Whether you’re studying art history, chemistry or English, you’ll gain experience that brings learning to life and helps build your career.

**LAUREN BANISTER**  
**INTERNSHIP: MAZON: A JEWISH RESPONSE TO HUNGER**  
“My work has included meetings with important Farm Bill players on the Hill, collaborating with our interfaith coalition, a three-day training in anti-hunger advocacy, collecting news on Farm Bill proceedings and other hunger issues.”

---

**JOEY WALDINGER**  
**INTERNSHIP: THE OTHER PAPER**  
“Because The Other Paper is so small, my role was essentially that of a general news reporter. My manager assigned me one to two articles every week, on a variety of topics, sometimes more focused on taking photos than writing. I would then go out and complete my assignments.”

---

**STUDY-AWAY INTERNSHIPS**  
Spend a semester in D.C. or Boston interning and networking with professionals in diverse fields with either of these for-credit programs:  
**THE WASHINGTON CENTER (D.C.)**  
**SEMESTER IN THE CITY (BOSTON)**

**LEARN AND EARN ON THE JOB.**  
UVM offers scholarships for unpaid summer internships up to $2,500 per person.

**TAKE CREDIT FOR YOUR WORK.**  
You can earn academic credit from UVM toward your degree for almost any type of internship experience.

Learn more about preparing for a career through UVM’s College of Arts & Sciences at uvm.edu/cas/internships

**RESEARCH POSITIONS**
Research positions, specifically those in the sciences, are typically arranged by departments and are ideal for students wishing to enter into medical, research, or lab-based professions.

Many students pursue both research positions and internships during their time at UVM!
