Dear Graduates,

Today we recognize you and celebrate all you have accomplished during your time at UVM—the explorations and discoveries, academic milestones and personal achievements, and the lifelong relationships made with mentors and friends.

You are also an especially remarkable class of students. Your perseverance, your focus, and your commitment to each other have shown that you have the mettle to face challenges and build community wherever you go in your life beyond UVM.

I hope you can feel the pride of all of us at the university as we celebrate you, alongside your families and friends, for the tremendous efforts you've made to reach this day, ready to launch into a world that needs your proven resilience and your powers to act as individuals on behalf of our greater humanity.

A commencement celebration marks a moment of beginning, and your transition from the university into the first steps of your next journey is an occasion for joy and for reflection. The adaptability, cooperation and resilience you've shown will help shape your path as you bring your passions to the world. As you step out on that journey, and wherever the path leads, we know you will make your alma mater proud.

With all my best wishes,

A handwritten signature in black ink that reads "Suresh Garimella".

Commencement Speaker and Honorary Degree Recipients

ERIK WEIHENMAYER

Doctor of Humane Letters, honoris causa
Commencement Speaker

For world-class adventurers, living on the edge is as exhilarating as it is perilous, adrenaline and relentless goal-setting fueling ambitious quests. It is a dangerous zone to inhabit, requiring keenly honed senses and tremendous fortitude. For Erik Weihenmayer, it is also a proving ground for breaking through notions of what can—and cannot—be accomplished. Erik Weihenmayer, one of the most renowned adventurers of the 21st century, is blind.

Mr. Weihenmayer is best known as the first blind person to summit Mount Everest, the “Rooftop of the World.” The *Time Magazine* cover story describing his successful team trek in 2001—ascending to 29,035 feet on one of the world’s most notoriously dangerous expeditions—brought him worldwide recognition.

This achievement was but one in a growing roster of adventure challenges that Erik Weihenmayer has taken on to show what can be gained by reaching beyond expectations. In 2008, when he reached the top of Carstensz Pyramid, he became one of only 118 mountaineers in the world—and the only blind climber—to ascend the Seven Summits, the highest peak on each continent. He has climbed the 3000-foot face of Yosemite’s El Capitan as well as the infamous and even more technically demanding frozen waterfall Losar in the Himalayas. He completed the Primal Quest, billed as the toughest adventure race in the world, and his three-man team took 2nd place in ABC’s *Expedition Impossible*, beating an NFL team and 11 others in a race across the mountains, deserts, and rivers of Morocco.

In September 2014, following six years of training, Erik completed another historic challenge: solo kayaking the full 277-mile stretch of the Grand Canyon’s Colorado River, including some of the world’s most challenging whitewater. Of all his accomplishments, Erik calls this the hardest thing he’s ever done—and his has been a life of difficult challenges, not all of them chosen.

Born sighted, in early childhood Erik Weihenmayer was diagnosed with a degenerative retinal disease that would slowly reduce his central vision and finally take his sight away altogether. As Erik’s vision dwindled, his parents made creative accommodations to keep him engaged in the sighted world and pushing the boundaries of what he could do to overcome his limitations. As he was entering high school, just before his 14th birthday, Erik’s vision went completely dark. And for a time, so did his hope for his young life, an anguish intensified by his mother’s tragic and untimely death.

To help the family heal, Erik’s father took him and his brothers on adventurous journeys in unfamiliar places: into the Indonesian jungle, up the Inca Trail to Machu Picchu, to the top of the Karakoram in Pakistan. It was on these treks that Erik began learning to trust reaching into the unknown, extending into the darkness to find that which he could

no longer see. An invitation to a rock-climbing class for blind teens opened another vista of learning physical skills through tactile sensation. The instructors claimed he quickly learned to scale the rock face like a monkey.

After graduating from Boston College with a double major in English and communications and earning his master’s degree in middle school education at Lesley University, Erik became a middle-school teacher and wrestling coach at Phoenix Country Day School in Arizona, where he met fellow teacher and his future wife, Ellen Reeve. Yet it was his triumphs over some of the world’s most formidable mountains that began fueling Erik Weihenmayer’s aspiration to invest in a different kind of education—to take the lessons he learned in the mountains to help others shatter barriers in their own lives.

In 2004, invited by the founder of the first and only school for blind children in Tibet, Erik and an expert support team led an expedition of six blind Tibetan teenagers to 21,500 feet on the north side of Mt. Everest. Outcast by Tibetan society for their blindness, the teen climbers found purpose, courage, and camaraderie in their first ever mountaineering expedition, and each found victory in their ambitious life goals following the climb. *Blindsight*, an award-winning documentary chronicling the expedition, was released in 2006.

This desire to help others conquer limitations has become the guiding force of Erik’s life. Of his many extreme undertakings and triumphant finishes, Erik considers the co-founding of the nonprofit No Barriers to be his greatest achievement. Directed by the motto *What’s within you is stronger than what’s in your way*, No Barriers serves 10,000 people annually through programs focused on injured soldiers and veterans, families of the fallen, paraplegics and amputees, deaf and blind, people struggling with multiple sclerosis and cerebral palsy, and young people with limited opportunities, including children in foster care and kids from the inner city. The signature event, the annual No Barriers Summit, brings together people who are passionate about its boundary-breaking mission.

