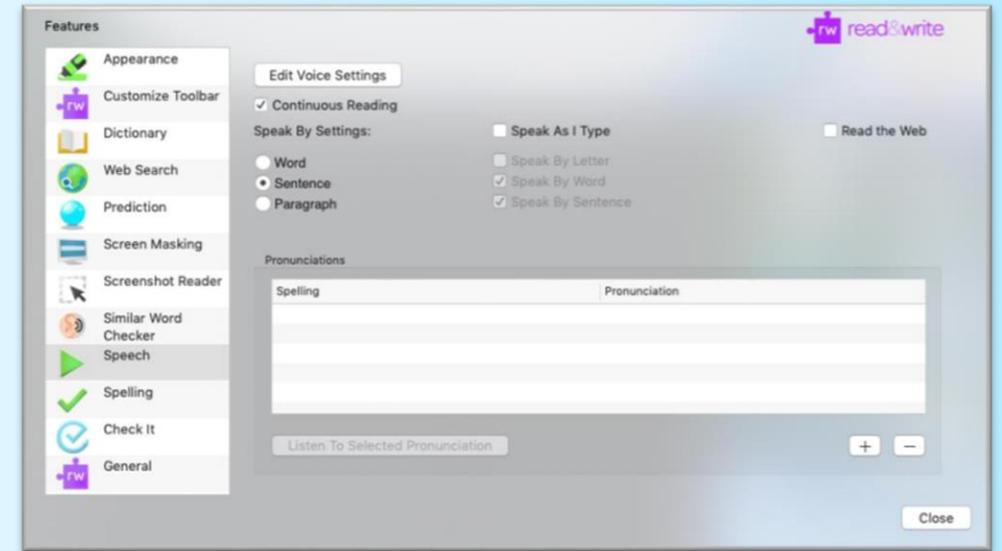

1. Launch RWG and select the **Preferences** icon.
2. Select **Appearance** to adjust the font size and highlighter color.

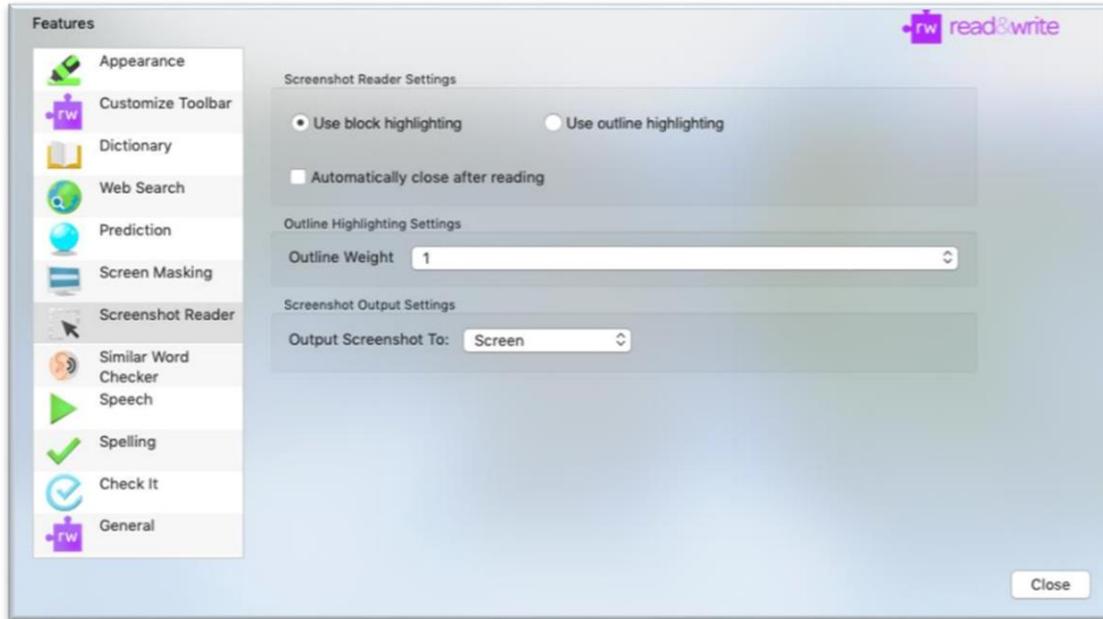

3. Select **Customize Toolbar** to adjust your toolbar's interface.

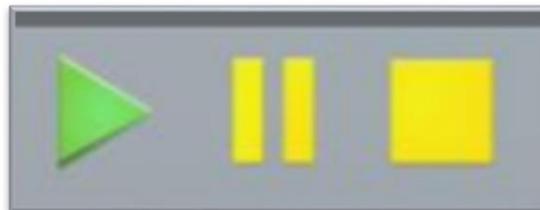

4. Select **Speech** > **Edit Voice Settings** to test and edit your computer's voice settings.

5. Select **Screenshot Reader** to adjust RWG's OCR settings (*note: large scale OCR conversions can be processed by our office. Please send image-based PDF's to eBook@uvm.edu*).

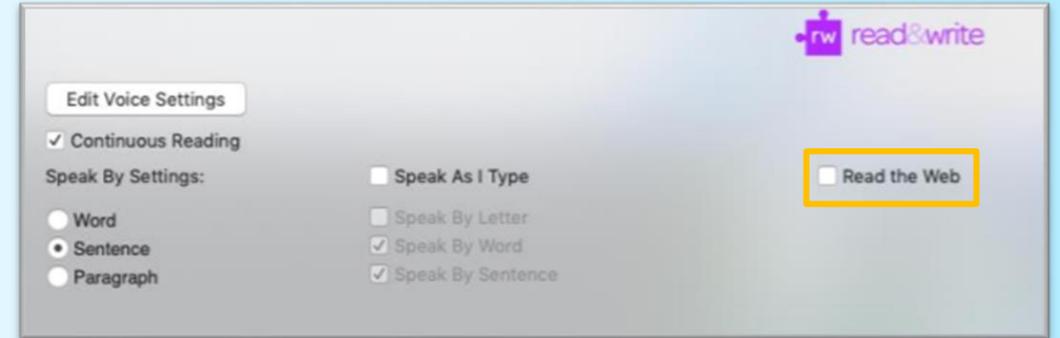

6. To read text, open a word document or PDF on your computer's desktop. Highlight text and use the controls on your toolbar.

7. Using RWG online:

- a. Under **Preferences > Speech**, tick off the **Read the web** box.

- b. Restart RWG and your browser.  
c. When prompted, add the RWG extension.
