# CERTIFICATE OF GRADUATE STUDIES IN THE INTERDISCIPLINARY STUDY OF DISABILITIES

**18 credits** that combine:

- graduate level courses,
- independent study, and
- fieldwork

into an **individualized study plan**.

A program that encourages you to explore disability across different fields of study and academic disciplines.

Perfect for:

- working professionals
- LEND fellows or trainees
- in-service educators

Current UVM graduate students can complete the certificate along with their main field of study.

Bring graduate level studies and disability expertise to your work with this advanced accreditation.
