Electrical and Biomedical Engineering Undergraduate Research Opportunities!

Funded undergraduate research positions are available for Spring!

Who should apply? Juniors and exceptional sophomore students interested in graduate school.

**How to apply?** Submit a hard copy of your 1-page resume with a 1page statement of interest by October 15th to Prof. Jeff Frolik (Votey 357). Announcements will be made by November 1st.

**Want to learn more about opportunities available?** Talk to your neighborhood EBE faculty.