Erik is also deeply committed to the preservation of and access to public lands. He works with the Access Fund and has been involved in several notable projects with the Trust for Public Land: the opening of the iconic Bridal Veil Falls in Telluride, trail access to Wilson Peak in Colorado’s San Juan Mountains, and the land grant for the entrance to the Zion Narrows in Zion National Park, to name a few.

He is the author of the best-selling memoir *Touch the Top of the World*, which was made into a feature film, and *The Adversity Advantage*. Erik’s latest book, *No Barriers: A Blind Man’s Journey to Kayak the Grand Canyon*, is more than an adventure story; it illuminates how we move forward in our lives toward growth and purpose, despite the barriers that may lie in the way.

Since learning to rock climb as a teenager, Erik Weihenmayer has become one of the most renowned and accomplished

athletes of our time. And by challenging preconceptions about what it means to be blind, he has inspired people around the world.

MEGHAN WALSH CIOFFI

Doctor of Humane Letters, honoris causa

The volunteer mentoring and community service that Meghan Walsh Cioffi '91 took part in as a UVM student lit the fire of commitment to serving people with challenges, which has been her driving motivation ever since.

An active student leader and member of the Delta Delta Delta sorority, Meghan Cioffi spent her UVM years engaged with the Center for Service Learning and the Volunteers in Action student club. She learned early the reciprocal value in mentoring through her work with Big Buddies, a program matching UVM students with Burlington children in need of extra support. She also volunteered at the J. Warren and Lois McClure Respite House. Mrs. Cioffi stood out as a student volunteer, acknowledged for her consistency, commitment, and accountability, especially when working with individuals with special challenges.

Her time spent learning in the field in these ways inspired Meghan Cioffi's future plans. After receiving her degree in psychology, she worked at Big Brothers and Sisters of Morris County, New Jersey, before going on to earn a master's in social work at the University of North Carolina at Chapel Hill and serving as an in-patient social worker at Stamford Hospital.

Recognizing the impact that her experiences at UVM had in directing her life path, in the mid-1990s Mrs. Cioffi and her husband, Rob '90, along with Mrs. Cioffi's parents (former UVM trustee Frank Walsh and Mimi Walsh) made a multi-year gift to the Office of Career Services to build a program for students seeking careers in the nonprofit sector. An early adopter of service learning, UVM was already a leader among its peers in connecting community service experiences with learning modules and academic goals. With this gift, Meghan Cioffi and her family helped UVM develop structures such as internships and mentoring networks that could turn students' passion for community service into pathways for career development.

In late 1999, shortly after learning they were expecting their first child, Meghan and Rob Cioffi received the news that their baby would be born with Down Syndrome. What might be devastating news to many families was a challenge that the Cioffis embraced wholeheartedly. Leaning into the expertise in UVM's College of Education and Social Services, Mrs. Cioffi began learning everything she could about creating an environment for children with Down Syndrome to thrive. Professor of education Susan Hasazi, an internationally known scholar in the field of special education and a renowned advocate for students with disabilities and their families, spared nothing in connecting Meghan and Rob Cioffi with the many resources that would help them to create a fully inclusive life for their firstborn daughter, Molly.

A second significant gift from Meghan and Rob Cioffi and the Walsh family in 2003 funded Susan Hasazi's research into inclusion of students with special needs, which in turn launched a nationwide program to prepare school principals, superintendents, and other K-12 leaders to implement research-based practices for inclusion. The program developed a national network of inclusion advocates active today in schools around the country.

For the past 20 years, Mrs. Cioffi has been involved with STAR Inc.: Lighting the Way, a Connecticut-based nonprofit serving people of all ages with developmental and intellectual disabilities, as well as their families and caregivers. Meghan has served STAR in several volunteer and governance capacities over the years, and currently serves as president of the STAR board of directors. Additionally, over the past year, Meghan has served as a volunteer facilitator for grief bereavement groups through Fairfield County Visiting Nurse and Hospice and is working to create a bereavement program especially for children and families.

The Cioffis are the proud parents of three children. Molly is a fourth-year student in the Threshold Program at Lesley University in Cambridge, Massachusetts. Caroline just finished her Junior year at the University of Notre Dame, and Peter is a rising senior at St. Luke's School in New Canaan, Connecticut.

Mrs. Cioffi has also held several volunteer roles as a UVM alumna, beginning as a recent graduate and continuing today. Most recently she served as co-chair of the national council for the Move Mountains campaign (2011-2019) and she is a current member of the UVM Foundation Leadership Council. In addition to her involvement at UVM and STAR, Meghan is a member of the University of North Carolina-Chapel Hill School of Social Work advisory board, and she serves in various volunteer and leadership roles in her home community of New Canaan, Connecticut.

Through her dedication to community service, ignited at UVM and sustained through both hands-on and strategic support, Meghan Cioffi's engagement and advocacy have opened pathways of possibility for individuals with developmental and intellectual challenges, students inspired by nonprofit work, and education leaders focused on creating inclusive classrooms. Meghan Cioffi lives the values the University of Vermont holds high for engaged citizenship and inclusive community building.

