INTERNSHIP EXPERIENCE INFORMATION
Responsibilities of a practicum/internship student:
(Briefly list the responsibilities a practicum/internship student would be expected to assume in your school/agency and identify client population(s) you serve)
Interns at our program are given a small caseload (2-3 students) and are given all job responsibilities that a clinician has. These include facilitating therapy groups, one on one sessions with their clients, facilitating team meetings with members of the students sending school, parents, etc., family support, helping families access resources both within Washington county mental health and the community, collaboration with community partners, and attending team meetings.

ChOICE is an accredited alternative therapeutic/educational program. We serve students 10-22 who have emotional and behavioral challenges that impede their ability to access their education in a mainstream setting. The students that we serve often struggle with developmental trauma, mental health diagnosis, medication management challenges, educational difficulties, emotional regulation deficits, substance use issues and poverty, etc.

Please check which of the following activities the practicum/internship student would participate in:
☒ Classroom guidance ☐ Family/couples counseling ☐ Individual counseling - college age
