

AHEC Interprofessional Team Creative Challenge Award

Submission Deadline: February 24th, 2023

The AHEC Interprofessional Team Creative Challenge Award was established to encourage students to promote and celebrate interprofessional teamwork in a creative way. All mediums for creative expression can be used to highlight the following: Value of IP teamwork, examples of IP teamwork, characteristics of high functioning team, diversity and inclusiveness, patient centered care and improved outcomes, all contributing, all teaching, all learning in respectful collaboration. The prize is \$250 per team member awarded in March 2023.

Eligibility criteria

1. The entries must come from an interprofessional student group of at least 3 different professions. Minimum 3 students and maximum 6.
2. The group must use a creative method to depict interprofessional collaboration: for example: music, photo essay, poetry, artwork, presentation or any other medium to convey their message.
3. The creative product must reflect the cooperation of three or more students in a manner that demonstrates creativity and the value of interprofessional practice.
- 4.

Submission process

Entry must be submitted by midnight February 24th, 2023 to:

Elizabeth.Cote@med.uvm.edu

Large files can be sent via UVM file transfer.

Selection process

The winners will be selected by an AHEC Awards Committee, which is comprised faculty members, students and public members from the health community. Winner will be contacted and announced by March 31st 2023.

By accepting the prize the winners consents to having name their work displayed on the AHEC website and shared with others promoting interprofessional education and practice.