ROBERT CIOFFI

Doctor of Humane Letters, honoris causa

Serving the communities that sustain him is the guiding force in Rob Cioffi's life.

Rob Cioffi '90 earned his bachelor's degree in political science with a minor in economics. An active member of the Student Government Association, Mr. Cioffi put his policy

interests and governance studies into practice as the student representative to the UVM board of trustees, marking the beginning of an engaged and continuing leadership role in the UVM community.

Since his time as a young alumnus, Mr. Cioffi has held many influential positions. A recipient of the Kidder Medal for student leadership, the UVM Alumni Association's Young Alumni Award, and the Alumni Association Distinguished Service Award, with his wife, Meghan '91, Mr. Cioffi co-chaired UVM's National Campaign Steering Committee from 2002 to 2007, co-chaired the Move Mountains Campaign (2011–2019), and currently sits on the UVM Foundation Leadership Council.

The pinnacle of Mr. Cioffi's UVM leadership is clearly his most recent two terms on the UVM board of trustees, serving as chair of the board from 2010 to 2014. As chair, he guided his university through significant challenges, opportunities, and achievements. He describes the high point of his trustee career as chairing the 2012 Presidential Search Committee, resulting in the appointment of E. Thomas Sullivan as the university's 26th president.

A native son of St. Albans, Vermont, Rob Cioffi comes from a family with a strong leadership and service ethos. Following a distinguished career in the Army, his late father, Lieutenant Colonel William Cioffi, served the city of St. Albans as city manager. He also coached and managed youth sports throughout his life, a commitment to community service that influenced his children. Mr. Cioffi's mother, Therese (M.Ed. '94), was a teacher for more than 30 years and reinforced not only a commitment to service but also to education.

A true Catamount family, each of Rob Cioffi's four siblings also attended UVM, either completing undergraduate or graduate school—or both. When it came time to celebrate their father's seventieth birthday, the Cioffi siblings chose a gift that they knew would honor their parents in a way most dear to them: they established the William G. and Therese A. Cioffi Scholarship to support Franklin County's most promising students. The merit-based award, which considers both academic performance and community service, is designed to encourage the brightest and most committed students from Franklin County to stay in state and study at UVM.

Mr. Cioffi began his career at the Franklin County Development Corporation and on the staff of U.S. Senator James Jeffords before he moved to New York to join Chase Manhattan Bank. After receiving his master's degree in business administration from Duke University's Fuqua School of Business, he joined GE Equity, becoming senior vice president. He is currently a partner at Jupiter Capital and a venture partner at Alerion Partners, a private equity fund located in Connecticut.

A spirited UVM basketball fan, Mr. Cioffi was the first member of the Victory Club, the dedicated circle of UVM Athletics benefactors. His focus on strengthening UVM

Athletics includes contributing to equipment purchases for the Athletic Performance Center and projects to support and enhance both the men's and women's basketball programs. He has also hosted numerous event receptions for alumni and UVM teams at away games. In 2014, he was inducted into the UVM Athletics Hall of Fame in honor of his steadfast support and service to UVM.

In 2015, Rob and Meghan Cioffi made a signature gift to men's basketball, establishing the Meghan and Robert Cioffi Endowed Men's Basketball Head Coach position, the first of its kind both at UVM and in the America East Conference. Funds from the endowment are allocated to highest priority needs in the men's basketball program, including student-athlete development, facilities enhancements, and academic excellence. UVM Athletics' dedication to academics is displayed through the Catamounts winning the Academic Cup twice as many times as any of our competitors in the America East conference. Rob and Meghan Cioffi want student-athletes to excel both on the field and in academics; this endowment supports the athletics program in pursuing these dual paths to success.

Mr. Cioffi's community engagement is wide reaching beyond Vermont. He currently sits on the boards of the New Canaan YMCA and St. Luke's School in New Canaan, Connecticut. In addition, he has previously served on the boards of the National Ability Center in Park City, Utah, the Norwalk Hospital Foundation and the National Down Syndrome Society, among others.

The University of Vermont strives to inspire students to become engaged leaders and citizens. Through his dedication to the UVM community, focus on student access, and spirit for scholar-athlete success, Rob Cioffi embodies the values of leadership and involvement that make communities thrive.

RICK DALTON

Doctor of Humane Letters, honoris causa

Though he didn't know it at the time, Rick Dalton was seven years old when he experienced what would become the inspiration for his life's work.

As Hurricane Diane made landfall in North Carolina in August 1955 and swept up the coast, it left in its wake the costliest devastation of any tropical storm up to that time. Many of Mr. Dalton's neighbors in his hometown of Westfield, Massachusetts, were flooded out of their homes. Much like the stark view of socioeconomic divisions in New Orleans laid bare by Hurricane Katrina, that catastrophic event in Mr. Dalton's community revealed deep inequities between the "haves" and the "have nots."

Seeing the devastation experienced by many of his classmates and their families impacted Mr. Dalton in a way that he could not name then. But it is the spark that he readily speaks to now that inspired him to build a career

creating pathways to a promising future for students for whom opportunity may be in short supply.

A young person from a family whose income is in the bottom 20 percent nationally is eight times less likely to attain a four-year degree than a peer from a family in the top income level. That disparity urged Mr. Dalton to take action.

