

What is the CDCI CARES Team?

We're a collaborative team that provides Consultation for Access, Resources, and Equipment Support to students who are deaf, hard of hearing, or deafblind (DHHDB), their families and their school teams.

Our mission is to increase the school teams' capacity to identify and meet the needs of students who are DHHDB.

We're part of the UVM Center on Disability & Community Inclusion (CDCI).

What kind of support does the CDCI CARES Team provide?

Our consultants collaborate with school teams, students and their families by remote and in-person consultation services.

How much do CDCI CARES Team services cost?

4 hours of services at no cost. After 4 hours, services are \$140/hr.

Our consulting services include:

- In-service training
- Hearing Assistive Technology (HAT) troubleshooting/ Equipment system support
- Observations
- Accommodations Recommendations
- Evaluations
- Team Meetings
- Transition Meeting Consultation
- Self-advocacy skill development
