

What is the CDCI CARES Team?

We're a collaborative team that provides Consultation for Access, Resources, and Equipment Support to students who are Deaf, Hard of Hearing, or DeafBlind (DHHDB), their families, and their school teams.

Our mission is to increase the capacity of school teams to identify and meet the needs of students who are DHHDB.

We're part of the UVM Center on Disability & Community Inclusion (CDCI).

What kind of support does the CDCI CARES Team provide?

Our consultants collaborate with school teams, students, and their families by remote and in-person consultation services.

How much do CDCI CARES Team services cost?

We provide services in Vermont at no cost to public schools.

Our consulting services include:

- In-service training
- Assistive technology troubleshooting
- Equipment system support
- Observations
- Accommodations
- Recommendations
- Evaluations
- Team Meetings
- Transition Meeting Consultation
- Self-advocacy skill development