Mr. Dalton is founder and chief executive of CFES Brilliant Pathways—formerly College for Every Student—a national leader in helping underserved students become college- and career-ready. Since its start in 1991, CFES Brilliant Pathways has helped over 100,000 rural and urban students in 45 states and Ireland prepare for a successful and engaged life after high school. But that work doesn't begin in 11th or 12th grade. Every year CFES educators, mentors, and corporate partners—Colgate Palmolive, Bain & Company, Transperfect, and many others—work with 20,000 K–12 students in 200 schools to help students cultivate their visions for what they can do in the world and their capacities for realizing those aspirations. Essential skills such as goal setting, teamwork, and adapting to change give CFES Scholars critical keys to thriving in elementary and high school, as college students, in their career, and throughout their lives.

Mr. Dalton began researching barriers to college readiness as a doctoral student at Harvard University. After attaining his Ed.D., in 1986 he joined the team at Middlebury College, heading up the college's efforts to increase enrollment of students of color. Continuing his research with colleagues from UVM and Rensselaer Polytechnic Institute, he studied ways to overcome college-access barriers in disadvantaged communities. The results from that initiative were field tested in 10 schools in the southeastern U.S., with the number of college-bound students increasing by 50 percent in just three years.

That dramatically successful model served as the foundation for the non-profit that has become Mr. Dalton's life's work. In 1991 College for Every Student began operations, working with a group of rural schools in central New York. Since then, CFES Brilliant Pathways has worked in 1500 schools across the U.S., in both urban and rural communities, introducing students to college and career possibilities, providing professional development to educators, and helping students and families demystify the path to college and access the financial aid available. Of the 20,000 students served each year, 99 percent of CFES Scholars graduate from high school and 95 percent choose to attend college.

More than 200 graduates from high schools in the Bronx, New York's most multiethnic and least affluent borough, are UVM Catamounts now thanks to a partnership forged by Mr. Dalton in 2000. Connecting key UVM leaders with Bronx high school principal Jerry Garfin, the program with UVM initiated by CFES Brilliant Pathways is considered one of the most significant school-college partnerships ever launched in higher education. Highly qualified prospective students begin visiting campus in their first year of high school, returning each year to meet with admissions counselors

and to learn firsthand about educational, leadership, and co-curricular opportunities at UVM. Admitted students benefit from scholarships aimed at making the university more diverse; and the increased cross-culturalism deeply enhances the UVM community. Mr. Dalton takes a personal interest in the UVM community, as well, as the father of women's lacrosse team head coach, Sarah Dalton Graddock.

This partnership with UVM is emblematic of the success that Mr. Dalton has achieved over the past three decades. In Vermont, CFES Brilliant Pathways has worked with over 30 schools, helping hundreds of students gain admission to and succeed at UVM, greatly contributing to the economic and social wellbeing of Vermont. A significant \$11.6 million grant in 2018 from the U.S. Department of Education supports CFES Brilliant Pathways in targeting 2000 students in seven Adirondack-area schools that draw from low-income, rural communities. Executing a "full-court press" to get these students into college, CFES Brilliant Pathways is playing a key role in readying an educated regional workforce in the North Country.

Mr. Dalton's goal is to help another 100,000 students become college and career ready over the next five years, and a growing body of CFES Brilliant Pathways alumni are now serving as mentors to the next generation of CFES Scholars in a cycle of support that keeps growing stronger. In April 2021, Mr. Dalton's book: *Rural America's Pathways to College and Career: Steps for Student Success and School Improvement* was published by Routledge. That book, along with 2016's *College for Every Student: A Practitioner's Guide to Building College & Career Readiness*, are both helping to carry the impact of his important work to a widening audience.

Through his dedicated work in developing academic and job opportunity readiness for promising students, Rick Dalton exemplifies the common good that can be achieved by working in partnership to advance college and career possibilities for young people in communities of all demographics.

STEVEN GROSSMAN

Doctor of Humane Letters, honoris causa

Over the past ten years, Steven Grossman, UVM Class of 1961, has been the philanthropic force behind the University of Vermont's Grossman School of Business and its dramatic rise to national and international prominence. As a result of Mr. Grossman's generous support, the Grossman School is now ranked among the top nine business schools internationally—and one of the top three in the U.S.—for social impact.

During UVM's last comprehensive campaign ending in 2019, the Grossman Family Foundation made a historic \$25 million gift to the University of Vermont that transformed business education at the University and sparked \$18.8 million from other donors through a challenge initiative for

a total of \$43.8 million in support of the School of Business. The Grossman Family Foundation's philanthropic support enabled the School of Business to expand its faculty, revise and strengthen the undergraduate curriculum, and launch a new MBA program, the Sustainable Innovation MBA or SI-MBA. Propelled by this support, the SI-MBA now sits near the top of national and international rankings. In acknowledgement of this gift, in 2015 the University named the School of Business the Grossman School of Business. The Grossman School became the second named academic unit at the University of Vermont.

