

FY 2023 INCOME EXPENSE GUIDELINES (as of March 1, 2022)

SALARIES

Guidelines will be placed here when available: <https://www.uvm.edu/finance/salary-guidelines-budget-building>

Note: Salary expense for represented employees *without* current bargaining agreements can apply a 2% increase for the purposes of rate calculation and budget development. The FY24 rate calculation will incorporate any increases that result from ratified collective bargaining agreements that occur after the FY23 IE rate submission.

WAGES

The State of Vermont minimum wage is \$12.55 per hour (2022) Minimum (2023) \$TBD

BENEFITS

UVM Regular Rate	E5991	47.0%
UVM Medical Group	E5996	18.4%

Mileage reimbursement (2022 rate) 0.625

COMMON REVENUE AND EXPENSE ACCOUNTS

E4649 Prior Year Carry Forward – <i>Use of net assets</i>	E8090 Central IE Reimbursement – <i>Indirect from SCs</i>
E4870 Subsidy – <i>Contribution from non-IE source</i>	E8095 RC Indirect Reimbursement – <i>Indirect from RCs</i>
E4890 Central IE Support FAB Only	E8100 Equipment Transfer – <i>Use for equip depreciation</i>
E4895 RC Indirect Recovery – <i>budget in F100 only</i>	E8649 Addition to Fund Balance – <i>Contribution to net assets</i>

Transaction Type	Budget Area	Budgetary Account	Fund
Responsibility Center Indirect	Unit IE Activity	E8095	F150
	Dean’s Office	E4895	F100
Support Center Indirect	Unit IE Activity	E8090	F150
	General University	E4899	F100
Responsibility Center Subsidy	Unit IE Activity	E4870	F150
	Dean’s Office	E8099	F100
General University Subsidy	Unit IE Activity	E4890	F150
	General University	E4890	F100
Equipment Depreciation	Unit IE Reserve	E4900	F150
	Unit IE Activity	E8100	F150

DUE DATES

April 12: Rate calculations and equipment depreciation schedule: submitted via excel workbooks (demonstrating the use of formulas in the spreadsheet) thereby allowing approval prior to submitting the budget through Axiom.
Note: non-grant activities with operations less than \$100k do not need to submit rate calculations.

May 24: Certification: Submit template signed by business manager saying rates and MOU’s have been reviewed. If a new MOUs is required please submit.

May 24: Line Item Budget & Salary Increases, Distributions: **submitted by 3:00pm in Axiom.**

BUDGET BUILDING GUIDELINES FOR INCOME/EXPENSE ACTIVITIES

Rate Calculations

Only those income/expense activities *that charge grants or have annual budgets greater than \$100k* must submit a rate calculation electronically (Excel with formulas included) to FAB no later than **Tuesday, April 12th**.

Activity managers are encouraged to submit rate calculations as soon as complete. This will allow time for review, addressing issues, and approval prior to submitting the activity's FY 2023 budget through Axiom.

Certification

All finance managers with Income/Expense activities must sign and return the *Certification* attesting to accuracy of the existing MOU and rate calculation.

Line Item Budgeting

Each income/expense activity must budget projected annual revenue equal to projected annual expenses in Axiom. Budget in whole dollars only--**no cents**.

Revenue Function Codes

Auxiliaries (103) Used when recording revenues generated in connection with the University's auxiliary enterprises, including Res Life, etc.

Sales & Services of Educational Activities (107) Used for revenue associated with Sales and Service of educational activities. Examples include revenue generated through sponsorship of conferences, sales of Conference & Event services, etc.

Other Revenue (109) Used when recording all operating revenue not identified as tuition and fees, auxiliary, government grants and contracts, athletics fees, or sales and service.

Revenue Account Codes

General University I/E Support (E4890) – A portion of the revenue generated may be budgeted as a subsidy *from a specific General University budget*, not by the Dept/Dean/VP level. If you have been notified that a portion of your activity revenue will be subsidized in this fashion, the agreed upon amount is to be budgeted in this account.

Unit/Department Support (E4870) – A portion of the revenue generated may be budgeted as a subsidy *from a specific unit*.

Use of Prior Year Fund Balance (E4649) – If a positive fund balance from the prior year(s) exists, one may budget a portion of the balance as a source of revenue thus reducing the amount charged to users or subsidy required.

Expense Account Codes

Salaries and Wages (Multiple) - Budget and charge to the appropriate E-level.

Benefits on Salaries/Wages (Multiple) - UVM Regular (E5991); UVM Medical (E5996); UVM Civil Service (E5992); Grad Students (E5998); Taxable Students (E5995); Temp (E5994); Post Doc Associates (E5993), Post Doc Fellows (E5997)

Operating (Multiple) - Budget and charge to the appropriate E-level.

Equipment Cost Transfer (E8100) – Budget using this e-level for transfers to an equipment reserve. An equipment schedule must be included with the budget materials submitted with the rate calculation. Transfers are processed using the 81900.

Support Center Indirect (E8090) –*For non-Responsibility Centers*. Budget the indirect (4%, 20%, space) using this e-level.

Responsibility Center Indirect (E8095) – *For Responsibility Centers*. Budget the indirect (4%, 20%, space) using this e-level. External activities within RC's may elect to charge an indirect greater than the 20% minimum at this e-level.

Addition to Fund Balance (E8649) – To add to your net asset, utilize this E-level. Adding to a net asset should be done if the net asset is currently negative or if the reserve needs to be built up to 60 days.

Expense Source Values

Equipment (139xx or 149xxx) - Equipment purchases are made using the activity's reserve chartstring using a source value of **139xxx or 149xxx**. **The last three digits are the same as the activity's operation source value**. Note this source value indicates reserve. The purchase will occur to this source value and the cost will be amortized over the useful life of the equipment. Equipment cost is recognized each year as an expense in the rate calculation equal to a portion of the useful life and acts as a payback against the negative fund balance in the chartstring.
