Follow Guidelines, including the timeline, provided by the Graduate College at the Fall Information Session. For review, see p. 4 https://www.uvm.edu/sites/default/files/Electronic_Thesis_and_Dissertation_Guidelines.pdf

Your thesis/dissertation must meet the Graduate College formatting. This means that there will be two different formats for your thesis/dissertation. One format is the Psychological Science format (APA) and one is the Graduate College format. The thesis/dissertation template for the Graduate College format is available at http://www.uvm.edu/graduate/resources (see section on "Thesis/Dissertation Forms").

Psychological Science Department Forms and Requirements

→ In addition to the Graduate College requirements, the Department of Psychological Science has the following requirements for Master’s and Dissertation defenses.

• Defenses must take place during the academic year, which spans the week before classes start in fall semester through the week after spring commencement. A request must be made to the Department Chair for a defense outside of these dates and will only be approved in exceptional circumstances and with the unanimous support of the defense committee.

• Form your master’s and dissertation committees well in advance of the defense. Your committee is meant to serve as an important resource for you as you develop your research ideas. At least 1 committee member must have a primary appointment in Psychological Science and be a member of the cluster in which you are specializing (i.e., biobehavioral, clinical, developmental, or social cluster).

• Note that the initiation of departmental processes cannot begin until your advisor has seen a complete draft of your thesis and anticipates that the thesis will be ready to submit to the committee for review at least 2 weeks before the defense date. This means that, at a minimum, a high quality and complete draft should have been reviewed and approved by your advisor at least 6 weeks before the earliest possible defense date.
Graduate students should not attempt to rush the departmental timeline for any reason (e.g., postdoctoral fellowship start date, the desire to accrue postdoctoral clinical hours toward licensure, facilitation of travel plans back to Burlington).

___6 weeks before your defense
   Schedule your date and time
   Submit Psychological Science Intent to Defend Form (see p. 3) to the Psych department (Cyn)

___2 weeks before your Defense
   Submit a defendable copy to your Defense Committee members

Before You Leave

- Provide an Electronic/Hard copy of your dissertation to the Department.
- Return Departmental Keys to Cyndi Snyder
- Send updates about your work positions to Cyn Sullivan
  - NOTE: This is important for our APA accreditation and for documenting our success in training graduate students!

Timeline for a Second Year Project Defense

Psychological Science Department Forms and Requirements

Form your Second Year Project committee well in advance of the defense. Your committee is meant to serve as an important resource for you as you develop your research ideas. At least 1 committee member must have a primary appointment in Psychological Science and be a member of the clinical cluster.

Note that the initiation of departmental processes cannot begin until your advisor has seen a complete draft of your second year project and anticipates that the document will be ready to submit to the committee for review at least 2 weeks before the defense date. This means that, at a minimum, a high quality and complete draft of your written second year project should have been reviewed and approved by your advisor at least 6 weeks before the earliest possible defense date. Graduate students should not attempt to rush the departmental timeline for any reason.

___6 weeks before your defense
   Schedule your date and time
   Submit Psychological Science Intent to Defend Form to the Psych department to Cyn Sullivan (NOTE: must be signed by the Director of Clinical Training)