In 2021, Mr. Grossman made another substantial gift through his personal philanthropy to ensure that the Grossman School will continue to build upon its pre-eminent position as a top-ranked MBA program in sustainable business. As a result of this second gift, the Grossman School will continue to expand its faculty and undergraduate programs, particularly in the areas of entrepreneurship and family business, and enhance its academic achievements, ensuring the School's ranking as a top-tier business school both nationally and internationally.

Steven Grossman earned a bachelor of science in manufacturing and management engineering from UVM in 1961. Following his service in the Air Force, he began working at Southern Container Corporation, a manufacturer of corrugated packaging started by his grandfather in 1904. During Mr. Grossman's 46-year tenure, Southern Container Corporation grew to be one of the largest independent U.S. manufacturers of corrugated packaging, graphics packaging, and containerboard.

Mr. Grossman and his family built their business in part by creating an employee-centered environment, and their employees reciprocated with loyalty to the firm. True to the ethos of his business leadership, Mr. Grossman's career as a philanthropist began at Southern Container when he started to support his employees and their children with college scholarships.

During the 1980s, Mr. Grossman became actively engaged with UVM when he joined the newly formed School of Business board of advisors. During that period, he made his first major gift to the University in support of a new facility for the School which became Kalkin Hall. In 2011, Mr. Grossman stepped forward again, becoming an advisor to the newly hired School of Business Dean, Dr. Sanjay Sharma. Over the next ten years, Mr. Grossman and Dean Sharma developed a strong partnership as they worked together to raise the School of Business to national and international stature. The Grossman School is now home to five Grossman Chairs – in finance, sustainable business, family business, and two in entrepreneurship – and a sixth chair, the Schlesinger-Grossman Chair of Family Business. In the coming year, the Grossman School will hire world-class scholars who will hold the Grossman Chair of Family Business and a second Grossman Chair of Entrepreneurship.

Through his philanthropic leadership and wise programmatic counsel, Steven Grossman has made significant contributions to UVM's standing as a public land grant university. As a result of his philanthropy, the Grossman School of Business has become a leader in business education ideally positioned to meet the opportunities and challenges of the 21st century. Mr. Grossman will be awarded a Doctor of Humane Letters, *honoris causa*.

Advisor: Robert Gramling, MD

Maya R. Lipstein, Thesis: *Extended Evolutionary Synthesis: An Analysis of the UN Human Rights Council Universal Periodic Review Mechanism*

Advisor: Edward McMahon, EdD

***Kira R. Mincar**, Thesis: *Investigating Predictors of Hanger in Romantic Partner Pairs*

Advisor: Lizzy Pope, PhD

***Hannah Mosier**, Thesis: *Dairy-Derived Fatty Acid Incorporation into HepG2 Cellular Lipids*

Advisor: Jana Kraft, PhD

***Emilia S. Norberg**, Thesis: *The Effect of Tryptophan-Synthesizing Bacteria on Gut Motility in Mice*

Advisor: Gary Mawe, PhD

***Gabrielle E. Ochs**, Thesis: *The effects of dietary peuNDF-240 and rumen fermentable starch on the milk proteome of dairy cows*

Advisor: Sabrina Greenwood, PhD

***Aislinn J. O'Keefe**, Thesis: *Biosecurity Risk Messaging Interpretation with Spanish and English Speakers*

Advisor: Scott Merrill, PhD

Margaret R. O'Neill, Thesis: *Development and optimization of tryptophan sensors for use in vitro and in vivo measurements of ambient tryptophan levels*

Advisor: Yangguang Ou, PhD

***Hannah R. Pcolar**, Thesis: *Alteration of O-GlcNAcylation and its Effect on Estradiol Production by Bovine Granulosa Cells*

Advisor: David Townson, PhD

Samantha M. Scheel, Thesis: *Low Prevalence of Penicillin Resistance in Staphylococcus chromogenes on Vermont Organic Dairy Farms*

Advisor: John Barlow, PhD

Samantha L. Staples, Thesis: *Circular mRNA vaccine for SARS2*

Advisors: Dev Majumdar, PhD; Janet Murray, PhD

***Amy S. Ziobron**, Thesis: *RNA-seq Analysis of the Asiatic Vigna to Examine Differential Gene Expression During Germination and Early Plant Development*

Advisor: Eric Bishop von Wettberg, PhD

* Student is also graduating with College Honors: Distinguished Undergraduate Research

COLLEGE OF AGRICULTURE AND LIFE SCIENCES HONORS: DISTINGUISHED UNDERGRADUATE RESEARCH

Sydney Caldwell, Microbiology and Molecular Genetics Department,
Thesis: *Characterization of lncRNA U90926 and its protein coding potential*

Mentor: Dmitry Kremetsov, PhD

Noelle Cataldo, Microbiology and Molecular Genetics Department,
Thesis: *Changes in Cerebrovascular Architecture in Response to Hypertension and Chronic Neuroendocrine Stress*

Mentor: Rebecca Guy, PhD

Elise Courtney, Microbiology and Molecular Genetics Department,
Thesis: *Investigating HIV-1 Vpu-Mediated Downregulation of EWI-2*

Mentor: Markus Thali, PhD

Lauren Eisel, Community Development and Applied Economics Department, Thesis: *Statistical Analysis for Quality Improvement Research of a Volunteer Doula Program at the UVMMC*

Mentor: Sarah Heiss, PhD

COLLEGE OF EDUCATION AND SOCIAL SERVICES AWARDS TO GRADUATES

JANET BOSSANGE LEADERSHIP AWARD recognizes a CESS graduating student(s) who exemplify what it means to be a dedicated servant leader. Named after a beloved CESS leader, Dr. Janet Bossange, who spent her entire career focusing on the power of the individual in a democratic society, the legacy of John Dewey, and who was a quiet force of scholarship, service, diligence, and kindness.

