Having appropriate clothing and equipment for your specific TREK trip is essential for your safety and your comfort. Below is a list of equipment you will need to participate in Service TREK. Service TREK will be sleeping in summer camp style lodging; our lists reflect working outdoors on service projects and returning to camp in the evenings.

When you arrive for your TREK experience, TREK leaders will check-in with you to ensure you have all the necessary items from this list prior to departure.

**A note on packing light:** Though you will be sleeping in cabins, we have a minimal amount of space in the vans for gear and equipment. The less that you have to keep track of, the easier your life will be for the week. Please **label all items with your full name.**

**CLOTHING**

A suggestion for most of the clothing listed here is that it is not made from cotton. Wool and many synthetic fibers don’t absorb a lot of water, dry quickly, and maintain their ‘loft’ when they get wet.

Be sure to keep in mind that it can get chilly at night, and warm layers are important.

- 2 - 4 pairs underwear
- 2 - 4 pairs wool / synthetic fiber socks (no cotton)
- 1 pair warm pajamas
- 1 set of non-cotton long underwear tops / bottoms (no cotton) – think Under Armor or similar
- 2 quick dry t-shirts (no cotton)
- 2 cotton t-shirt (optional)
- 2 pairs of quick dry/athletic bottoms (no cotton) – these should be comfortable and not restrictive to work in all day long.
1 pair hiking pants/long pants (optional) – a great option for bug protection around camp as well as for folks working on trails or in fields

1 sweatshirt

1 windbreaker jacket (optional)

1 waterproof rain jacket – The best test for waterproofing is to hold the material up to your mouth and try to suck air through it. If you can’t get any air through, it’s for certain waterproof…though some fancier jackets are both breathable and waterproof.

1 pair waterproof rain pants

Fleece/or lightweight synthetic down jacket – If a light down jacket, consider synthetic down because we live in a wet part of the world and once goose down gets wet it doesn’t keep you warm.

1 Light warm hat - wool or synthetic fiber

Bathing Suit

Water shoes – we require that folks wear shoes when swimming. Any water sandal or shoe that has a back strap or goes around your heel will do the trick.

1 pair close-toed camp shoes/closed toe sandals – Chucks, Crocs, etc., if you want to change your shoes at the end of the day

For Better Burlington and Building Change: 1 pair light hikers or sneakers - No sandals, sport sandals, or Crocs.

For Trail Restoration and Farm & Food: 1 pair hiking boots (well broken in) – Boots should: be above the ankle for support; Goretex or other waterproofing; be sure to wear your boots over the summer if you’re getting them new this year.

PERSONAL ITEMS

- Sun hat or bandanna
- Sunscreen
- Insect repellent
- 1 pair sunglasses and protective case
- 1 bath towel
• 1 camp towel
• Personal medication(s)
• Toiletries - Toothbrush/paste, deodorant, hairbrush, hair elastics, lip balm, shampoo/soap, contacts and contact solution, menstrual products
• Shower bucket/bag to carry toiletries (optional)

OTHER EQUIPMENT
• 1 large duffel bag – no hard sided suitcases or suitcases with wheels
• 1 day backpack (20-30 liters)
• 1 pillow with case
• 1 sleeping bag (30-20-degree rating)
• 1 sleeping pad (optional)
• 2 One-Liter plastic or metal water bottles
• 1 headlamp with extra batteries
• 1 pair work gloves

OPTIONAL ITEMS
• Camera
• Personal journal and pen
• Musical instrument that easily travel (no full-size guitars)
• Nighttime reading book

PLEASE LEAVE THE FOLLOWING ITEMS AT HOME
• Firearms, knives, or weapons of any kind – including pocket knives and Leatherman tools
• Matches, candles, incense
• Portable electronics – including tablets, e-readers, etc.
• Cell phones - Because TREK is designed to foster relationships with your new classmates, cell phones are generally not permitted on trips. Leaders will have access to appropriate communication technology should an emergency arise.
