

Graduate Student Mentoring of Undergraduate Research Student Contract

The following indicates that the graduate student specified below agreed to mentor the undergraduate student specified below in the research lab of the faculty member specified below to partially fulfill the teaching requirement for the doctoral portfolio.

For this experience to satisfy this requirement please submit the following with your doctoral portfolio:

1. This form signed by the undergraduate, graduate student, and faculty member in which the mentoring occurred.
2. A syllabus outlining the course of study and mentorship provided to the undergraduate student by the graduate student.
3. A summary of the mentorship activities that were completed (no longer than 1-page)
4. Any academic products that resulted from the mentorship, if available. If the mentorship entailed working on an undergraduate thesis or manuscript, please submit only the cover page and the abstract from the document.