Recipient(s) Announced at the CESS Commencement Ceremony

COLLEGE OF EDUCATION AND SOCIAL SERVICES AWARD FOR ACADEMIC AND SOCIAL JUSTICE DISTINCTION honors undergraduate students who strive for academic excellence, maintain a high-grade point average, and have advanced social justice and inclusive excellence.

McChelle Rucker
Morgan Alise Clark-Williamson
Hannah May Wong

INAUGURAL FIRST NATIONS' SCHOLARS support and recognition of UVM students who demonstrate interest in issues impacting communities of Indigenous peoples.

Sage N'be Francis White Cloud
Tiffany Ann Tuttle

INAUGURAL SCHOLARS OF DISTINCTION recognizing undergraduate students who conduct and defend a research project of distinction.

Alden Reginald Bishop Ducharme, Research Focus: *Analyzing how pre-service mathematics teachers facilitate mathematics discussions*

DEPARTMENT OF EDUCATION

THE INDIVIDUALLY DESIGNED MAJOR DISTINCTION AWARD for accomplishing a unique, interdisciplinary, and social impact focused academic path.

Marissa Lauren Hehir

CONSTRUCTIVIST EDUCATOR AWARD given to the undergraduate student who consistently fosters a brave and progressive approach to early education that upholds the values of social constructivism. This student endeavors to make teaching an inspired opportunity for children to make meaning and be an agent of their own experience. This student ensures that teaching and learning are socially relevant, passion-based, active and innovative.

William Francis Skrelja

COLLABORATION AND PROFESSIONALISM AWARD given to the undergraduate students who demonstrate outstanding teaming skills and professionalism in the classroom. Their interactions with children, family members, and colleagues are characterized by shared leadership, mutual respect, responsiveness, and a great spirit of collaboration. These students personify the value in early education that "none of us is smarter than all of us." (Anonymous)

Amanda Kate Bloom
Amy Hoang Oanh Nguyen

ENGAGED SCHOLARSHIP AWARD given to the undergraduate student who promotes an intentional learning environment through observation, inquiry, ongoing assessment and responsive curriculum. They passionately demonstrate a commitment to evidence-based practice, while fostering the engagement and competence of children, families, and communities.

Sandra Jewelle King

ELEMENTARY EDUCATION DIVERSITY AWARD given to two students whose outstanding work especially exemplifies the program theme: Teaching All Children Strategically in Diverse Communities. These students have an awareness of the unique contributions of each child in the classroom, and a commitment to diversity, equity, and inclusion.

Breeze de Jong
Louie Lobin-Schwartz

JOHN DEWEY IN ELEMENTARY EDUCATION AWARD given to two students whose academic performance and public school practice exemplifies the philosophy of Vermont's well-known philosopher and educator, John Dewey. They clearly demonstrate the belief that children are active participants in, rather than passive receivers of education.

Sarah Elisabeth Ladd
Madeleine Bradley Heavey

LEADERSHIP FOR SOCIAL CHANGE AWARD given to students in the Elementary Education Program at the University of Vermont who exemplify a spirit of social justice. These students exhibit the qualities necessary to create change for children and families toward a more just and equitable future. Students who receive this award are celebrated as they have gone above and beyond serving in schools and/or the larger community as champions for social justice, and have the potential for true, transformative leadership.

Samantha J. Marcotte
Rachel Eve Wolson

ELEMENTARY EDUCATION AWARD given to two students who have consistently demonstrated high academic achievement and outstanding performance in the classroom regarding management, planning, and professionalism.

Emma Caroline Arguin
Kayla Brianne Goldenberg

REFLECTIVE PRACTITIONER AWARD given to students who have embraced a growth mindset with reflective practice and feedback to grow and develop their teaching skills. These students have demonstrated the ability to consistently refine and strengthen their pedagogy during their professional coursework.

Madeleine E. Kim
Isabella Steinberg Curtis

TEACHING FOR SOCIAL CHANGE AWARD given on an annual basis to the individual who demonstrates a commitment to teaching for social change by emphasizing social justice and/or sustainability in their teaching. Samuel Comai

JANET BOSSANGE AWARD FOR ADVOCACY AND ENGAGEMENT IN SECONDARY EDUCATION given to a graduating senior (within Secondary Education) who has demonstrated an understanding of the power of engagement and advocacy in meeting the needs of all learners. This award is given in honor of a colleague who demonstrated through her teaching and field practice a commitment to the ideals of John Dewey. Dr. Janet Bossange spent her entire career focusing on the power of the individual in a democratic society. Janet believed that only through advocacy and engagement could teacher education candidates truly make a difference in the lives of all learners.

Jake D. Hession

THE J.T. CALIBER AWARD established in the spring of 2014 to recognize students who embody the values of the Secondary Education program. Students who demonstrate perseverance, a commitment to improving professional practice, a student-centered and creative approach to teaching, and a sense of humor are eligible recipients for this award.

Benjamin Colin Pagliaro

OUTSTANDING ART EDUCATION STUDENT AWARD given to the student who embodies the highest academic and field work achievement. This student demonstrates a commitment to providing and advocating for equitable, diverse, and inclusive visual art experiences that enriches the lives of individual students, schools, and community. Academic achievement throughout their college years is highly considered, but student work in the field and their general contribution to the spirit of the Art Education Program is also considered.

Grace Elizabeth Monti

MASTER OF SCIENCE

ANIMAL BIOSCIENCES

Heather Sandra Schuettner, North Andover, MA
BS, The University of Vermont 2018
Thesis: *Microevolution in Staphylococcus aureus: Does Exposure to Sub-Lethal Levels of Cinnamon Bark Oil Lead to Changes in Antimicrobial Susceptibility?*
Advisor: Dr. John Barlow

ANIMAL SCIENCE

Lauren Michelle Baker, Aubrey, TX
BS, Tarleton State University 2018
Thesis: *The Effects of Dietary Yeast Extracts on Rumen Microbiota and Fermentation in a Dual-Flow Continuous Culture Fermentation System*
Advisors: Dr. Sabrina L. Greenwood, Dr. Jana Kraft

BIOLOGY

Emma Gagne, Pembroke, NH
BS, The University of Vermont 2021
Thesis: *Communicating During Widespread Systematic Noise Reduction amid COVID-19 Lockdowns: A Tale of Two Marine Vertebrates in the Archipelago of Bocas del Toro, Panama*
Advisor: Dr. Laura J. May-Collado

Alyssa P. Neuhaus, Nazareth, PA
BS, The University of Vermont 2020
Thesis: *Diversity and Distribution of the Malaria Parasites (Genus Plasmodium) of the Common Loon (Gavia immer) and of Vermont Mosquitoes*
Advisor: Dr. Joseph Schall

Manali J. Rege-Colt, Amherst, MA
BA, The University of Vermont 2021
Thesis: *Whistle Repertoire and Structure Reflect Ecotype Distinction of Pantropical Spotted Dolphins in the Eastern Tropical Pacific*
Advisor: Dr. Laura J. May-Collado

CHEMISTRY

Daniel Joseph Haupt, Boxborough, MA
BS, The University of Vermont 2016
Thesis: *LCMS-Based Analysis Explains the Basis of Oxidative Resistance in Selenium-Containing Thioredoxin Reductase*
Advisor: Dr. Robert J. Hondal

CIVIL AND ENVIRONMENTAL ENGINEERING

Jack Anthony Cassara, Ardsley, NY
BSCE, The University of Vermont 2021

Elizabeth Ruth Duffy, Jackson, NH

GRADUATE COLLEGE AWARDS TO GRADUATES

GRADUATE TEACHING ASSISTANT OF THE YEAR

AWARDS recognize the accomplishments of GTAs who have demonstrated unusual excellence and creativity in their teaching and commitment to student learning. Two awards are given each year, one for a GTA who has served as the primary instructor in a lecture-based course, and one for a GTA who has served as a laboratory or field instructor. Outstanding GTAs are nominated by their departments and programs.

Lecture Instruction: **Colin Giles**, Mathematical Sciences

Laboratory or Field Instruction: **Lily Shapiro**, Biology

THESIS AND DISSERTATION AWARDS are presented to students whose work shows exceptional quality and will impact scholarship in their field of study:

OUTSTANDING MASTER'S THESIS AWARD

Benjamin Liebman, M.S., *Designer Biologics Composed of Hepatocyte Growth Factor, Fibroblast Growth Factor 2 And Immunoglobulin G For Treatment of Acute Myocardial Infarction*
Advisor: Jeffrey L. Spees, Ph.D.

OUTSTANDING DOCTORAL DISSERTATION AWARD

BASIC AND APPLIED SCIENCES

Reed Gurchiek, Ph.D., *Towards Remote Gait Analysis: Combining Physics and Probabilistic Models for Estimating Human Joint Mechanics*
Advisor: Ryan S. McGinnis, Ph.D.

SOCIAL SCIENCES, HUMANITIES, AND CREATIVE ARTS

Mariana Wingood, Ph.D., *Exploring Barriers and a Potential Solution for Physical Therapists Prescribing Physical Activity to Patients 50 years and Older*
Co-mentors: Nancy Gell, Ph.D. and Denise Peters, Ph.D.

Honor Societies and Scholars Programs

PHI BETA KAPPA

Phi Beta Kappa, a national honor society dedicated to honoring high academic achievement for liberal arts students, was founded at the College of William and Mary in 1776. It is the nation's first Greek-letter society and is the oldest and most respected academic honorary society. UVM's chapter of Phi Beta Kappa, the Alpha of Vermont, was established in 1848; it is the eleventh oldest chapter on the national rolls of Phi Beta Kappa, and the first chapter to admit both African-Americans and women to its membership.

Academic Regalia

THE ACADEMIC COSTUME worn today in U.S. colleges and universities is a survivor of the Middle Ages. The University of Vermont was among the first in this country to experiment with the use of academic gowns, requiring their wearing at the graduation of 1806. The experiment was not repeated until mid-century when UVM and other colleges began wholeheartedly to use the medieval scholar's clothing for ceremonial occasions.

The code regulating academic costume is administered by an intercollegiate commission that establishes uniform standards. BACHELORS' gowns have closed fronts and long, pointed sleeves. MASTERS' gowns may be worn open or closed and have oblong sleeves open at the wrist, the lower portion hanging down with an arc near the bottom. DOCTORS' gowns may be open or closed and have velvet facings and three velvet bars on the round, open sleeves. The facings and bars may be of black or of the official colors of the wearer's department of learning.

Hoods are usually black. All are lined in silk in the academic color or colors of the institution conferring the degree, with a chevron for additional colors. A University of Vermont hood is lined with green, with a gold chevron, the official school colors. The color of the hood border indicates the degree earned.

THE BLACK MORTARBOARD is worn for all degrees. Only Doctors' caps may be made of velvet and only Doctors or Presidents of institutions may wear a gold tassel on the cap.

THE CLASS OF 1927 MEMORIAL MACE is carried by the University Marshal at formal university occasions and is displayed on the platform during these ceremonies.

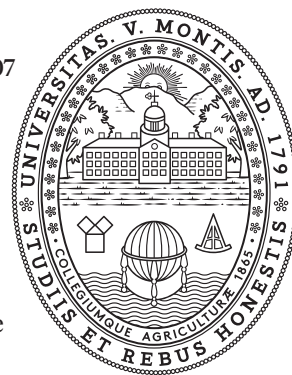

The Mace, a gift from the Class of 1927, is forty-seven inches long, cast bronze, plated in silver, with a black ebony handle. The sculpture on one of the four sides depicts the center section of Old Mill with Mt. Mansfield in the background, symbolizing the founding of the University. Other sides display three students reaching upwards to a lamp, symbolic of learning; the Ira Allen Chapel, symbolizing spiritual guidance; and a group of four persons, symbolizing friendship. It is crowned by the seal of the University.

The Mace was designed and the model sculpted by Richard Simpson, son of Carl G. and Doris Griffith Simpson, both members of the Class of 1927.

THE UNIVERSITY SEAL or Medallion was adopted in 1807 and used until 1871 when it was replaced by a round seal incorporating the name of the College of Agriculture. In 1975 the Board of Trustees voted to restore the original seal to official use, modified to incorporate the Latin name of the College of Agriculture.

The motto on the seal is from Horace, Epistles 1.2.36. Literally, it means "For virtuous studies and matters." In the allusion to Horace's poem it reflects UVM's continuing belief in the utility and practicality of all liberal studies.

UVM
ALUMNI ASSOCIATION

May 22, 2022

Dear Graduates,

It is my privilege to congratulate each member of the Class of 2022, and to welcome you into the UVM Alumni Association. You have faced unprecedented challenges on your path to graduation, but your grit and resilience have brought you to the finish line. Your accomplishment reflects the capabilities of our community. Your strength and talent will carry you into the next stage of your journey, and I can't wait to see where that will lead for each of you.

Today, you join nearly 124,000 UVM graduates who live and work in every U.S. state and over 105 countries around the world. Wherever your life and travels take you, rest assured that there will be a Catamount nearby.

The University of Vermont is a special place, and each of you have contributed to its fabric and left a personal mark. UVM alumni hope that you will join them to continue building and fostering this relationship. Please join us by:

- Proudly displaying your diploma to let the world know you are a graduate of the University of Vermont;
- Helping us enroll the next generation of Catamounts and encouraging others to find their way to this special place;
- Staying connected with each other and with UVM.

Your voice in our community is special and meaningful, and we hope that you'll engage with your university and your alumni network. The Alumni Association offers career networking, mentorship, community events, volunteer opportunities, and more. Visit alumni.uvm.edu to learn about the myriad ways you can stay connected and get involved.

Your graduation is a tremendous accomplishment, and I encourage you to find the time and space to celebrate, relax, and recharge. When you are ready to take the next steps in your future, whatever those may be, please remember that our alumni community is here for you. We join you in celebrating both this moment and the beginning of an exciting new chapter. We have full confidence that each of you, in your distinct way, will make the world a better place.

With pride & best wishes,

Afi Ahmadi '93

President, UVM Alumni Association Board of Directors

Tune: Jane Oppenlander '79, G'81 | Text: David Cox '49

From the lofty peaks of Mansfield
to the shores of Lake Champlain,
comes a mighty swelling chorus,
whose echo will remain:

Vermont! Vermont! Vermont!
Our University!
Our hearts and minds and voices
sing in love and praise to Thee!

Vermont! Vermont! Vermont!
Our University!
Our hearts and minds and voices
sing in love and praise to Thee!

Shadows falling 'cross the campus,
changing seasons' wond'rous scene,
stir our thoughts of Alma Mater,
and the colors Gold and Green:

Vermont! Vermont! Vermont!
Our University!
Our hearts and minds and voices
sing in love and praise to Thee!

Vermont! Vermont! Vermont!
Our University!
Our hearts and minds and voices
sing in love and praise to Thee!
